WHAT IT PROVIDES:

- 3.3% increase in General Fund; Public Defense Special Fund is level funded;
- Continues current service level;
- Provides additional funds for NEK contract public defense, due to spike in caseload;
- Provides funding for staff salary and benefit increases, previously negotiated office leases, internal service funds, and ADS charges.

ACCOMPLISHMENTS:

- ODG has remained within budget for 18 consecutive years;
- Fiscal responsibility has been built on legal services provided by conflict contractors saving the state 40% when compared to a staff office;
- FY16-20 An 11% increase in the number of ACCs has kept reliance on ad hoc counsel to a minimum;
- FY16-19: Ad hoc caseload has decreased 48%;
- NOTE: Ad hoc counsel is the most expensive way the ODG provides service – it's 90% more expensive than staff.

CHALLENGES:

- FY18-19 PD criminal caseload increased (felonies 4% and misdemeanors 11%);
- FY16-19: PD juvenile caseload increased 37%;
- Attorneys are not available for hire in staff or contract systems, particularly outside of Burlington/Montpelier corridor;
- Conflict Contractors are grossly underpaid, and remain level funded;
- Private sector pay for attorneys has far outpaced public sector attorney pay in recent years.

Historical Budget Perspective Office of the Defender General

Mission of the Office of the Defender General (Goals/Objectives/Performance Measures)

The over-arching duty of the Office of Defender General remains the assurance that persons entitled to appointed counsel receive effective legal advocacy. The Office of Defender General has an obligation to provide adequate representation to needy individuals in a cost-efficient manner, thereby serving not only its clients, but all citizens of the State of Vermont. The provision of representation with reasonable diligence and promptness, and a zealous commitment and dedication to the interests of clients charged with serious crime is a necessary component to the fair administration of the criminal justice system.

Department/Program Description

In 1972, the Vermont Legislature passed the Public Defender Act, Title 13, Chapter 163 and created the Office of the Defender General (ODG) which began discharging the constitutional right of needy persons charged with serious crimes to representation. The ODG is also statutorily required to provide counsel consistent with its attorney's ethical obligations and the Rules of Civil and Criminal Procedure in the following matters: to children who are the subject of juvenile proceedings as alleged delinquents; to parties in juvenile proceedings including children in need of care and supervision (CHINS) as required by the interests of justice; to children in the custody of the Commissioner of the Department of Children and Families; to persons in the custody of the Commissioner of Corrections; and, to needy persons in extradition, or probation or parole revocation proceedings.

The Office of the Defender General has evolved into a complex service delivery system consisting of two separate programs, Public Defense and Assigned Counsel. There are three tiers of service provision, with the first being the local public defense staff offices. When there are conflicts with public defense, the case is then assigned to a local assigned counsel contractor. And when there are conflicts with both the public defenders and the assigned counsel contractors, the court assigns an attorney on an ad hoc basis. Additionally, seven Serious Felony Units are available to cost-effectively handle life in prison and other serious felony cases.

Public Defense

There are twelve full-time public defense field offices located throughout the State. Seven of these offices are staff offices. Five of these offices are public defense contract offices, that is, private law firms that have entered into a contract with the Defender General to provide public defense services. In addition to the three Serious Felony Unit contracts in Public Defense, there are two caseload relief contracts, and one specialized appellate and juvenile representation contract. The contract public defenders provide substantial savings to the state over a staff office with salary, benefit and operating costs.

Post-Adjudication Offices and Juvenile Representation

There are also two offices which handle matters post adjudication. The Appellate Defender handles appeals to the Supreme Court. The Prisoners' Rights Office represents persons in the custody of the Commissioner of Corrections. The Juvenile Defender's Office represents juveniles in state custody, and, at times, the parents of juveniles in state custody in matters of delinquency, CHINS and termination of parental rights.

Public Defense Key Budget Issues FY 2020 continuing in FY 2021

The Governor's FY 2021 recommended budget continues current services, and provides additional funding for the annualized cost of the salary and benefit increases for current state employees.

