

# TOWN OF FLETCHER VERMONT

ANNUAL REPORT 2021  
TOWN & SCHOOL DISTRICT

**This year's report is dedicated to**  
**Robert "Bob" Sweet**  
**May 19, 1950 – November 26, 2021**

Bob was born and raised in the Town of Fletcher, a lifelong dairy farmer and excavator. He was known for dropping everything to help when the Town of Fletcher called, even running a plow truck in the winter on occasion where some of you might have lost a mailbox or two. He didn't mean to, though you can be assured he was giggling while he continued down the road. Bob was always available in an emergency to help get roads back open after a storm.

He was a skilled excavator and always did an excellent job on whatever he worked on. Bob was a one of kind, hard working man who will truly be missed in the Town of Fletcher.

Thank You!

## 2021 TOWN & SCHOOL DISTRICT MEETING SUMMARY

### 2021 Annual Town Meeting Minutes

#### Select Board Informational Meeting via Zoom

Monday, February 22, 2021

#### Virtually Present

*Members:* Jon Bondy (Chair), Rich Bidwell, Matt Gillilan, Matthew Swartz, and Jesse Wiens.

*Guests:* Zach A, Tessa Anderson, Lars Baris, Michael Burk, David Clark, Jillian Clark, Josh Cozzens, Staci Davis, Corey Decker, Deb DeLong, Andrew Douglas, Brianna Douglas, Bruce Douglas, Lynn Douglas, Dana Duchaine, Sue Ferguson, Russell Frantz, Michelle Frennier, Jess Graff, Wes Graff, Pam Jedlicka, Sybil Jewell, Craig Lambert, Deb Mears, Jamie Mears, Christine Nilsen, Barbara O'Brien, Alex Sargent, Pat Saylor, Thomas Saylor, April Still, Jeff Still, Mark Sustic, Karrie Sweet (Town Clerk), Tara Sweet, Aimee Tinker (Assistant Town Clerk), Kathryn Towle, Sara Villeneuve, Taylor Watts, Rachael Wilson (Secretary), Janet Young, Andrea Zamuda.

- 1) Call to Order:
  - a. Jon Bondy called the meeting to order at 7:05pm.
  - b. Jon provided an overview on how the Webinar style Zoom meeting works.
- 2) Moment of Silence: Jon Bondy read the names of Fletcher residents who passed away and there was a moment of silence.
- 3) Explanation of voting: Jon Bondy explained that because of COVID-19 gathering restrictions, voting this year will be by Australian Ballot on 3/2/2021. Jon encouraged voters to use absentee ballots to help keep in person contact to a minimum due to COVID-19. Jon explained that the ballot includes voting for candidates on the Select and School Boards and the Town and School budgets. The School informational meeting will be on Wednesday 2/24/2021.
  - a. Sara Villeneuve asked if ballots can still be mailed. Aimee Tinker responded that ballots can still be mailed, but she recommends that voters should pick up their ballot if they request it after Wednesday (2/24/2021) so that they have it in time for the vote on 3/2/2021.
- 4) Veterans and Service Members: Matt Swartz thanked veterans and service members for their service.
- 5) Informational Meeting Presentation:
  - a. Jesse Wiens explained how to ask questions via Zoom. By raising your hand, putting the question in the chat.
  - b. Jesse shared his screen with the slideshow of the Select Board's presentation. Jesse reminded residents about the town website and where to find updates on COVID-19, how to join a Select Board Meeting, Broadband project information, and meeting minutes.
  - c. Roads: Matt Gillilan reported on the FY20 road highlights.
    - i. Matt explained the Halloween storm and that the costs from the storm will be covered by FEMA. He also explained the Wright Road bridge project: The town will be responsible for 12.5% of the cost (approximately \$35,000) and the remaining costs will be paid by the FEMA and the State.

ii. Matt explained the paving loan balance of \$713,000 and went through the equipment replacement fund chart (also located on page 25 of the Town Report). Jon Bondy explained that the paving loan is ending in FY 25 or 26, so about the same time the balance in the equipment fund gets lower, the paving loan will end. Matt Gillilan confirmed that FY25 is the last payment on the paving loan. After the last payment on the paving loan, the Select Board will have to reevaluate the equipment replacement fund plan. At this point in the meeting, the Select Board paused and asked if there were any questions.

1. Michael Burke asked: Is the grader a lease that will have to be renewed? Matt Gillilan explained that the grader is a lease payment with a \$1 buyout. The Town will own the grader after the final lease payment.

d. FY 2020 Report: Jesse reported the information in on FY2020. Jesse Wiens explained that this information is also available in the Town Report.

i. Jesse explained the bottom line: There is a surplus of \$67,000 at the end of FY2020. The Select Board is proposing that it is applied to taxes in the FY22 budget. Jesse paused and explained how to raise your hand or use the chat to ask questions or comments about FY2020.

1. Pam Jedlicka asked if the builder is in anyway responsible for the buckling floor in the Town Office. Jon Bondy explained that the administrative costs to go back to the builder were more expensive and more hassle than it was worth. Jesse confirmed that \$9,000 out of the \$10,000 of the Town Office expenses were for the generator.

e. FY20 highlights report:

i. Karrie Sweet spoke to the \$18,000 grant the Town received to digitize Town records for research or email if needed. This grant paid for a large scanner for maps and books, Sybil's salary, a computer workstation, and portal for the digitized records. The portal will need to be budgeted in the future, but the set-up fees were covered by grant.

ii. Aimee Tinker spoke to the Election grant the Town received. This was a \$5,000 grant for anything to facilitate safe elections. The grant paid for an air purifier, laptop, acrylic dividers, tables, organizing shelves, additional signage, and a laminator. These items will be helpful for when elections can be held at the school again.

iii. Rich Bidwell spoke to the Town Office generator that will power the entire building, the heat pumps, the Office in the Town Garage, radiant floor heat, and the approximate \$1,000 savings in propane heating because the radiant heat floors are working properly.

1. Jesse Wiens thanked Rich for his hard work and opened floor to questions. There were no questions.

2. Sue Ferguson said great job on the grants and thanked Karrie and Aimee.

3. Pam Jedlicka said thanks to all for their hard work.

f. FY2021 updates:

i. Jesse Wiens spoke to the broadband project.

1. Jesse explained that there was a vote to take out a revenue loan and grant to complete a broadband buildout to the Town. The revenue loan is not a loan that is paid for by tax money and it will never become a part of taxes. The loan is paid for by revenue from the internet service. The Northern Borders grant for \$440,000 was secured. The project cost

reduced a little because Mansfield Community Fiber (MCF), who will be building out the fiber, added \$120,000 to the project. The VEDA loan has also been approved. Since approval there has been lots of work putting together the lease agreement and memorandum of understanding. The reason for the lease agreement is because the Town will own the fiber and lease it to MCF. We are on track for the application for poles, and Tim Nulty from MCF expects that this time next year (or at the start of Winter in 2021) a number of residents will be able to access the MCF services. The remaining residents will have access by the Summer of 2022. By September 2022 every Fletcher resident will have the ability to access high speed fiber optic internet if they wish. There is more information and an FAQ on the Town's website.

a. Michael Burk commented that the service is wonderful.

g. Alex Sargent to comment on the Town reappraisal:

i. Alex reported that the listers, working with Courtney from VT appraisal, are plugging along with the reappraisal. Alex has been traveling with Courtney and they have completed approximately 50-60 properties. Alex's connection was breaking up and Jon Bondy added that most people have given enough access to the appraisers so they can perform the assessments they needed. Alex was able to return to the meeting and confirmed that they have been working from the west side to the east side of town. Alex said it is planned for the reappraisal to be complete in 2022. Alex explained that the reappraisal is all pre-paid and there are no budget constraints for property owners. The Select Board opened the floor for questions.

