DEDICATION

SUSAN (SUE) KENDALL WISEHART

Susan K. (Sue) Wisehart, 68, of Waterville, died Saturday, September 22nd, unexpectedly of natural causes while vacationing in France, with her loving husband, Howard Duchacek, and dear friends by her side.

She will be remembered for her selfless generosity, ability to know just what to do to comfort others, and spirited laugh that would fill the room.

Sue was born in Evanston, Illinois, and spent most of her youth in Montrose, New York. After high school, she pursued her Bachelors of Science in Nursing at the University of Vermont, where she made countless lifelong friends, and met her future husband, Howard. Sue and Howard were married in 1975, and spent much of their 20s living in Seattle and enjoying the region's hiking and camping. Sue began her nursing career working nights in a children's hospital, providing loving care, always grounded in empathy, which would become the cornerstone of her profession throughout her life.

In 1981, Sue and Howard moved to Waterville, Vermont, where they have spent the last 36 years. Sue didn't waste any time looking for opportunities to give back to the Lamoille County community. She volunteered countless hours with the public school system and caring for the Waterville town gardens. Sue also served on the Board of Directors for both the Waterville Historical Society and the Lamoille Restorative Center.

Before retiring in 2016, Sue worked as an RN at Lamoille Home Health and Hospice for 25 years.

In her free time, Sue loved gardening, relaxing at the beach, laughing - especially at herself - and when her children were young, cheering too loudly at their sporting events.

Three years ago, Secretary of State Jim Condos announced the launch of VT's new Elections Management Platform. This streamlined the elections administration process, providing voters with greater access to voter specific information. Over 25,000 Vermonters registered to vote online last year. For the November General Election, nearly 6,500 Vermonters requested an absentee ballot through the My Voter Page.

By using the My Voter Page, a registered voter can:

- Check registration status;
- View information on upcoming elections;
- Access voter specific elections information, including directions to a polling place and polling hours;
- View a sample ballot;
- Request and track an absentee ballot;
- and much more.

We encourage voters to log into their My Voter Page to learn more.

Waterville Town Library Report 2018

The library was open from May 31, 2018 to October 12, 2018 a total of 68 days. There were 143 visitors, 95 checkouts, 11 new patrons, and 10 park or museum library pass checkouts. Events this year were the 2nd annual WESPO Sledding party on February 10, 2018 with fifty people attending; and the 1st annual Teddy Bear Picnic on August 12, 2018 with music by Emily Lapan, stories and a teddy bear project by Linda Wilson-Miller, with children supervised by Sue Davis. Seventeen people attended. Other highlights of the summer were the Cookbook Contest and the Summer Reading program with Field Days prizes. A new book return has been installed by the Town between the front doors of the library. Two hundred and fifty items have been added to the collection including large print books and DVD's. New chairs and a table were donated by Linda Wilson-Miller. A WiFi extender was purchased and installed.

Volunteers this year were the Library Board: Linda Wilson-Miller, April Vanderveer, Drew Bressel, Sue Davis, Chrissy Wade, and Alice Godin. Many thanks also to family members Joel Miller, Josie Johnson, Josje Bonnet, Jason, Jed, and Odeliah Wade, Kathy Marcheterre, and Avery Godin: who volunteered, helped out with projects, accompanied board members and provided valued skill, muscle and encouragement. Thank you also to Sabrina Gamble for her volunteer work and artistic talent as a mini-librarian this year. The library is run solely by volunteers.

Our collection has grown to 5,731 books and 30 DVDs. We continue the process of weeding outdated materials and duplicates and adding newer up to date materials. Purchasing new books is an important part of keeping the library current and interesting. The library board welcomes new volunteers, new ideas and suggestions. Even if you only have a couple hours a month, we would appreciate your help.

Waterville Planning Board

On May 8, 2003 the Waterville Select Board appointed eight members to reconstitute the Waterville Planning Board. The Select Board charged the Planning Board with the responsibility of preparing a Town Plan for Waterville as a revision and update of the Town Plan originally written in 1989. Waterville benefits by having a Town Plan in order to establish a vision for our community and to be eligible for other federal and state grants.