Public Defense Contractors are one of the most cost-efficient ways to provide public defense services. The ODG renegotiated all of its primary Public Defense contracts in FY 2018 for four-year terms to maintain stability in the system. Although there was an increase in FY 2019 and FY 2020 for Public Defense Contracts consistent with the amounts negotiated with the four-year contracts renewed in FY 2018, the contractor who covers the Northeast Kingdom has been caught between significant caseload increases and inability to hire attorneys. That contract supports two offices historically staffed with two attorneys each. Added caseload in these counties increased from FY 2017 to 2018 36% in Caledonia County, 40% in Orleans County and 68% in Essex County with additional increases in FY 2019, resulting in a payment that was woefully low compared to the other public defense contracts and making it nearly impossible for the contractor to hire new attorneys to work under such caseloads. The caseload for Caledonia and Orleans Counties currently requires six full-time attorneys. The FY 2021 recommended budget contains funds for the previously negotiated 2% increase for the public defense contractors and additional funds to support the Northeast Kingdom contractor.

Currently these contracts save on the average about 30% over an equivalent staff office, with over \$1,000,000 annual savings. It is crucial to keep these contracts in place, but they cannot be so grossly underpaid to cause contractors to leave the system, which is a real possibility as the market place is demanding increased attorney pay in light of reduced numbers of attorneys who are available, willing and able to do this work.

FISCAL IMPACT: Complying with Federal timelines for permanency in juvenile cases is not constitutionally based; however, it has an impact on federal funding to DCF. If the ODG is not funded sufficiently to satisfy both constitutional mandates in criminal cases and federal statutory mandates in juvenile cases, then the ODG must comply with its constitutional obligations at the expense of statutory impacts. Simply put, failure to adequately fund the contracts necessary to provide legal services in juvenile and child protection cases will result in a loss of federal funding due to the delay in resolution of those cases.

The family support worker program initiated by the ODG and funded within the ODG budget has remained funded in FY 2019 and FY 2020 with \$150,000 provided to the Department of Children and Families to pay ODG to provide these services. If this program is eliminated, the result would likely be families staying in state custody longer and would also likely result in increased termination of parental rights cases.

The FY 2021 budget includes adjustments within Operating for various Internal Service Funds (leased office space, fee for space, ADS, Human Resources and VISION), and the new ADS Service Level Agreement charge. The remaining Operating line items are level funded, with transfer of funds within line items to accommodate anticipated cost changes.

With this level of funding, the Office of the Defender General has continued to fund the various improvements made to the delivery of cost-effective public defense services over the last few years. Specifically, the caseload relief contracts and Serious Felony Unit contracts are expected to be continued.

The ODG will continue the cost containment measures implemented in FY 2002 such as holding vacant positions open for at least 60 days, hiring replacement staff at a lower rate, contracting the after-hours DWI on-call coverage, and entering into long-term personal services contracts whenever possible. Also, in FY 2003, the ODG eliminated quarterly adjustments in the public defense contracts. This results in predictability for budget purposes, and fairly compensates the contractor based upon the prior year's caseload.

Public Defense Caseload Activity

One of the prime measures of the demand for defense services is the number of added clients during a fiscal year. Public defenders routinely represent significantly more clients than is recommended under guidelines developed in 1973 to assure competent representation by the National Advisory Commission on Criminal Justice Standards and Goals. This Lawyer Equivalency Caseload (LEC) Guideline provides that no single lawyer should accept more than either 150 added felony clients, 400 added misdemeanor clients or 200 juvenile clients in a year, or some combination of the three categories. For many years, the ODG has utilized this LEC formula as a measure of the workload of its staff.

There has been relative stability in the criminal caseload, but the juvenile caseload has seen a dramatic increase over the last few years, with certain counties experiencing greater increases. The statewide increase from 2017 to 2018 in added juvenile cases was 23.3%. Of particular note, there was a 77% increase in juvenile caseload in the Chittenden staff office, and a 74% increase in Caledonia County and a 60% increase in Orleans County, counties handled by Northeast Kingdom Law, and a 73.5% increase in Windsor County. While the number of added juvenile cases from FY 2018 to FY 2019 was fairly level, the number of separate charges increased 14%. Currently in Rutland County, due to policy and charging choices made by the Rutland County State's Attorney, the Rutland Criminal Court continues to show a significant backlog of pending cases.

Assigned Counsel Program (Conflict Attorneys)

Department Program/Description

The Defender General contracts with a part-time Assigned Counsel Coordinator to oversee the daily operations of the Assigned Counsel Program.

Assigned Counsel Contractors

The Assigned Counsel Contractors are private attorneys who contract with the Defender General to provide services in criminal and juvenile cases when there are conflicts with the public defenders. The objective is to assure that in most counties there are at least two contractors to take conflict cases. There are presently 88 separate contracts for assigned counsel services, including 3 attorneys who handle appeals and 2 attorneys who handle post-conviction relief cases.