1. What if you were appraised in the last couple of years? Alex Sargent explained that the last appraisal was in 2005 and that they want all homes and properties to be reappraised for the same year. All homes and properties will be reappraised regardless of their last reappraisal.

ii. Other questions and comments:

1. Sara Villeneuve had a question about broadband: She is concerned that she will have to pay \$1500 per house (6 houses) on her private road, to bring the fiber optic line up to our homes from Buck Hollow. Is this case to all private neighborhoods?

a. Jesse Wiens explained it is not the case for all private neighborhoods. There is not one size fits all cost. Jesse explained that the build out is building out to all roads, including private roads, up to the second to last house. The build out will not go to the home, but to the pole or conduit if it is underground. If residents want the service, they are responsible for the cost from the pole to their premises. MCF kicks in \$400 towards this cost. If it costs more than \$400 then you're responsible for the remainder. The cost is approximately \$1/foot for MCF to run fiber, but that cost doesn't include digging for conduit. Jon Bondy explained that if there is a situation where the phone company owns the infrastructure (like conduit) this could change the circumstances. Jon also explained that there is a plan for a universal access fund (10% of MCF profit after the loan is paid) that could help pay for the costs to residents. Sara confirmed that the website says it is 1.60/foot for MCF to dig. Jon explained that it might be helpful for

Jon, Jesse, and Sara to meet to talk about the situation she mentioned.

b. Dana Duchaine recommended that people go with MCF because they have been using their service for 4-5 months and they have done a fantastic job. Whether you want it above or below ground will depend on what you need. In their case, MCF ran the cable next to their existing conduit (they didn't have to put the cable in conduit because of how it is coated) and Dana paid a little more than \$400.

c. Sue Ferguson asked how to access the universal access fund. Jesse Wiens explained that MCF must build the network first and then the fund kicks in once there is actual profit from the broadband subscribers. After that, the Select Board will need to work out how residents will access the fund.

d. Michelle Frennier asked if the terms changed because MCF used to include 300 feet from the pole to the premises and now it is a dollar amount. Jesse explained it did change because contractor costs changed. Jesse explained that the other changes that they made increase the amount of mbps that each tier of service provides without increasing the prices of their service tiers. Jon Bondy explained that with Consolidated Communications, they never guaranteed you would receive the speed you were paying for, but with MCF he is actually getting faster speeds than he's paying for. Jon explained that the universal access fund was something MCF volunteered to do and it is a sign that they're behaving more like good neighbors than good businessmen. Michelle was recalling back to a few Select Board meetings where a town's person had requested service and there was some service connection that had to be added and she had to pay for that.

i. Pam Jedlicka

responded that this was her situation. That there is an item on the pole called a cap. This is not on every pole, so there may be additional costs for residents if the closest cap to their house is on a different road. The fiber must come from the pole with the cap. Jon Bondy said that he and Jesse Wiens can bring this concern it up to MCF for an explanation.

2. Michael Burk said their service has been great and hasn't gone out since August. He said with his previous service he had to reset his router almost daily.

3. Matt Swartz added that there are a few different types of cable: The drop line from the pole to the house and the fiber from the road to the trunk. The fiber from the road to the trunk needs to be run through conduit.

4. Jon Bondy suggested that the meeting move on because the informational meeting is about the vote and not only broadband. Jon suggested that maybe having a meeting or time during a Select Board meeting to discuss broadband. Jon also encouraged residents with broadband questions to contact himself and/or Jesse Wiens.

5. Jesse Wiens added that he is stepping down from the Select Board, but that he plans on helping to make sure the project is seen through to a good place, so that others can take on and handle the project. Jesse explained what a big deal the broadband project is and that it is in national and state news. Jesse encouraged residents to remember that the Town is pioneering bringing broadband to a rural town. A lot of Select Board members from other towns have been contacting Jesse wondering how they have brought broadband to Fletcher. Jon Bondy added that this is a main reason why it has taken so long to get documents together because we are breaking ground.

h. FY2021 updates continued:

i. Matt Gillilan spoke to the River Road box culvert grant: Work started in FY20 and the money for the grant was received in FY21. This grant was for approximately \$137,000. Matt also spoke to the Wright Road bridge project coming up this year. He explained that all difficult permits are in place and work should be able to begin this summer. Matt explained that Town trucks will be able to drive on the new bridge so it will be open year-round. The Select Board cut \$25,000 from the paving budget to help cover the Town's cost of the bridge.

ii. Matt also gave an update on the Halloween storm. The Town should hear from FEMA soon. FEMA is also involved in the Wright Road bridge project. Aimee Tinker explained that the Town has a new FEMA representative. Aimee said it is a long process that was made longer because of COVID. At this time there isn't a date for when the FEMA money is coming in, but it should be soon.

iii. Karrie Sweet spoke with the Town Office's response to COVID-19: To stick with the rules and guidelines for state the Town Office doors were closed, but people can come in by appointment. Karrie said that they want people to feel like they can get help when they need to and encourages people to use the green drop box when possible. Karrie explained that all researchers have to call and make appointments because only one person can work in the vault at a time. Jon Bondy added that when COVID became an issue about a year ago, the Select Board was concerned it would impact residents' abilities to pay tax bills. The Select Board had conversations about how COVID was impacting residents and didn't see an impact on residents' abilities to pay taxes. Jon said that he doesn't want to minimize the impact on our community, but that it feels like we've done better than other towns and that we should be grateful for that. At this point the Select Board paused for questions or comments.

i. Proposed budget for FY22:

i. Jon Bondy explained that Fairfax Fire expenses have been up. Though some costs are not due to negligence, the Select Board is going to come up with a policy to see if we can get reimbursement from insurance companies and have repercussions for residents if a call is due to negligence.

ii. On call Road Crew position: Jon explained that a person is identified for the on-call driver if needed.

iii. Taxes: Jon explained that taxes will be lower in FY22, but in FY23 taxes are likely to rise because for FY22 the \$67,000 surplus was applied. The hope is that by FY23, COVID will be behind us and the economy will be better. Jon explained that the Select Board tried hard to not have an increase this year.

6) At this point, the Select Board opened the meeting up to questions or conversation about candidates. Jon Bondy explained that in a normal year, a candidate would be nominated from the floor and they could speak in Town Meeting. The candidates were given the opportunity to speak in the Meet the Candidates meeting two weeks ago, but if a candidate wants to speak or if someone wants to talk to a candidate we can use this meeting as an opportunity for that. Jesse Wiens explained how to ask a question or raise your hand in a Zoom meeting. Jon also invited attendees to provide feedback on how the informational meeting went and if there are suggestions for doing things better.

a. Karrie Sweet thanked the Select Board because they have been working hard meeting every week. Karrie also thanked Jesse Wiens for his service on the Select Board and how much he is appreciated. Karrie addressed the Select Board candidates: She wished them luck and explained that it is different being on Zoom and it can be hard to learn not being in person. Karrie hopes we can all start meeting again in person. Karrie explained that the Select Board you'll work with is great and that it is a commitment.

b. Jon Bondy commented that Jesse Wiens has been an important member of the Select Board and he hopes that someday in the future Jesse will run again.

c. Tara Sweet raised this question for candidates: How many Select Board meetings did you attend once you decided to run?

i. Corey Decker said she listened in on Select Board meetings since there has been the Zoom capability and since Jesse encouraged her to run.