We have worked closely with the Lamoille County Planning Commission, the VT Division of Historic Preservation and the Department of Public Service in the development of projects.

2003 - We reconstituted the Waterville Planning Board and adopted a new Waterville Town Plan on September 23, 2003.

2004 - We were awarded \$1,500 in funding through the Vermont Municipal Planning Grant Program efforts to inventory and document the integrity of our public historic structures.

2005 - We were awarded \$1,000 from Downs, Rachlin and Martin to create a Historical Photographic Record of the Waterville Town Hall and Village Center.

- We were awarded \$4,000 in funding through the Vermont Municipal Planning Grant Program to obtain Village Center Designation (approved January 2006) and Certified Local Government certification (approved April 2006).

2006 - We were awarded \$3,200 in funding from the Municipal Planning Grant Program and \$4,800.00 in matching funds from VT Historic Preservation to work with the Preservation Board to prepare a National Register Nomination application for the Waterville Historic District. In September 2007 the application was approved by the National Park Service.

2007 - We were awarded a \$5,800 grant from the Municipal Planning Grant program and worked with the Lamoille County Planning Commission to update the Waterville Town Plan.

2008 to 2009 - We were awarded \$4,995 from the Department of Public Service, Clean Energy Development Fund, to support a small scale hydro assessment project. The goal is to generate electricity from the Kelly River (North Branch of the Lamoille) to meet local needs either by lower energy costs through renewable energy or sold to generate income to help offset property taxes. Phase I was completed in October 2009 and we began pursuing funding opportunities for Phase II including: permitting and legal issues, engineering and construction design, construction & turbine costs, and financial feasibility.

2009 - We presented a proposal to the Select Board for *REGULATING THE BURNING AND DISPOSAL OF SOLID WASTES*. It was adopted and went into effect on September 25, 2009.

- We worked with the Select Board and wrote a proposal to the Department of Public Service for an Energy Efficiency and Conservation Block Grant for energy efficiency renovations to the Town Hall and Town Clerk's Office. We based our proposal on a report provided by Energy Smart of Vermont who conducted an energy audit of the buildings in October 2009 and estimated that if we implement their energy efficiency recommendations we could save as much as \$4,500.00 in fuel costs per year.

2010 - The Town of Waterville was awarded \$40,993.00 from the Department of Public Service for the Energy Efficiency and Conservation Block Grant for energy efficiency renovations to the Town Hall and Town Clerk's Office which were completed in 2011.

- The Lamoille County Planning Commission held a public hearing on 9/28/10 and confirmed the municipal planning process for the Town of Waterville.
- We applied and received renewal of Village Center Designation.
- We were awarded \$9,333.00 from the Municipal Planning Grant Program to conduct Phase II of our hydro assessment project to generate electricity from the Kelly River.

2011 - We were awarded \$3,390.00 from the Clean Energy Development Fund by the Lamoille County Planning Commission to study the feasibility of installing an Archimedes Screw turbine for comparison purposes to a more traditional Kaplan-type turbine.

2012 - We received approval from the Federal Energy Regulatory Commission to use the Traditional Licensing Process for our Hydro project and to the VT Agency of Natural Resources for a 401 Water Quality Certification. Applications remain pending at 12/31/12.

- In September, we applied for a Municipal Planning Grant to revise the Waterville Town Plan. Our application was not accepted for funding and the Lamoille County Planning Commission agreed to assist us, at no cost, with revisions to the Town Plan in 2013.

2013 - We worked throughout the year with the Lamoille County Planning Commission to update the Town Plan for presentation, public comment and approval in 2014.

2014 - We completed our work to update the Waterville Town Plan and the Lamoille County Planning Commission held a Public Hearing and approved the plan on September 23, 2014.

- We held several meetings with public and private project developers to find partners for the technical and financial aspects of the Waterville Hydro project. An engineering study would be needed and cost is estimated at \$20,000. It is difficult to justify this expense without ownership of the property.

2015 - This year brought to conclusion our efforts to develop hydroelectric power generation in Waterville because the Laraway Mill site is not available for sale.

- We applied for and received preliminary approval for renewal of our Village Center Designation through the Vermont Downtown Program, Department of Housing and Community Development.
- We thank Paul Rogers for his service as he stepped down effective 12/31/15.