Serious Felony Units

The Legislature in 2001 authorized the creation of three Serious Felony Units (SFU) designed to provide representation in cases involving potential life term imprisonment and major felonies which would have ordinarily been assigned to an assigned counsel contractor or ad hoc counsel. In FY 2002 the ODG implemented all three SFUs as contracts and realized first year savings of \$112,000.00. The units are projected to realize savings of up to approximately \$170,000 per unit per year, and they provide stability and quality representation to clients charged with the most serious crimes. In FY 2004 a fourth SFU was implemented. Over the period of time since implementation of these units, the ODG has saved millions of dollars for representation on major felony cases when compared to the prior ad hoc system. Additionally, the implementation of the SFUs has rendered budgeting much more predictable. The success of this program has resulted in the expansion to 7 serious felony units (3 in Public Defense and 4 in Assigned Counsel), driven primarily in response to the Legislature creating a number of new life in prison crimes.

Caseload Relief Contracts

In recent years, in response to the decline in interest in assigned counsel conflict contracts and the unpredictable nature of caseload in counties, usually driven by political changes in any given State's Attorney's office, the ODG has implemented statewide caseload relief contracts that can be deployed on a case-by-case basis, or for some period of time, based upon caseload needs to absorb cases that would otherwise be handled by ad hoc counsel, or would cause a substantial backlog in the staff public defender system.

Ad Hoc Counsel

Ad hoc counsel is assigned by the court when there are conflicts with all staff and contract attorneys. Services provided by ad hoc counsel represent less than 2% of the caseload. However, it is the most expensive means of service, with an hourly rate of \$50. Recent efforts at expanding the contract system and implementation of the Serious Felony Units have yielded a reduction in ad hoc clients and debentures of more than 75% when compared to the conflict system which existed prior to Defender General Valerio's restructuring in FY 2002.

Assigned Counsel Key Budget Issues FY 2020 continuing in FY 2021

Assigned Counsel Contractors

The Assigned Counsel conflict contract attorneys and firms are essential for cost effective representation and are a key reason why the ODG has been able to reduce the reliance on ad hoc counsel. Historically, every dollar spent on a contract saved five dollars in ad hoc expenditures. Given the volume of caseload and number of conflict cases, due in part to increased scrutiny on the Department of Children and Families and resulting explosion of juvenile caseload, it was necessary to increase the number of assigned counsel contractors to prevent cases from being assigned to ad hoc counsel as much as possible. The predictability of the cost and savings of diverting cases to assigned counsel contractors has eliminated the need to request budget adjustment for assigned counsel for 18 consecutive fiscal years.

3 V.S.A. Sec. 343(2) states that contracts must save the state at least 10% of the cost of a staff office. Assigned counsel contracts save the State more than 40% over the cost of an equivalent state employee. Contractors must provide insurances, rent, transportation, equipment and employment-related expenses out of the contracted amount.

The assigned counsel contractors historically have not received annual increases, and payments have not kept pace with increases in the staff system. At times they have gone for nearly a decade without any increase. Generally, any recent increases have level funded the existing contracts that had been expanded to keep up with caseload demands, driven in large part by significant increases in juvenile caseload.

In FY 2017 there was an increase in base funding to level fund current contracts, which were expanded because of increased caseload demands, along with a 2.5% increase consistent with increases given to state employees. In FY 2017 and 2018 juvenile contracts were expanded further, to accommodate the growing caseload. Specifically, in Franklin County two new full-time contractors were added and two existing contractors were increased to full time to handle the increased juvenile caseload. The juvenile contracts in Rutland,

Windham and Windsor Counties were also increased to full-time due to surges in caseload caused by new DCF activity and the backlog caused by prior caseload spikes in those counties.

In FY 2018 and FY 2020 the Governor's recommended budget and the legislature provided a small increase for assigned counsel contracts. While that was a helpful gesture, it did little to address the gross underpayment of the contracts that had developed over a very long period of time. The increases were necessary or numerous contracts would not have been filled causing caseload to be diverted to ad hoc assignment (likely to the same lawyers at 5 times the cost). Savings from other parts of the budget were used to cover the increased cost.

The FY 2021 Governor's recommended budget does not provide any additional funds to meet ongoing contract obligations nor any cost of living adjustments for the current assigned counsel contractors.

We have warned for many years that there would come a time when private counsel would be unwilling to take on assigned counsel conflict contracts, and while those murmurs began a couple of years ago with significant turnover in the system, we have now reached the breaking point where it is very difficult to fill contracts in some counties, and others are being abandoned mid-fiscal-year causing case management turmoil and delay in the resolution of juvenile and criminal cases. These assigned counsel contracts are vital to the continued fiscal stability of the public defense system.