1. Jon Bondy asked for clarity because Corey did not attend Select Board meetings and only attended the Meet the Candidates meeting.

a. Corey explained that that is what she meant.

ii. Matt Swartz said he has attended since a little before when he was appointed to the Select Board (to temporarily fill Christine Nilsen's seat). He explained that he did miss a couple of meetings because of travel for work.

iii. Tessa Anderson said she has been to all the Select Board meetings since she decided to run in February and knows there is a lot to learn. She said she is happy to continue participating even if she isn't elected.

iv. Bruce Douglas said he has attended a few meetings since he decided to run, but he doesn't think it is necessary to attend meetings before running. He did say that it is important to attend after you've been elected and made the commitment.

1. Jon Bondy responded and said that he respectfully disagreed with Bruce. That there was a time when people would come onto the Select Board without knowing what it was about. Jon said he remembered when Rich Bidwell attended meetings and alerted Jon that he was interested before he ran.

2. Bruce said that he likes that everyone can be heard and respected on the Select Board even if they have differing opinions.

3. Jon explained that as chairmen his goal is to have a consensus from the Select Board. Jon gave an example of a conversation about beaver trapping. That the Town had trapped for 20 years before Christine Nilsen expressed that she did not believe trapping was the right beaver mitigation. Now the Town is doing something different for beaver mitigation. Jon said he likes that the Select Board can be candid.

v. Jesse Wiens thanked everyone for their kind words. Jesse wanted residents to know that he is stepping down for personal reasons.

vi. Sue Ferguson asked how the candidates were lined up? She explained that there are two, 3-year Select Board terms and she is wondering how the candidates were put into the seats they are running for and how the Town decided that.

1. Jon Bondy explained that the candidates selected what position they wanted to run for, not the Town. He also clarified that there are two, 3-year terms and one 1-year term.

vii. Rich Bidwell thanked Jesse Wiens for all he's done for the Town. Rich also said that all people running for a Select Board seat should know there are helpful classes available from the state about how a Select Board works.

viii. Jon Bondy asked if there were other questions. There were no more questions or comments. Jon thanked everyone for attending.

d. Meeting adjourned at 8:49pm

## **2021 Annual School Meeting Minutes**

### **School Board Informational Meeting via Zoom**

**Wednesday, February 24, 2021**

The following people were present.

#### Board Members:

Tara Sweet (Chair), Aimee Cardinal (Clerk), Melissa Sargent-Minor, Jess Graff, David Clark

#### Administrators:

Jim Tager (FWSU Superintendent), Randy Morton (FWSU Business Manager), Chris Dodge (Fletcher School Principal), Linda Keating (FWSU Assessment, Curriculum, & Instruction Director), Transcriptionist: Candy Granger (FWSU Human Resources & Benefits Coordinator)

#### Guests:

Samantha Gilbert, Aimee Tinker, Susan Ferguson, Janet Young, Josh Cozzens, Karrie Sweet, Krystal Jenness, Jeff Still, Sara Villeneuve, Shana Kane, Staci Davis, Sybil Jewell, Lynn Douglas, Andrea Zamuda, Michelle Frennier, Barbara O'Brien, & Janice Girard

#### 1. Call to Order:

Tara Sweet called the meeting to order at 6:01pm. The Fletcher Board introduced themselves & Tara introduced the FWSU staff & Chris Dodge.

#### 2. Annual FY'2021-2022 School Budget Presentation:

Tara presented the FL FY'22 budget slide show. This showed the enrollment is steadily declining. The FWSU assessment has decreased to 5.94% of the FWSU budget. We added a full time teacher based on staff request. We increased the nurse position to full time due to student need. We reduced a preschool teacher from 4 days to 2

days per week due to projected decreased enrollment. She explained how the town residents voted to add \$100k into the school's capital improvement fund. There is a \$179k surplus that the board decided to return to the taxpayers for tax reduction. There is an overall \$49k secondary tuition reduction. The new full time teaching position is budgeted at \$70k. The health insurance has increased \$61k due to increased premiums & the statewide bargaining agreement, which are both out of our control. The board kept the budget mostly flat other than wages & insurance. They are hoping the added teacher position is only for the upcoming year so the board will reassess it to see if the position is sustainable for the following year. The budget has increased 4.37%. Tara explained the tax comparison to the FY'21 budget. She explained that these numbers weren't finalized when information was given to the town, so this is now the most accurate information.

She reviewed the estimated school property tax reductions based on the information they have right now. She read the Article 3, school budget warning. She also showed the 5- year capital improvement plan. She thanked the town for supporting our capital improvements through FY'25. She explained that the projections are best estimates from Tod Granger, the FWSU Facilities Director, & they'll get more accurate projections once the project gets closer to being performed.

Susan Ferguson asked if there's 11 less secondary tuition students why is the difference only a \$46k decrease. Randy said he thinks those numbers have changed recently & he said they usually budget 2 additional students in case a family moves in. He built the budget on 94 FTE. He doesn't know what information she's looking at. She asked why the need for the additional teacher. Chris said that when he collaborated with the staff, they wanted to keep small class sizes. She is seriously concerned about if we're losing students and why we continue to hire a teacher. She doesn't support adding the teacher nor does she support this budget.

Sara Villeneuve said she's a Fairfax High School teacher & she said the most challenging job is to keep students safe by spreading out. She said the Fletcher teachers have been very flexible to help maintain social distancing. She believes we should keep this model until we're out of the pandemic to keep students safe & she supports this.

Krystal Jenness thanked the board & Tara for a thorough report & all the work that was put into the budget. She agrees with Susan & asked what the Fletcher teacher position will be & why the increase in nurse of .60 FTE with less student enrollment. Tara said the nurse increase is due to a student need & that Chris will be working with the staff to decide how things will get shifted around for classroom structure. Chris said this new teacher position will be a classroom teacher & it will probably be around a K-2 range primary teacher.

Shana Kane asked what grades teachers are teaching. Chris said he hasn't decided that yet, but his current office will likely become a classroom again next year.

Susan Ferguson asked what the CLA was this year. Randy said its 86.34%, which is up slightly, which is favorable for us.

Josh Cozzens asked about paying for religious schools & what's the status on that. Jim said nothing has changed since yesterday's board meeting & that it's still in litigation, so no new comment yet. He said as of right now there was a lawsuit for 2 families for the second semester at Rice for the Georgia School, but there will be more information coming & he'll share more once he knows more. Josh said that he had no idea that we didn't already pay for school choice to religious schools, since it's much less than other private schools. Jim recommends Josh asking him for an update at the next board meeting. Josh asked about seniors in high school taking courses at CCV. Tara said yes students can take 2 classes in their junior & senior years that the state pays for. Josh asked if a junior could graduate early & go to a college instead of a year in high school for school choice to apply. Tara said it isn't legal that they could do that.

Shana Kane asked if Miss Locke is teaching students or is she still in her support role of a coaching position. Chris said that Ms. Cardone & Ms. Locke split the classroom time between them, but not in equal amounts of time.