2016 – We welcomed the following new members to the Board following Town Meeting: Heather Mateja, Carlos Martin and Damian Turner and we thank Howard Duchacek for his service as he stepped down effective 4/11/16.

- Waterville’s commitment to mitigating flood hazard is high. Waterville implemented several Best Management Practices addressing erosion and water quality concerns, upsizing culverts and installing new stone-line ditches along municipal roads.
- The Planning Board applied for and received a Municipal Planning Grant in the amount of \$3,159 to update the 2014 Town Plan with a Flood Resiliency Plan. We begin writing the Plan in 2017.

2017 – The Waterville Planning Board worked with the Lamoille County Planning Commission to write a Flood Resilience Plan for incorporation in the next Town Plan update, revised and established a single jurisdiction Local Hazard Mitigation Plan for the Town of Waterville, and begin working on the Public Safety and Natural Resources sections of the Waterville Town Plan due for approval in 2019.

2018 – A year of transition, as we thanked Scott Johnson and John Farrell for their many years of service and we welcomed Timothy Burgess to the board. The Waterville Planning Board has been working closely with LCPC to conduct a thorough update of the Waterville Town Plan. The Plan update will be completed this spring by end of May 2019. Public Hearings will be held by the Waterville Planning Commission and Selectboard to solicit input on the 2019 Waterville Town Plan. Notable additions to the Town Plan include the drafting of an Enhanced Energy Plan, and a Flood Resilience and Water Quality chapter.

Waterville has a rich history of community engagement and “can do” attitude that allows us to enjoy, promote and improve our community. The members of the Waterville Planning Board are pleased to be able to make our contribution.

Sincerely, Heather Mateja- Chairperson

WATERVILLE HISTORIC PRESERVATION BOARD 2018

The Waterville Historic Board having been formed in 2006 is part of the Town's designation as a Certified Local Government (CLG) with the State of Vermont.

With the creation of the CLG act of 1980 the act had three major goals in mind. Involve local government in identifying and nominating historic resources to the National Register of Historic Places, second is to encourage local preservation activities by funding and technical support, and third to get preservation agencies working together.

We thank Sheila Lord of the Waterville Market for helping us sell copies of the "Log Cabin Days of Coits Gore".

I want to take this time to express my sincere appreciation to a wonderful woman who gave much of her time to make this Preservation Board what it has become today. She left us with an incredible amount of Waterville's history and artifacts that will be preserved for generations to come. She was very passionate about finding a place where citizens could view our history. This place is now in the Town's library. Through her dedication and love of history has brought us many interesting pieces of history.

Of course, the woman I'm speaking about is Sue Wisheart, we will all miss her in our lives.

I hope that more folks in town will step forward and give of their time to keep Sue's legacy alive and vibrant.

John E. Terrel, Acting Chair

TOWN OF WATERVILLE EMERGENCY MANAGEMENT REPORT 2018

In 2018 the Town of Waterville did not have a need to activate the Emergency Response Plan. This plan would have been initiated if we had a disaster where the need to maintain the public peace, health and safety had occurred.

If during the past year an emergency occurred the Town Select Board or I, would have initiated the Emergency Operations Plan (EOP). During an emergency, officials may recommend that you and your family take emergency protective action. This could include evacuating your home, shelter-in-place or some other action. Through the Emergency Alert System (EAS), which utilizes commercial radio and television systems, emergency management officials broadcast instructions and information about the emergency. The NOAA weather alert radio, which receives weather information broadcast by the National Weather Service, can also receive EAS messages. If you do not own a battery-operated radio. I would suggest you purchase one for use during power outages. We recently had outages when Storm Bruce (Nov. 27 & 28) dropped several inches of heavy wet snow. I was in continuous contact with VT. Emergency Management and Red Cross. Discussion took place whether to open a warming shelter and where, if needed. After the assessment we concluded the shelter was not required.

Waterville has problems occurring from weather conditions, winds, snow, icing and power outages. Having sufficient number of foodstuffs, non-perishables, enough fresh water for each family member (one gallon per person per day), a first aid kit, and sufficient clothing, will ease a minor emergency or power outage. You should keep these items on hand at all times for a period lasting three to seven days. Also, keep in mind that hypothermia during these periods WILL BE life threatening to everyone.

