**Attachments:** Westminster Biz park solar - WRC comment letter.pdf

FYI – on the Guard project - both the town and the WRC oppose this project. It is in a business park and they would prefer to use the land for other purposes.

RE: Spencer-TGC Westminster, LLC, 1.8 MW solar installation at Westminster Business Park

Ms. Susan Hudson  
Vermont Public Service Board  
112 State Street  
Montpelier, VT 05602-2701

Dear Ms. Hudson:

I am writing on behalf of the Project Review Committee of the Windham Regional Commission. The Committee is in receipt of a comment letter regarding this project sent from the Town of Westminster Selectboard dated April 8, 2016. The Town Manager, Russell Hodgkins and members of the Selectboard, have also met with our Committee to express their concerns about this project. Their primary concern is that this project will consume the remainder of land in the Westminster Business Park, which could jeopardize future commercial and/or industrial growth in their community. The purpose of this letter is to express support for the concerns raised by the Town of Westminster.

Thank you for the opportunity to comment on this proposal. Please do not hesitate to contact me should you have any questions.

Sincerely,

Alyssa Sabetto  
Planner and Project Review Committee Staff