Krystal Jenness asked if increasing the nurse by .60 is due to an obligation. Chris said yes, the level of nursing care is required to provide through a student plan beyond a level of expertise in the building.

Susan Ferguson asked about the guidance insurance benefit increasing so much more compared to other lines. Randy explained it's based on changes to the insurance plans that employees can elect based on the statewide bargaining agreement.

Jim reiterated that the nurse increase is based on student need & the full time teacher increase will definitely be looked at again. Susan Ferguson asked what the vote was from the board to add the additional teacher. Tara said it was 3-2.

Janet Young said the school & school board have done a great job this year with the whole COVID situation & we've had students going to school 4 days per week & she applauds everyone for keeping the staff to student ratio low.

Michelle Frennier said the Fletcher school has done a great job this year, as her family is teaching remotely & she appreciates how the school has included her children to keep them connected with their classmates. She's very impressed & hoping her children can return back to school in person next year & she thanked them.

Tara said the recording of this meeting will be available on the FWSU website under the Fletcher School Board. Samantha said it will be up on the site tomorrow.

### **PART II**

The sums of money or rate percent on a dollar of the Grand List of the Town are hereby appropriated for the purpose specified in FY 2022-2023 recommended Budget. Such sums of money are hereinafter voted, unless otherwise designated, shall be available only during the fiscal year and if within such year an appropriation therefore is not lawfully utilized or if the same of any unexpected balance thereof remains in the Town Treasury at the end of each year, the same shall, unless otherwise specified by law, revert to the Town Treasury.

### **PART III**

Taxes are to be paid to the Town Treasurer, based on quarterly due dates listed on Tax Bills.

All delinquent taxes bear interest at the rate of one (1) percent per month from the due date, and delinquent taxes are subject to an 8% Collector's fee.

## SELECT BOARD REPORT FOR FY 2021 (2020-2021)

### Revenue

- We collected slightly less Property Taxes than we had budgeted due to a tax abatement [line 2]
- Roads: State Aid [line 12] was up \$29K due to one-time Covid relief payment.
- Insurance Claims of \$5K [line 14] was for Fairfax Road guardrails
- Grants: total for road grants was \$165K revenue (which was offset by \$159.9K in expenses and \$6.2K in road crew salary for a total of \$166K, so a wash). Non-road grants included \$18K for digitization grant [line 22] and Elections grant for \$5K [line 23].
- Took in \$240K more than we had budgeted, most of which was grant-related

### Expenses

- Preservation of Records [line 101]: over by \$5K, but paid for out of \$18K digitization grant
- Scanner/Printer [line 194]: paid for out of \$18K digitization grant
- Expenses under Newsletter [line 180] were for bulk mailings about Town Meeting, etc
- Elections grant was expended on [line 195]
- Total for Admin Expenses [line 217] is an \$8K surplus, but \$18K of those expenses were funded by the digitization grant, so Admin Expenses **really** spent \$26K less than budgeted.
- Road Crew Wages [line 235] had a \$13K surplus and Benefits [248] had an \$8K surplus.
- Equipment [line 305] had a \$50K surplus, much of that from Diesel Fuel [line 298]
- Summer Class 3 Gravel [line 331] over by \$20K
- Summer Class 3 Chloride [line 333] over by \$18K
- Road Maint [line 367] has an apparent \$175K deficit, but \$159K of that is grant work, so the real deficit is only \$16K. Deficits in Gravel and Chloride were offset by savings in Equipment and Road Crew Wages and Benefits.

### Surplus

The Surplus of \$144K is [partially] explained by

- State Aid [line 12] was up \$29K
- Road crew wages [line 235] down by \$13K and Road crew benefits [line 248] down by \$8K
- Equipment [line 305] down by \$50K (mostly Diesel Fuel [line 298])
- Admin Expenses [line 217] was less than budgeted by \$26K (see above)

This table shows how the grant revenue and expenses panned out

Grant Name	Revenue	Expenses	Net
Boozan Hill	\$14.7K [line 19]	\$6.5K [line 351]	\$8.2K
River Rd 2006	\$137.0K [line 20]	\$152.0K [line 357]	\$-15K
River Rd 1956	\$13.5K [line 21]	\$1.2K [line 352]	\$12.3K
Digitization	\$18.0K [line 22]	\$12.0K [line 194] + \$6.0K [line 101]	\$0
Elections	\$5.0K [line 23]	\$4.6K [line 195]	\$0.4K

## SELECT BOARD NOTES FOR FY 2023 (2022-2023) BUDGET

We ended FY21 (2020-2021) with a surplus of \$144K and applied \$100K of that surplus to reduce taxes in FY23 (2022-2023). As a consequence, taxes collected in FY23 will fall by \$4K compared to FY22 [line 2].

We anticipate being reimbursed \$155K by FEMA for expenses already incurred surrounding the Halloween Storm in 2019, as you can see in the Balance Sheet [pg. 22] for FY21 under Due From/To Other Funds. We anticipate another \$200K of FEMA reimbursement, primarily for the Wright Road Bridge, which will appear in the Balance Sheet for FY22, in next year's Town Report.

Fletcher has received \$200K in ARPA money from the federal government and will receive another \$200K this year. There are complex and ever-changing restrictions on how that money can be spent. We need to spend it all by 2026 and are working on a plan for that money.

One thing that we know we can use the ARPA money for is the digitization of our land records [line 101]. We added a line for ARPA under Grants revenue [line 24]. We anticipate spending \$11,000 on the digitization. It is unusual that we can budget for a grant in this way. Note that Restoration [line 189] is for re-binding of old land record books, not for digitization. We are in the middle of a 10 year project to complete the re-binding.

Aimee will be doing the paperwork for the loan and grant for the Broadband project. We budgeted \$2K for this [line 59]. All of these expenses plus all related legal expenses will be reimbursed by Mansfield Community Fiber once that project is making income.

Lister's Salary was reduced by \$5K because they have not been spending it all [Line 120]

We received a request from Cambridge Rescue to bump their contribution up from \$4K to \$15.7K [line 141], to match Fairfax Rescue. Cambridge Rescue responds to far fewer incidents than Fairfax Rescue. We believe that a contribution of \$7K would be more appropriate. We are negotiating with Cambridge Rescue, but for now we have included the entire \$15.7K in the budget.

We had to do a few mass mailings due to Covid, and those expenses were put under Newsletter [line 180]. We are considering doing quarterly mailings especially for people who are not connected to the internet.

Those of you with sharp eyes may have noticed that health insurance fell [line 238]; this is not a typo!

We plan to sell the 2007 International truck in the fall and purchasing a new 2023 International truck, so maintenance costs for the 2007 truck are reduced. [Line 259]

We continue to budget high for diesel fuel [line 298] in anticipation of price increases.

We spent \$100K on Paving in FY22 [line 321], down 25K, so that we could pay for our share of the Wright Road bridge project, which was primarily funded by FEMA [line 341]. We will also spend \$100K on paving in FY23. The missing 25K will support new box culverts on Kinsley and Booze Hill roads [line 342]. These culverts will be paid for primarily by FEMA, to reduce possible flood damage in the future. We expect Paving to be back up to \$125K next year.

We will contribute \$13.5K to the Equipment Fund this year [line 359].

As mentioned above, the 2007 International is too old for us to continue to use. The bed is so rotten that we can no longer use it for sanding. We have ordered a 2023 International truck to replace the 2007, to be delivered in the fall of 2022.