Sincerely, John E. Terrel

Waterville Fire District #1 Report

Friends and Neighbors,

Waterville's Fire District # 1's Prudential Committee would like to take this opportunity to let you know who we are and what we do for our Community. Your volunteer prudential committee is made up of three voting members. The Current committee consists of Timothy Burgess (Chairman), Robert Wright (Voting member), and Christopher Dunn (Voting member), Charlie Burgess (Non-voting Member). Our Clerk and Bookkeeper is Cathy Day.

Some History on WFD#1. The prudential committee, as far as we have been able to gather, has been in existence since the early 1950s. The organization has 60 customers in the village that we provide water to, from springs on the Mann farm located on Oaks Road. The Water Fire District has a water system located on Oaks Road, where we monitor the springs, keep an eye on ph (Alkalinity of the water) balances, and the overflow of those springs.

The Organization runs on the fees collected from the customers that are attached to the system. We are continuously working to upgrade and maintain our small system. We are able to provide the safe drinking water to the people on the system through the assistance of our Operator, Simon Operation Systems. That organization provides a majority of the testing, repairs and oversight of our system, through careful monitoring of the Prudential Committee.

Recent work. The prudential committee authorized the upgrade of the spring overflow monitoring system in 2018. This upgrade allows the operator, and the committee to see how much overflow is coming from the springs which provide the ability to see when our springs are producing enough to make overflow and when they are struggling. Thus far, we have discovered that our springs have yet to struggle. There was a minor disruption during 2018, that, however, was a mechanical failure that was corrected immediately and at no expense to the people on the system. The committee is in the process of attempting to find a better solution to how alarms at the treatment facility are monitored and how notice is provided to the operators and members of the committee. Our committee meets the 1st Tuesday of each month at the town hall, and invite any interested members of the community to show up and ask questions. Particularly if you are on the water system we provide water for. We would like to thank the Select board for their continued support of our efforts, the members of the town and especially those folks who are on the system, who have reached out to us with questions or concerns.

Regards,

Timothy R. Burgess

NEWPORT AMBULANCE SERVICE Inc.
D.B.A.
Northern Emergency Medical Service Division
Annual Report for 2018

To the Towns of Belvidere, Eden, Hyde Park, Johnson and Waterville. Our call volume has increased during the 2018 calendar year to a total of 1,503 calls compared to a total of 1,333 calls in 2017. Of these calls, 713 were emergency (911) calls with the balance being mutual aid or transports. The breakdown of emergency calls per town is: Belvidere - 16, Eden - 89, Hyde Park - 258, Johnson - 320, Waterville - 30.

Michael Paradis, our Chief Executive Officer, has announced his retirement effective May 1st. Mike took over a failing service which covered 3 towns. Today this service now covers 13 towns. We would like to thank him for his dedication and efforts in making us a success.

Jeff Johansen, who has been with us for 13 years has been chosen to fill Mike's position. Jeff started with us a EMT and has become a Paramedic. He has served many roles in the organization: Training Officer, supervisor of NAS, as well as Chief Operations Officer. As a Board we are very excited to be working with Jeff.

Brad Carriere is now the supervisor of NEMS. Brad has been with NEMS since its inception 15 years ago. Brad will be working closely with Jeff to insure the continued success of the NEMS division.

In January of this year NEMS will be receiving a new ambulance and stretcher.. The cost of this is normally \$200,000.00. The Board opted to purchase a new chassis and remount a box. These boxes easily outlive the truck it goes on. The cost for this unit and stretcher is \$140,000.00

We also recently replaced our cardiac monitors. Fortunately we received grants which covered one third of the total cost of \$150,000.

We are a 501 C3 charitable organization. Thus donations to us are tax deductible. These are used to reduce costs to you, the taxpayer. Please feel free to contact us if you wish to donate.

We thank you for your support over the last 15 years and look forward to serving you in the future.