With these contracts in place the ODG has remained within budget without budget adjustment for 18 consecutive budgets.

In FY 2021 the ODG will continue to make every effort to use assigned counsel contractors whenever possible, and the caseload relief contracts and 4 serious felony units paid from the Assigned Counsel appropriation will be continued. It may be necessary to redirect funds from other areas to do so. Of note, assigned counsel contractors are the only contractors that are not paid mileage reimbursement for trips to court., and they will likely continue to not be paid mileage reimbursement for trips to court.

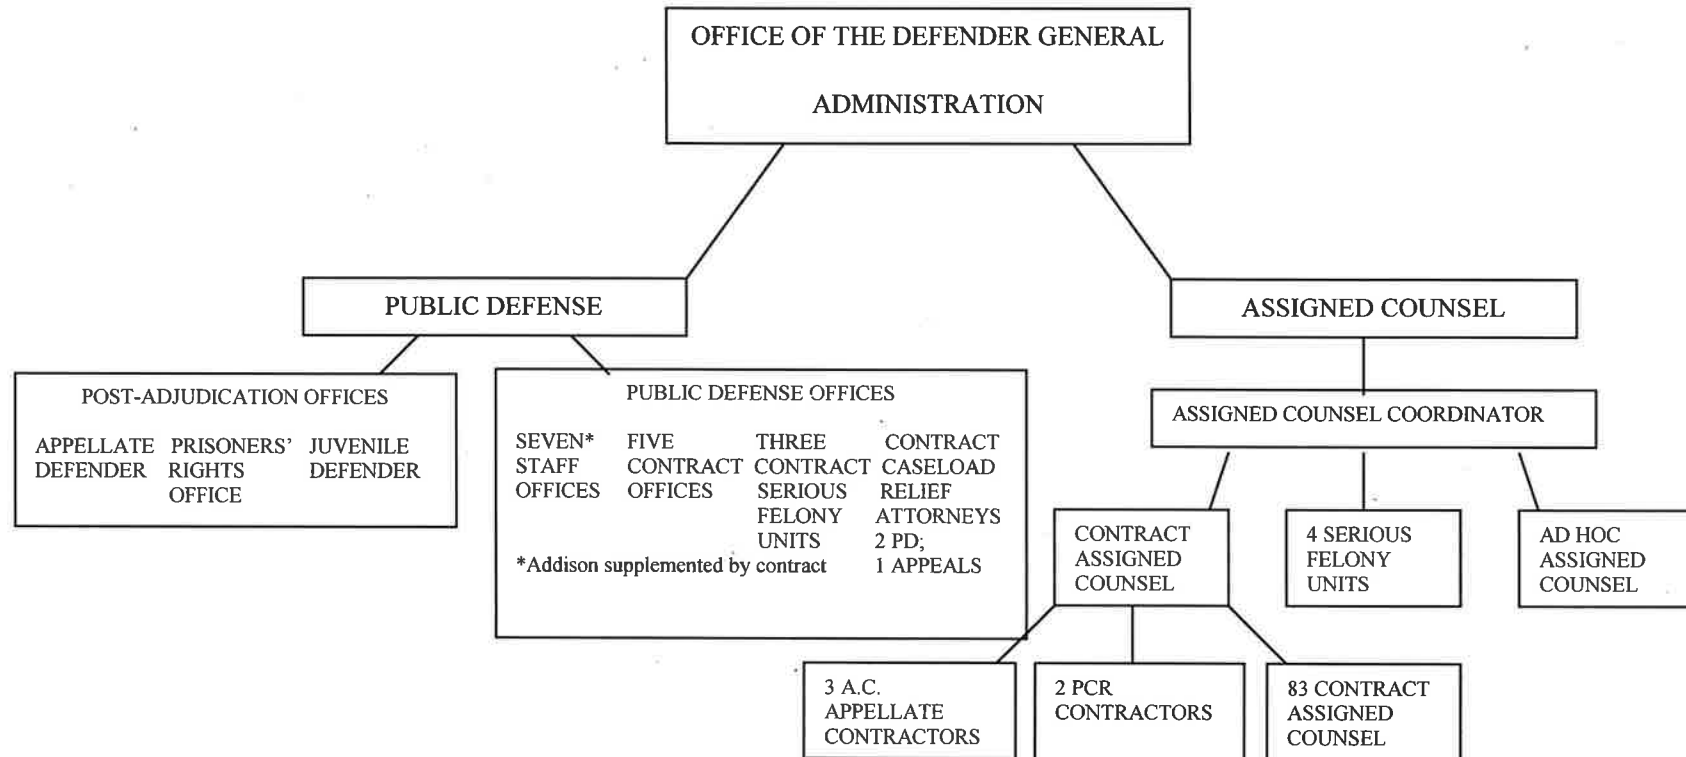

Ad Hoc Counsel

