Subject: Re: strategy for TELCO/ Town meetings

Hi Karen,

Thanks for checking in on this, I really appreciate it. I think this is a fabulous idea! Let me know if I can do anything to help.

Best,

Alex

Hi Alex,

On a regular basis I receive requests about the status of Telco projects and initiatives from the Windham, Windsor, county areas. I have already done a "town meeting" type event in Bennington/ Shaftsbury. I have also met with Thetford.

I am contemplating a "Town Meeting Tour", as many as I can possibly hit to address communities, in particular those that will be impacted by the VTEL build and those that remain target communities. I would concentrate on:

Westminster, Putney, Dummerston, Brookline, Townshend, Wardsboro, Jamaica, Marlboro, Halifax, Whitingham, Wilmington, Athens as target areas to speak at.

Under the theory that removing uncertainty goes along way, I would like to work with the reps/ senators in these communities to set up a visit schedule for town meeting.

Your thoughts please, before I plow forward.