Sincerely,
Scott Griswold, Vice Chair NAS Board of Directors
Michael A. Paradis, Chief Executive Officer
Jeff Johansen, Chief Operations Officer
Brad Carriere, NEMS Supervisor

REPORTS FROM ORGANIZATIONS REQUESTING TOWN FUNDS IN 2019

LAMOILLE RESTORATIVE CENTER is for first-time offenders (adults and juveniles) of non-violent misdemeanors who learn accountability for their actions. Offenders must make restitution to the victim for property damage, make a personal apology to the victim and perform volunteer community service work. Successful completion of the contract results in dismissal of the charge and no court record. 882 individuals throughout Lamoille Valley received support last year. The number of children, youth and adults, who reside in Waterville served by LRC's 11 programs was 42 in 2018. 888-5871

CENTRAL VERMONT COUNCIL ON AGING works to support Vermont Seniors to live independent, self-chosen and secure lives, in their own homes, for as long as possible. Last year, 15 residents of the town were served by case management. 479-0531 or 800-642-5119

RETIRED AND SENIOR VOLUNTEER PROGRAM Included are Copley Hospital and its Gift Shop, Home Health, Out and About, Manor Nursing Home, Genesis Elder Care, LENS, Senior Nutrition Programs, to mention a few. 479-1953

LAMOILLE HOME HEALTH & HOSPICE is a non-profit organization that provides home health care services including nursing, aide, therapy and homemaker regardless of ability to pay. Town financial support offsets the costs not covered by insurance, Medicaid or Medicare. This past year, LHH&H staff made 557 visits to Waterville clients. These visits included nursing (257), physical therapy and occupational therapy (151), medical social worker (5), licensed nursing assistants, personal care attendants and case managers (144). 888-4651

CENTRAL VERMONT ADULT BASIC EDUCATION aids in providing individual reading, writing, math, GED, ESL and CDL tutoring to Waterville adults. It's free to adults 16 years and older with less than 12 years of education. Last year CVABE served 3 residents of Waterville. 888-5531

LAMOILLE COUNTY PLANNING COMMISSION provides technical assistance to the municipalities in Lamoille County for land use planning and community related services. Last year, the Commission completed a local Hazard Mitigation Plan update, provided technical assistance for the Town Plan update, did some grant writing for road erosion assessment, and provided \$6,100 in Grant in Aid funds for a 2019 project on Oakes Road. 888-4548

CLARINA HOWARD NICHOLS CENTER is a shelter for battered women and their children. The Center provides and emergency hotline, court advocacy, counseling, help in living in a non-violent life and a place where women and children are listened to. Last year they served 454 individuals in Lamoille County. 888-2584

MEALS ON WHEELS provides the meals-on-wheels services, congregate meals, transportation and advocacy services to Waterville seniors. 18 meals were provided to Waterville residents last year. They always welcome new referrals. 888-5011

LAMOILLE DAY HEALTH SERVICES (aka Out and About) is a day program serving the elderly and disabled adults in Lamoille County and nearby towns. The program is aimed at promoting the highest possible level of independent living, with emphasis given to activities that promote a sense of self-worth and continued self-development. 888-7045

NORTH COUNTRY ANIMAL LEAGUE basic service includes finding homes for animals surrendered for adoption or turned over as strays. 888-5065

RURAL COMMUNITY TRANSPORTATION (RCT) is a non-profit corporation providing transportation to the elderly, handicapped and disabled in your community through a volunteer service. RCT coordinates the trips and has provided 350 trips, approximately 9,699 miles, for 10 residents of Waterville over the past year. 748-8170

WATERVILLE BASEBALL/SOFTBALL ASSOCIATION continued with their program last year. They fielded 2 T-ball teams and a Major League team (softball) combined with Cambridge. Some major league players played in other towns due to lack of numbers, but our Association paid for them. Enrollment was 30+ children and many parent volunteers. The program teaches sportsmanship, teamwork, and builds a strong sense of community in our children through county-wide competition. 355-8336

WATERVILLE TOWN LIBRARY seeks to provide a gathering place for Waterville residents of all ages with access to entertainment, ideas, information, and inspiration through its books, programs, electronic media and online resources for the purposes of lifelong learning, cultural enrichment, and personal development. The Library had 143 visitors, 95 checkouts, 11 new patrons, and 10 park and museum library pass checkouts during the 68 days they were open. 644-5556