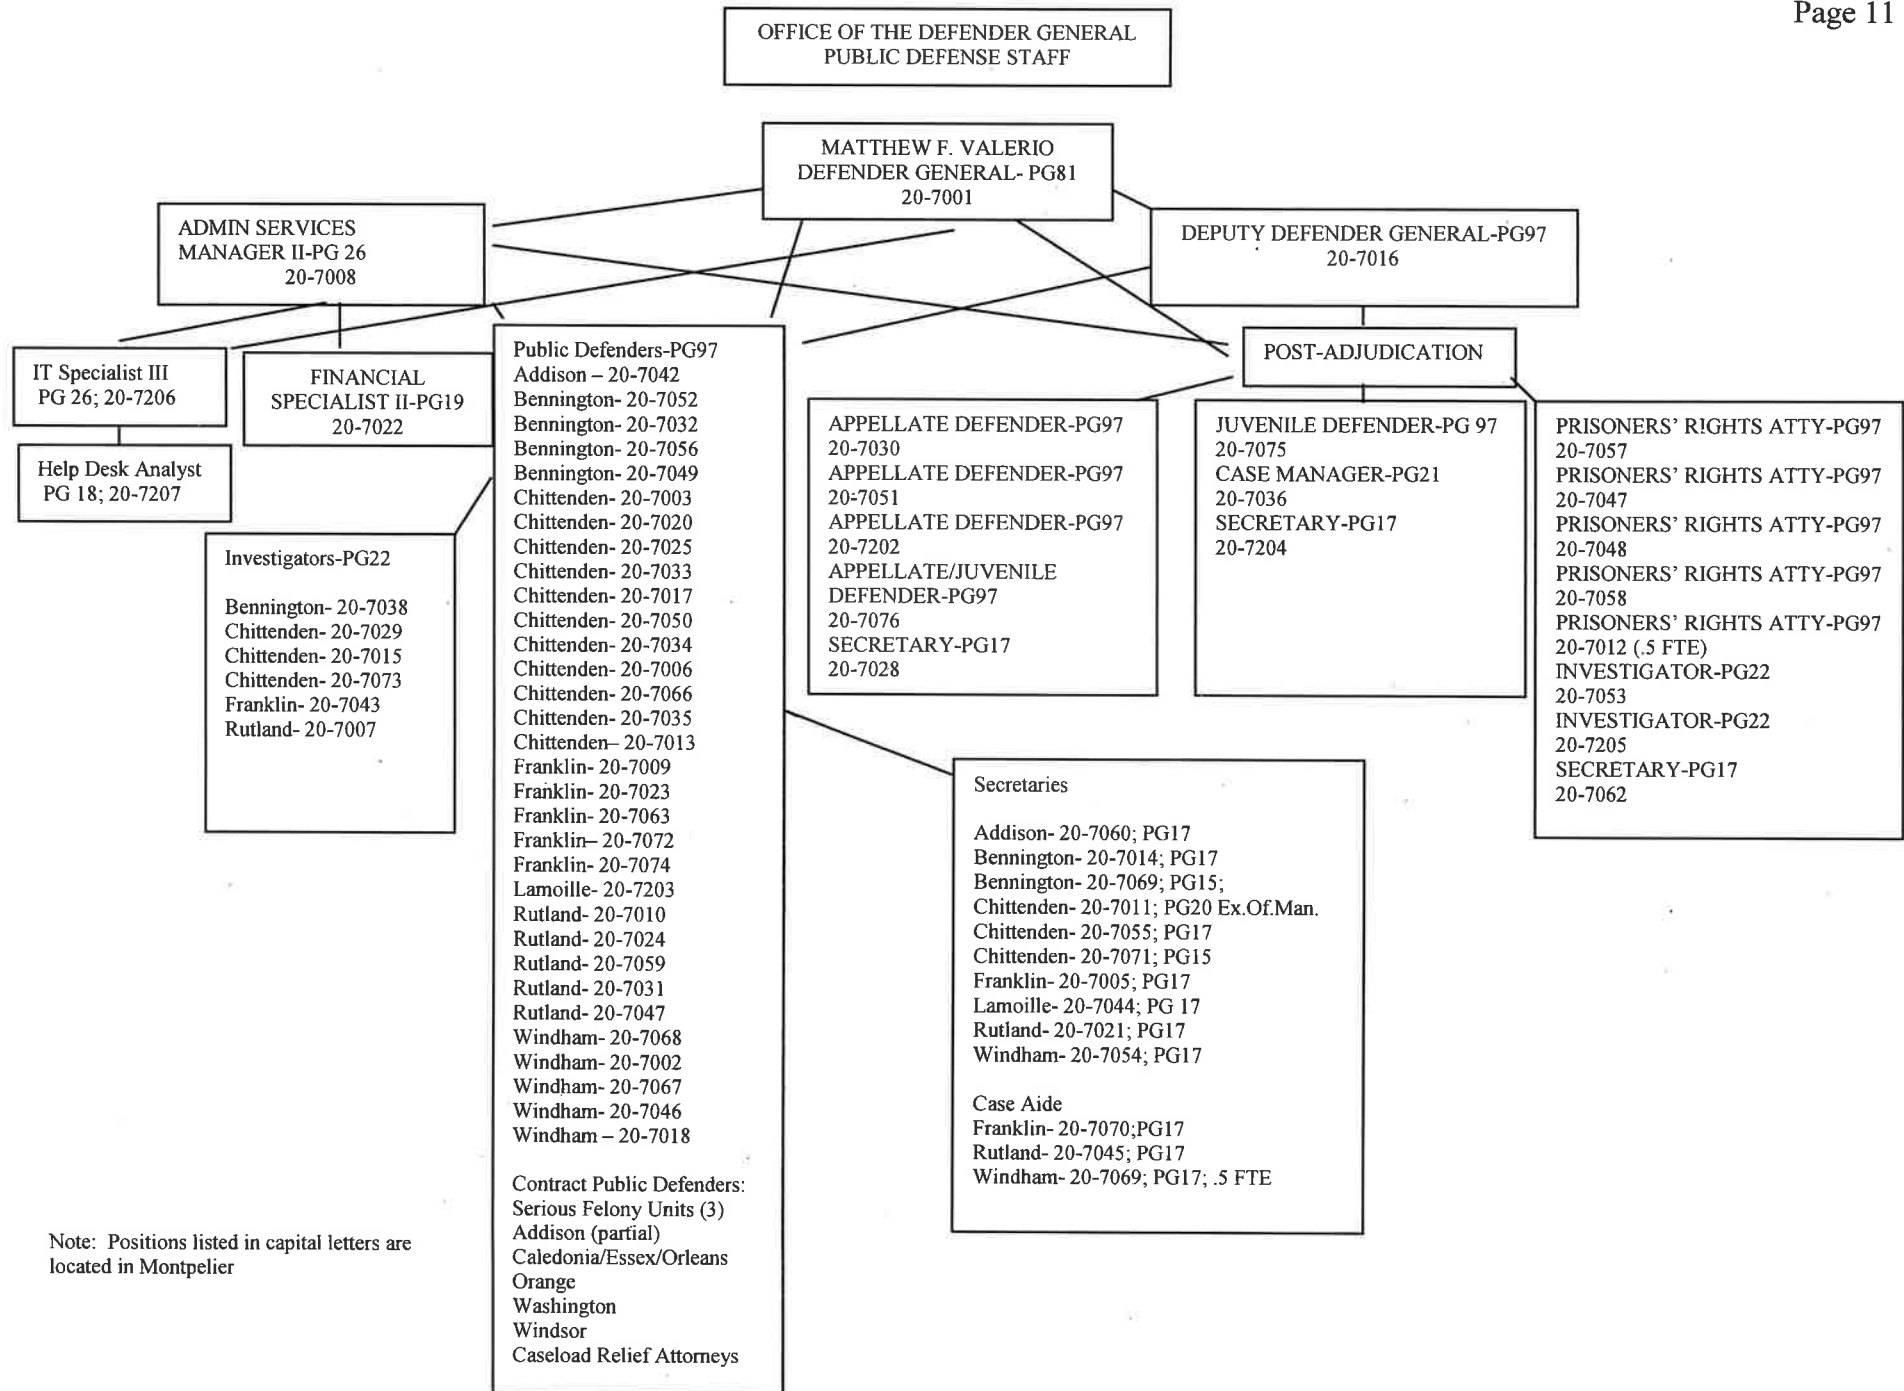

Ad Hoc Counsel is the most expensive means of providing public defense services, and it is only used when there are no public defense offices or assigned counsel contractors who can ethically provide representation. The ODG continues to minimize the use of ad hoc counsel and to keep costs as low as possible.