## ROAD COMMISSIONER'S REPORT

(July 1, 2020- June 30, 2021)

This year, along with the regular work such as plowing, sanding, grading and ditching, we were busy with ongoing work due to the 2019 Halloween storm. We completed the box culvert on River Road, and we were able to do additional ditching thanks to State grant money (see grant spreadsheet). We repaired guard rails on Fairfax Road, Fairfield Road and Ellsworth Road. Paving was done on Fairfield Road. Work began on the Wright Road bridge and was completed in FY22. The Wright Road is now open year round. I would like to thank the residents for their support and patience as the road crew work on our roads. Working on public highways is a dangerous job that requires us to all have a little extra patience at times. As always if you have a road related issue, please call the Town Garage at 849-6178.

Thank you,

Matt Gillilan

## LISTERS' REPORT

We're continuing to work closely with Vermont Appraisal Company (VAC) in Essex, VT for our full Town reappraisal which started last year. The reappraisal will take two years. Property owners will not see tax differences until 2023. Our last town reappraisal was in 2005. Most Vermont towns do a reappraisal every ten years. In 2020, Fletcher's Common Level of Appraisal (CLA) was 86.17%. In 2019, the State changed the regulation for state intervention mandating a reappraisal from a CLA of 80% to 85%. Although our CLA fell within the State's parameters we haven't done a reappraisal in 14 years. We submitted the application to the State stating our intent for a full reappraisal. Each year the State gives Fletcher money for each parcel to set aside for a reappraisal. This money is what we are using to pay VAC. The cost of the reappraisal has no direct impact on Fletcher residents.

We have finished a large portion of the Western part of Fletcher and are working on the East. Property owners can expect a letter from us to schedule a visit. The Listers and VAC have been trained and certified to mitigate the COVID pandemic. We respect your health concerns and reservations during the reappraisal and are very grateful for your cooperation and patience.

If you have any issues or concerns, feel free to call us at 849-6616 or email [listers@fletchervt.net](mailto:listers@fletchervt.net) to set up an appointment. Our regular office hours are Mondays, Tuesdays, and Thursdays from 10:00am – 12:00 noon.

Respectfully,

Charles Tinker, Sr.

## ZONING ADMINISTRATOR'S REPORT

The Zoning Administrator administers the Development Regulations for the Town of Fletcher, VT. No land development or building of any kind may be started within the Town of Fletcher without a zoning permit. Home occupations also need zoning permits. If you have a question about whether your proposed project needs a permit, please contact the Zoning Administrator at the Town Office at (802) 849-6616 or [zoning@fletchervt.net](mailto:zoning@fletchervt.net). Zoning office hours are Monday night 6:00pm-8:00pm and Wednesday 10:00am-12:00pm.

In addition to a zoning permit, a Certificate of Occupancy must be issued for any zoning permit construction before it is used. This certifies that the work for which the permit was issued was completed in accordance with the approved plans and specifications, and requirements of the Fletcher Development Regulations.

**ANY ZONING PERMITS AFTER JANUARY 1, 2011 MUST HAVE A CERTIFICATE OF OCCUPANCY IN ORDER TO SELL OR REFINANCE THE PROPERTY.**

For Development Review Board projects, you may also contact the Zoning Administrator for assistance.

Maurice Rathbun  
Zoning Administrator

## DEVELOPMENT REVIEW BOARD REPORT

The Fletcher Development Review Board reviews applications for land development as required by the Development Regulations for the Town of Fletcher.

In 2021, the DRB reviewed 3 applications for access approval, 1 conditional use, and 1 amendment to a subdivision site plan.

Several members of the DRB have been serving for many years and would like to think about retirement. If you have an interest in serving our community in this way please contact Suzanne at [chair-drb@fletchervt.net](mailto:chair-drb@fletchervt.net).

## PLANNING COMMISSION REPORT

The Planning Commission (PC) and Select Board worked together in 2021 to address questions and concerns in the updated Town Plan and came to understanding and agreeing on wording and formatting to put together a Town Plan that will serve as a valuable tool for planning, development and project funding.

The PC warned another Public Hearing to approve the Plan on July 6, 2021. All Planning Commission members and two town citizens attended and discussed additional information on homeowner wind generation, public transportation and the Lamoille Valley Rail Trail. Per this input all members voted to add minor changes and information to the Town Plan. Additionally, Monica Przyperhart, from the Cold Hollow to Canada Organization attended and discussed preserving forestland and wildlife corridors from Fletcher to the Canadian border and offered her expertise for future planning and regulation language.

The new revised Town Plan was formally submitted to the Select Board and approved on September 20, 2021. It was then forwarded and approved by the Northwest Regional Planning Commission. Fletcher now has a new Town Plan in place. Hard copies are available at the Town Office or online at <https://fletchervt.net/planning/>

The Planning Commission will regroup in 2022 to reorganize, discuss forestland and wildlife corridors and the next project to be addressed.

## NORTHWEST REGIONAL PLANNING COMMISSION

### NORTHWEST REGIONAL PLANNING COMMISSION Town Report, 2021 - Fletcher

Northwest Regional Planning Commission (NRPC) is a multi-purpose governmental organization created by the municipalities of Franklin and Grand Isle Counties. NRPC implements a variety of projects and programs tailored to local, regional and statewide needs. All municipalities in the region are entitled to equal voting representation by two locally appointed members to the Board of Commissioners.

#### 2021 FLETCHER TOWN PROJECTS

- Updated the locally adopted Emergency Management Plan which will help the town be prepared for future disasters.
- Consulted with local officials, identified projects and provided technical assistance for Municipal Roads Grants-in-Aid construction projects.
- Completed additional data updates and revisions to the Fletcher Town Plan which was adopted by the Fletcher Selectboard on September 20, 2021.
- Provided grant administration and technical assistance for the Town's Northern Border Regional Commission Grant to extend broadband infrastructure throughout the town.
- Completed Fletcher Town Plan Review process for Regional Approval.

This year the Commission will assist our member municipalities with maximizing state and local COVID recovery funds, Municipal Roads General Permit compliance, water quality project implementation, local energy and climate planning, emergency preparedness, brownfields redevelopment and other needed services. NRPC will help promote the Missisquoi and Lamoille Valley Rail Trails, support local farm and food businesses through its Healthy Roots Collaborative, assist the Northwest Communications Union District in expanding broadband access in the region, and initiate a three-year housing development campaign. The Commission has no regulatory or taxing authority; however, each year we do request a per capita assessment in support of local and regional activities and to provide matching funds for state and federal programs.

Your continued support for local and regional planning is greatly appreciated. NRPC is your resource - please call on us for assistance with planning, zoning, transportation, mapping or other needs.

## 2021 FLETCHER TOWN HEALTH OFFICER'S REPORT

In Vermont, a town health officer is appointed by the Vermont Department of Health (VDH), upon the recommendation of the town Selectboard, which makes a town health officer a state official with local statutory responsibility and authority. The primary responsibility of a town health officer is to investigate conditions within their jurisdiction that may be a public health hazard, and to enforce the provisions of Title 18 of the Vermont State Statutes. Some of the common types of concerns that may be directed to the town health officer for investigation and/or enforcement include: failing sewage systems, rental housing complaints, complaints of animal cruelty, and notification of animal bites.