2018/2019 HIGHLIGHTED PROJECTS AND COLLABORATIONS

Policy work: Education for Cities and Towns on Substance Abuse Prevention

Healthy Lamoille Valley (HLV), working with the Vermont Department of Health, is a resource for you when you are considering actions and recommendations that will make our communities healthier. We help towns create changes to policies and systems that encourage healthy behavior. Our engagement may involve assisting towns with the development of policies and practices that support substance misuse prevention, and/or and non-regulatory activity (community garden, farmers market, bike path, festival). Healthy behavior may include reduced use of tobacco products; reduced high risk drinking (including underage alcohol use and binge drinking); and reduced use of other drugs, including marijuana and opiates. It may also include physical activity and nutrition. We provide assistance on town policy, town plan language, and free signage as well as support for the Vermont Department of Health's 3-4-50 initiative to prevent chronic disease.

School/Youth Partnerships

HLV partners with local schools to provide resources to teachers, students, and families. In 2018 HLV prepared fact sheets to share information on e-cigarettes, vaping and dabbing, created staff presentations on vaping, supported youth engagement groups including Getting to Y, tobacco prevention, and gay/straight alliances. In 2018 HLV tabled at seven school events to share information with parents and students. HLV collaborates with the Lamoille Restorative Center to support the Informed Choices Program where middle school students engage in a training about the consequences of underage drinking and marijuana use. In 2018, HLV with the Lamoille County Sheriff's Department created the Lamoille Area Youth Council with representation from students attending area middle and high schools – 16 of these students attended the Community Anti-Drug Coalitions of America's National Youth Summit in Washington, DC in February.

Parent/Community Learning Workshops

HLV supports opportunities for community learning. In collaboration with the Lamoille Family Center, a 13-week Nurturing Father's Program is offered to provide proven, effective skills for healthy family relationships and child development. 2018 workshops included: *Marijuana Legalization, What Does It Mean to You? Vaping, Juuling, and Now Legalized Marijuana; How to Communicate Effectively with Youth, Understanding the Teen Brain, State of Lamoille Youth – Understanding our Local Data; Municipal Leaders Roundtable, Creating Supportive Environments for LGBTQIA+ Youth.*

Prescription Drug Awareness & Disposal Programs

HLV works with local pharmacists, physicians, and school nurses to promote safe storage, use, and disposal of prescription drugs. Four year-round prescription drug disposal boxes are now located at Copley Hospital, the Lamoille County Sheriff's Department, Morristown Police Department, and the Hardwick Police Department. This year we are excited to support Vermont Department of Health's RX drug mailback envelope project & collaborate with the Upstream Lamoille Workgroup to address opiate abuse and other disturbing trends.

The New Vital Records Law (Act 46) and What It Means for You

The Vermont Legislature passed Act 46 in May 2017, which significantly changes the state laws that govern vital records –namely, birth and death certificates. The new law and rules will enhance the safety and security of birth and death certificates, provide better protection against misuse of these legal documents, and reduce the potential for identity theft. Additionally, the changes streamline the entire statewide system for creation, storage and tracking of birth and death certificates. Act 46 will impact anyone who seeks a copy of a Vermont birth or death certificate. **The changes go into effect on July 1, 2019.**

The most notable changes are:

- Only family members (as defined in Act 46), legal guardians, certain court-appointed parties or legal representatives of any of these parties can apply to obtain a certified copy of a birth or death certificate. In the case of a death certificate only, the funeral home or crematorium handling disposition may apply for a certified copy.
- An individual must complete an application and show valid identification when applying for a certified copy of a birth or death certificate.
- An individual who refuses to complete the application or cannot provide valid identification will be ineligible and referred to the Vital Records Office.
- Certified copies of birth and death certificates can be ordered from any town, not just where the birth or death occurred or where the person was a resident.
- Certified copies will be issued on anti-fraud paper.
- Access to noncertified copies (previously called “informational” copies) is not significantly changed by the new law or rules.
- Marriage, civil union, divorce or dissolution certificate copies and processes are not affected by the new law or rules.