The FY 2021 funding for Ad Hoc Counsel is level funded. Historically despite increasing the number of available assigned counsel contractors, there have been increases in ad hoc assignments, caused primarily by an explosion of juvenile cases, oftentimes involving

drug-addicted parents, that results in conflicts with all public defense offices and assigned counsel contractors, increasing the need for ad hoc counsel. There will always be a frictional level of need for ad hoc counsel, and the ODG strives to keep this level as low as possible.

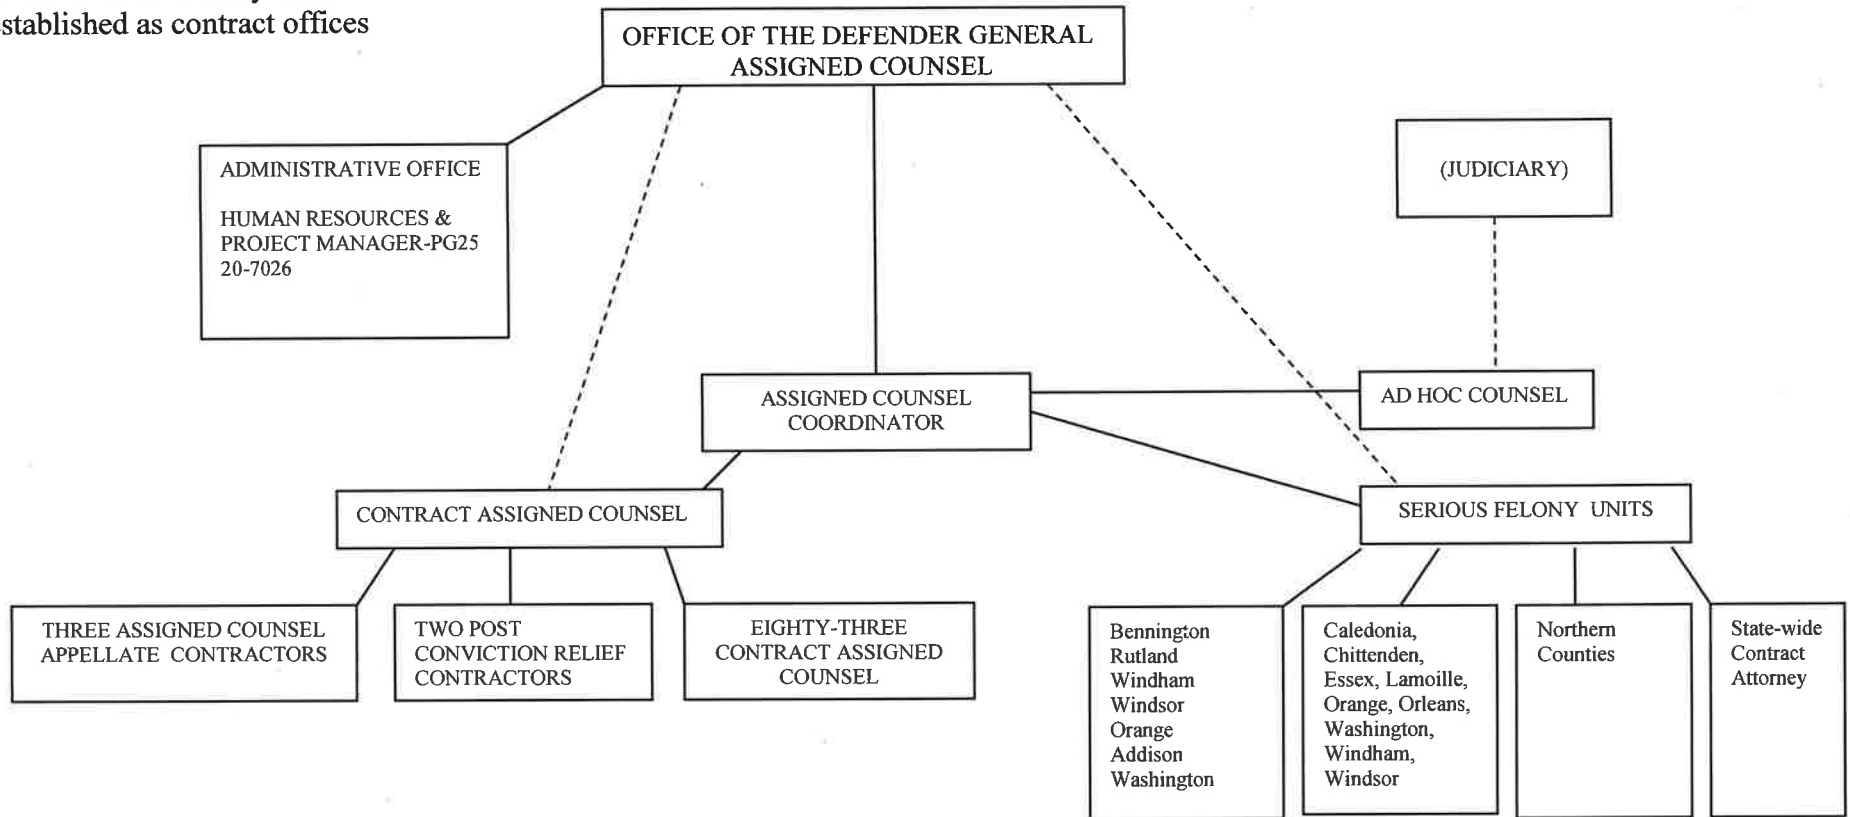

Additionally, the cost containment measures implemented in FY 2002 and FY 2003 will be continued, most significantly including: reduction in excess compensation in ad hoc cases, elimination of payment for frivolous ad hoc post-conviction relief assignments, and elimination of quarterly adjustments for assigned counsel contractors.

Assigned Counsel Ad Hoc Program

Department Mission Statement:

The over-arching duty of the Office of Defender General remains the assurance that persons entitled to appointed counsel receive effective legal advocacy. The Office of Defender General has an obligation to provide adequate representation to needy individuals in a cost-efficient manner, thereby serving not only its clients, but all citizens of the State of Vermont. The provision of representation with reasonable diligence and promptness, and a zealous commitment and dedication to the interests of clients charged with serious crime is a necessary component to the fair administration of the criminal justice system.

The purpose of the Ad Hoc Program of the Office of the Defender General is to provide competent representation to persons entitled to appointed counsel when there are conflicts of interest with both the local public defender office and assigned counsel contractors.

Key Indicators:

- Number of cases assigned to this tier of representation.
- Comparative cost of debentures received.
- Client satisfaction with outcome received.

Story Behind Baseline Performance:

The ad hoc program is the third tier of representation provided by the Office of the Defender General. The first tier is the local public defender offices; the second tier is the assigned counsel contractor system which accepts assignments when there are conflicts with the local public defender's office. Cases are only assigned to ad hoc counsel when there are conflicts with the first two tiers of service provision. There is little or no check on the quality of ad hoc counsel, although anecdotal informal evaluation of performance is considered when assignments are made.

Strategies:

- Reduce reliance on ad hoc program.
- Increase reliance on more cost effective methods of providing public defense services.
- Eliminate frivolous ad hoc representation.
- Adhere to firm payment guidelines set forth in Admin.Order 4.

Performance Measures:**What/How Much We Do?**

The efforts we have made to reduce the reliance on ad hoc counsel has resulted in a decrease in number of cases being assigned to ad hoc counsel and the cost of debentures received.

How Well We Do It?

The ad hoc program is the most fiscally unpredictable and costly method of providing public defense services, with little or no check on the quality of representation provided.

What Do We Propose To Do To Improve Performance?

- Continue to expand the assigned counsel contract program.
- Maintain the Serious Felony Units.
- Impose firm caps consistent with A.O. 4.
- Enforce strict standards for identifying conflicts.
- Refuse payment of assignments for frivolous post conviction relief matters.

Fiscal Year 2021 Budget Issues:

Ad Hoc Counsel is the most expensive means of providing public defense services, and it is only used when there are no public defense or assigned counsel contractors who can ethically provide representation. The ODG continues to minimize the use of ad hoc counsel and to keep costs as low as possible. The FY 2021 funding for Ad Hoc Counsel is level funded. Historically despite increasing the number of available assigned counsel contractors, there have been increases in ad hoc assignments, caused primarily by an explosion of juvenile cases, oftentimes involving drug-addicted parents, that results in conflicts with all public defense offices and assigned counsel contractors, increasing the need for ad hoc counsel. There will always be a frictional level of need for ad hoc counsel, and the ODG strives to keep this level as low as possible.