A town health officer also works with the VDH to disseminate information to the public concerning locally reported or suspected public health hazards and risks, such as vector borne (e.g. rabies and West Nile virus) and water borne diseases (e.g. giardiasis and blue-green algae/cyanobacteria). The VDH website at [www.healthvermont.gov](http://www.healthvermont.gov), is an excellent resource for Vermonters to find information on a wide variety of health issues, especially the continuing COVID-19 crisis, as well as a list of services provided by the VDH.

The VDH continues to be concerned about several tick-borne diseases in our state and region, including Lyme disease. The VDH suggests that Vermonters “Be Tick Smart”, that is: use repellent; wear light colored pants and long sleeved shirts; perform daily checks on yourself, your children and your pets; remove ticks with tweezers; and watch for disease symptoms (rash, fever, muscle aches, fatigue, and/or joint pain). See [www.healthvermont.gov](http://www.healthvermont.gov) for more details.

Rabies is another issue of concern in our area. Again, the VDH advises: Don't feed or touch wild animals, or animals you don't know—even baby animals. Get rabies shots for all your pets, including cats, and register your dogs with the Town Clerk annually. Seek medical care right away if you are bitten, or get animal saliva in a cut, eyes, nose or mouth. If you have contact with an animal that you believe may have rabies, call the VDH at 800-640-4374 or 863-7240 (8 to 4:30 Mon-Fri).

In 2021, I received information from area health care providers regarding three separate animal bites in Fletcher and followed up with notice of the required 10 day quarantine in all cases. Two of the three cases involved dogs who were unrestrained, unregistered, and unvaccinated. In addition, one case required a hearing before the Selectboard, which resulted in fines for the owner of the dog. In both cases, the lack of easy access to records of vaccinations made the process of care for the bite victims more complicated and dangerous than was necessary. Please, help to keep your community safe – keep your vaccinations up to date and register your dogs annually with the Town Clerk, as required by state law.

If you have any public health issues that you think may be within the purview of the town health officer (as outlined above), please do not hesitate to contact me.

David Clark  
Fletcher Town Health Officer

## 2021 LOCAL HEALTH ANNUAL REPORT

Twelve Local Health District Offices around the state provide health services and promote wellness for all Vermonters. Additional information about your local health office and related programs can be found at <https://www.healthvermont.gov/local>.

### COVID-19

It has been almost two years since the COVID-19 pandemic began, and in response, our families, schools, businesses, first responders, and countless other groups have worked to better protect the health of our communities. Together we ensured towns had access to the vaccine, testing, and other services needed to make more informed decisions about their health. As of December 1, 2021, approximately:

- 494,000 Vermonters received at least one dose of COVID-19 vaccine.
- 546,055 people have been tested and a total of 2,570,835 tests completed.
- Many COVID-19 resources are now provided in over 20 different languages.
- Up-to-date information, including town-level data can be found on the Health Department's website: <https://www.healthvermont.gov/covid-19/current-activity>.

### Public Health Programs

In addition to COVID-19 response efforts, Local Health offices continue to provide health services and programs to Vermont communities, including but not limited to:

- In collaboration with Town Health Officers and other local partners, we help Vermonters better understand the relationship between their environment and their health at a time when more of us are spending time at home with our families. Find information about environmental health and lead, asbestos, toxic chemicals, child safety, food safety, climate change, drinking water, and more at <https://www.healthvermont.gov/environment>.
- The WIC nutrition program continues to provide primarily remote access to services with phone appointments. In 2021, an average of approximately 11,300 infants, children, and pregnant, postpartum, and breastfeeding people were served by WIC in Vermont each month.
- As of November 23, 2021, 193,000 flu vaccine doses have been administered. Protecting people from influenza continues to be particularly important as the flu may complicate recovery from COVID-19.

Thank you to everyone involved in supporting these efforts. We look forward to what 2022 brings, to seeing you in the community, and encourage you to stay in touch with us.

## DOG LICENSE FEES

License fees are due and payable at the Town Clerk's office on or before April 1 of each year. A current rabies certificate is required at the time of licensing, as well as documentation of altering if applicable. The fees are \$13.00 for non-altered dogs and \$9.00 for altered dogs. A late fee applies after April 1.

## VSNIP

The VT Spay Neuter Incentive Program aka “VSNIP”, under the oversight of the VT Economic Services Department, is administered by VT Volunteer Services for Animals Humane Society (VVSa). VSNIP helps financially challenged Vermont residents spay/neuter cats and dogs for \$27.00. The balance is paid by fellow Vermonters when dogs are licensed by an added \$4.00 fee, the major funding for this important program. Funds are determined by the number of dogs licensed, which is required by law when a dog is six months of age. A current rabies vaccination is required to register, and a rabies vaccination can be administered after 12 weeks of age for both cats and dogs.

Prostate and mammary cancer is more likely to occur in unsterilized cats and dogs. It's not pretty and they're likely to die. Animals live longer and happier when they're spayed and neutered, are less likely to fight for territory, and mark what they claim to be “theirs”!

**Licensing a dog:** 1) helps identify your dog if lost, 2) provides proof your dog is protected from rabies in the event your dog is bitten by a rabid animal, but would still need immediate medical attention, 3) if your dog bites an animal or person – which could result in quarantine or possible euthanasia to test for infection, and 4) helps pay for VSNIP, addressing the population situation in Vermont.

Farms with cats should especially be aware that one rabid cat or dog can affect an entire population of animals on the premises. The answer is neutering through VSNIP which includes a rabies vaccination and the first of the two part distemper series.

Look for Rabies Clinics in March across the state. You can call your veterinarian and ask the cost of a rabies vaccination only, or call your nearest Tractor Supply Store for their Monthly Rabies Clinic schedule. Rabies IS in Vermont and it IS deadly.

To receive a VSNIP Application, send a 9” S.A.S.E to: VSNIP, PO Box 104, Bridgewater, VT 05034. Indicate if it's for a cat, dog or both. For more information, call 802-672-5302.

Please visit our website: [www.VVSAHS.org](http://www.VVSAHS.org)

VVSA will be hosting Rabies Clinics in March. Call for dates and locations.

***The animals thank you in advance! Together We Truly Do Make A Difference!!***

## FLETCHER HISTORICAL SOCIETY REPORT

The Fletcher Historical Society members are excited to be meeting in person again after the hiatus caused by COVID 19. Meetings are held at the Historical Society Building on Cambridge Road the 3rd Wednesday of the month @ 6PM. All residents of Fletcher are invited and encouraged to join the Historical Society. Membership is \$20 a year or \$100 for a lifetime membership. In 2021, members worked diligently to raise funds for the much-needed repairs and painting of the Historical Society building. Over the past year, the rummage sale, a summer pie sale and the monthly Texas Hold Em's tournaments has brought in some much needed funds for these projects. In January 2022, a letter asking for donations was mailed to every household in Fletcher asking for donations to help with these critical repairs and to help with maintenance costs.

In 2022, members of the Historical Society are planning to continue fundraising. We will begin to host speakers and programs about Vermont history and the history of Fletcher. Hopefully, you will be able to join us for at least some of these events. If you have a creative idea for a fundraiser or speaker, please let Charles Tinker (849-2120) or Deb Tilton (849-6095) know. These events will be a great way to bring our neighbors and community together. Please check the Fletcher Folk Facebook page as well as other local social media platforms for upcoming Historical Society events. Signs are also posted at local businesses and the Fletcher Town Office.

