Subject: Public Records Request
Attachments: employee.csv; Nolen Request All Active Employees - DHR.xls

Dear Mr. Nolen:

Thanks for chatting with me briefly this morning. On February 9 you called my office to request that we provide you, in electronic form: "the full names, titles, salaries, voice and fax telephone numbers, cell phone numbers, email addresses and physical location of every employee of state government."

I am have responded to your request with two spreadsheets because all of the data points you requested are not separately maintained on a single database. Attached to this email is the raw phonebook data from the online phonebook managed by the Department of Information and Innovation. This data includes the full names, job titles, work phone numbers, fax numbers, email addresses, and physical location (department and city/town) of every employee of the State of Vermont listed in the DII database. It does not include the salary information you requested.

The second spreadsheet includes the names, titles, Departments, cities/towns, and salary/wage information.

I understand from you that you would like this information with respect to employees of the Vermont State Colleges. We do not have that information in our central state employee databases. I suggest that you direct your requests to the state colleges. I also understand that you have requested cell phone numbers. I have not been able to identify any central list of state employee state cell phone numbers.

I hope this meets your needs.

Thanks much,

Beth Robinson

P.S. – Please confirm that you received this email so I can be sure it didn't get hung up in a spam filter somewhere.
