**Attachments:** H 40 edits (WEC-JRD).docx

Hi Katie – I'm trying to track down Senator Bray regarding a technical change to H40. I testified at committee a few weeks ago and the committee seemed to be fine with the attached language change. However it didn't make it into the bill amendments. Darren Springer suggested that we could fix this via a floor amendment. Can you let me know if you get this and how I can reach Senator Bray to discuss?

Many Thanks - Patty