### **Town of Fletcher Residents Served by Elderly & Disabled/Medicaid Service in FY21:**

- **1,160 Total Trips Provided to Fletcher residents whose address falls in other towns (e.g. Cambridge, Fairfax, Fairfield, East Fairfield).**

### **General Public Transportation Service**

GMT provides the Franklin Grand Isle region with traditional public transportation service through deviated fixed route, commuter routes, weekly shopping shuttle and direct regional connections to Chittenden County. These services directly **support** regional economic development, individual savings and environmental stewardship. Current routes for the region include:

- **St. Albans LINK Express**
- **Alburgh-Georgia Commuter**
- **St. Albans Shuttle**
- **Richford-St. Albans Commuter**
- **Price Chopper Shopping Shuttle**

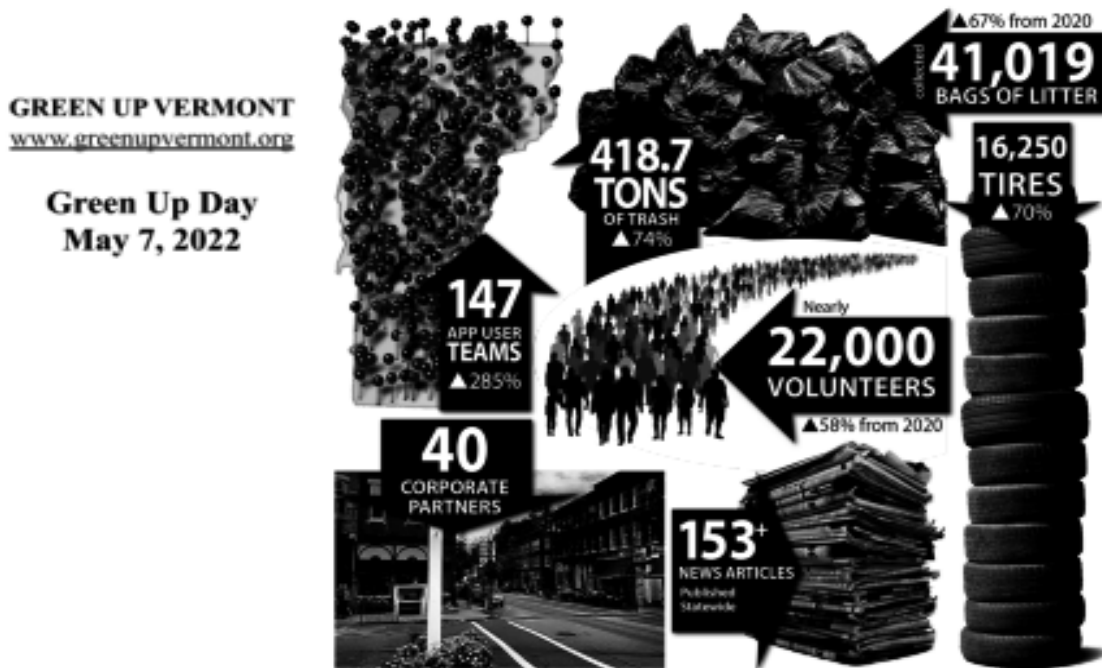

### **GMT Volunteer Driver Program**

In addition to shuttle vehicles, GMT uses an extensive network of Volunteer Drivers to provide coordinated and caring rides throughout our rural service area. Volunteer Drivers are essential in providing cost effective and community driven services, and are the foundation of our special services. Drivers are reimbursed for the miles they drive and provide services under the management of GMT.

Thank you to Town of Fletcher taxpayers and officials for your continued financial support of GMT's public transportation service and for your commitment to efficient transportation solutions.

Please feel free to contact Jamie Smith, Director of Planning and Marketing with questions or to request additional information on GMT services at 802-540-1098 or [jamie@RideGMT.com](mailto:jamie@RideGMT.com).

## GREEN UP VERMONT

**Green Up Day on May 1, 2021** was a huge success thanks to nearly 22,000 volunteers statewide who Greened Up. The infographic shows that all your hard work to beautify Vermont is needed and that it makes where we get to live, work, and play a very special place. As one of Vermont's favorite holidays, it is imperative for today and for future generations to keep building pride, awareness, and stewardship for a clean Vermont environment.

Support from your municipality is essential to our program. Funds help pay for Green Up Day supplies, promotional outreach, and educational resources including activity books, contests for kids, and a \$1,000 scholarship.

Along with Green Up Day, we work year-round to further our impact with waste reduction initiatives, additional clean-up efforts, and educational programs.

Green Up Vermont is a private nonprofit organization that relies on your town's support to execute the tradition of cleaning up our roads and waterways, while promoting civic pride, and community engagement. Thank you for your support of this crucial program that takes care of all our cities and towns.

Your donations make a huge impact and can be made on Line 23 of the Vermont State Income Tax Form or anytime online at [www.greenupvermont.org](http://www.greenupvermont.org).

## **FIRE WARDEN REPORT**

### **SECTIONS 7076 7077 OF THE VERMONT STATUTES REVISION OF 1947, AS AMENDED REQUIRE THAT:**

Fires kindled for the purpose of burning brush or for other lawful purpose shall be kindled only at such times and such conditions as will enable the parties starting them to keep them entirely under control. Except as provided in this section, a person shall not kindle or authorize another to kindle a fire in the open air for the purpose of burning brush, weeds, or grass, except where there is snow on the site, without first obtaining permission from the fire warden or deputy warden of the town, stating when and where such fire may be kindled. Whenever such permission is granted, such warden or state forester or his deputy, within twelve hours, shall issue a written permit for record purposes stating when and where such fire may be kindled. Such permission shall not be required for the kindling of a fire in a location, which is two hundred feet or more from any woodland, timberland or field containing **DRY GRASS** or other inflammable plant material contiguous to woodland. A person who violated a provision of the section shall be fined not more than \$200.00 or imprisoned not more than six months or both. Whenever the State Forester shall deem that the public safety of any town or portion of a town or this State does not require the protection provided in this section, he may cause the Town fire warden of any such town to post fire notices to that effect in not less than five conspicuous places. The provisions of this section will not apply whenever (1) such notices have been posted nor (2) to fires built in stone arches at the state recreational area; nor (3) to fires built in containers, used for burning brush, weeds or grass when conditions are deemed satisfactory to the town fire warden; nor (4) to areas within cities or villages maintaining a fire department.

Justices of the Peace shall have concurrent jurisdiction with municipal and county courts of offenses committed in violation of the provisions of this section.

The State Forester may, with the written approval of the fire governor, during periods of extreme fire hazards, notify town fire wardens that for a special period no brush burning permits shall be issued. The wardens shall not issue permits during the specified period.

## FAIRFAX RESCUE REPORT

**Fairfax Rescue**  
P.O. Box 428  
Fairfax, Vermont 05454  
802-849-2773

To the Town of Fletcher,

We are pleased to present you with our report for 2021. Fairfax Rescue is a private not for profit corporation. We are primarily a volunteer Paramedic level service that provides Advanced Life Support at the paramedic level to the towns of Fairfax, Fletcher, and the northern area of Westford. Our highly skilled members offer quality advanced life support coverage 24 hours a day, seven days a week. We are proud to report that our dedicated volunteers provide over 80% of our coverage, donating thousands of hours throughout the year. In addition to the coverage that we provide to our service area, we also provide mutual aid to the towns of Cambridge, Georgia, Milton, St. Albans, and East Fairfield. We are also happy to provide standby coverage for community events.

Our team responded to a total of 65 active 911 calls in Fletcher during 2021. A majority of the calls were at the advanced life support level.

In addition to providing emergency medical services, we are dedicated to educating the communities that we serve. We offer CPR classes, Stop the Bleed, and other EMS classes at the Basic Life Support and Advanced Life Support levels. We have several CPR instructors and offer CPR, first aid, and Stop the Bleed to our local school teachers, coaches, daycare providers, workplaces, and community members who wish to be certified in CPR.

In 2021 our team continued to adapt to the challenges of operating in a pandemic situation. We embraced new ways of working and new ways of educating. We increased our efforts in promoting volunteerism and hosted several classes including an EMT class, a Vermont First Responder class, and several emergency vehicle driver training classes. Our number of volunteer members has increased as a result of hosting these classes.

We have seen an increase in operational costs in 2021 due to the increased cost of fuel, medications, and personal protective equipment. While we expect that these costs will remain elevated in 2022, we also expect that our increased call volume and increase in volunteerism will mitigate the increase in operational costs. Therefore, we are proposing that there will be no increase for the cost of EMS services provided to the Town of Fletcher in the 2022 budget year.

Fairfax Rescue is always recruiting and relies on new volunteers. Contact us at 802-849-2773, stop by our station at 14 Goodall St in Fairfax, visit our webpage at <http://www.fairfaxrescue.org/> or like us on Facebook for information on becoming a volunteer and the classes that we offer.

We are proud to serve your community and look forward to hearing from you.

Sincerely,  
Kathy Jochim, NRP  
Director of Operations, Fairfax Rescue

## FAIRFAX FIRE DEPARTMENT 2021 ANNUAL REPORT

### Fairfax Fire Department

Breakdown by Major Incident Response

Town of Fletcher

01/01/2021 – 12/31/2021

All homes should be equipped with working smoke and carbon monoxide (CO) alarms. Alarms should be tested monthly, and batteries replaced at least once a year. Using a vacuum or compressed air to clean sensor will help prevent false alarms. Modern alarms have a service life of ten (10) years. Any alarm more than 10 years old (manufacture date is located on back of alarm) needs to be replaced as it may fail to alarm when needed or could result in a false alarm.

In single family owner-occupied structures, Vermont codes require homes built after 01/01/1994 to have hardwired with battery back-up Photoelectric smoke alarms in the immediate vicinity of sleeping rooms, inside each sleeping room, and on all floor-levels, including the basement. Homes built prior to 1994 may have hardwired or battery powered smoke alarms.

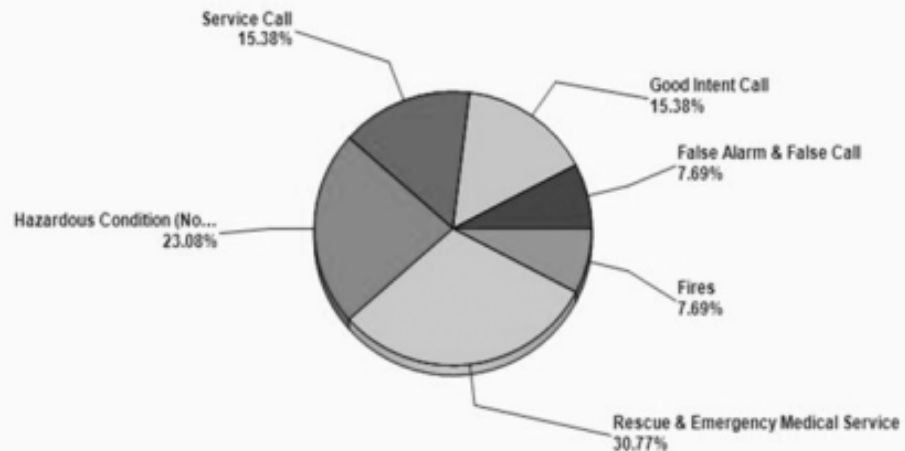

A carbon monoxide alarm must be provided outside each sleeping area in the immediate vicinity of the bedrooms. An additional alarm shall be provided in each sleeping room that contains a fuel-burning appliance. Combination Smoke & CO alarms are available for these locations.

If you have any questions regarding Smoke or Carbon Monoxide alarms, or any other fire safety topic, feel free to contact me at 802-849-6075.

Respectfully submitted,

David Raymond

The Cambridge Fire Department answered 171 calls in 2021. Below is a breakdown:  
Auto Alarms = 90      Structure Fires = 5      MVA = 28      Hazmat = 11      Grass Fires = 3  
Good Intent/Backcountry = 15      Rescue Assist = 6      Chimney = 4      Car/Appliance/Power lines = 9

This will be my last report as the Chief of the Cambridge Fire Company. I am making it public that I will officially be stepping down as Fire Chief in January 2023. In January of 2023, I will have proudly served the Cambridge Fire Company for a total of 40 years, with 25 years as the Chief. I plan to resign from my Chief's position at the end of this year and remain on as a firefighter.

In my years as Chief, I have had the pleasure to lead a great team of men and women. We as a team have changed-over an entire fleet of trucks and equipment, as well as built a beautiful fire station that will serve our community for many years. It took the team of dedicated members to accomplish these goals and to stay up to date with today's standards.

I would also like to thank you, the taxpayer, for all your support of myself and the Fire Company over the years. The fire team has been my second family for decades, growing up right next door to the fire station, and following in my father's footsteps first as a firefighter and then as Chief. I am proud to have served this community for so many years and will continue to serve in a lesser capacity while supporting the new officers and new Chief as best I can.

## PRINCIPAL'S ANNUAL REPORT 2020-2021

Dear Fletcher Families,

As we consider life in a school learning community, every year is filled with both endings and new beginnings. This year we want to acknowledge the contributions of those that have left and welcome those that have shared in new beginnings here at Fletcher Elementary School. In addition to this, I would like to share some of the areas we have been working on to strengthen our school.

After thirty years of service to the children of Fletcher, Mrs. Sharon Tinker retired. Many of you know the numerous hats that Mrs. Tinker wore around the school, her gifts in multi-tasking, her love of people, and her ability to handle whatever came her way with a gracious smile. Please join me in wishing her continued happiness in retirement. In addition to this, I want to take a moment to thank Chris Dodge, MC Baker, Jen McConnell, Lisa Coale, Denette Locke, Kathleen Pellegrino, and Katy Johnson for their contributions to the Fletcher School community.

Since school closures in March of 2020, schools across the country have been responding to ever changing guidance and working hard to continue to educate the children of our communities. Throughout most of last school year, Fletcher utilized a hybrid schedule, offering a mix of face to face and virtual teaching. This year, we returned to full time five day a week face to face instruction. With continued support of the parents in this community and dedication of our teachers, students have gotten back into a routine. All of the change with Covid has not been easy for anyone, but children are thriving with being back to face to face instruction with teachers.

Which brings me to the new, incredible professionals that we have welcomed into our learning community. We have welcomed Andrianna Cousineau in Second Grade, Geoff Pac in Intervention, Courtney Ireland as the new Administrative Assistant, Dave Lawson as a paraprofessional, Katelynn Maher in Music, Cassandra Gengras in Art, Tina Bly as Guidance Counselor, Tom Schmidt as our part time custodian, and I'm proud to be the new principal! In addition to this our student enrollment is up! From 93 to 112, many of our classrooms are full of students and great ideas, and something that will strengthen our community. Many of these students are actually families moving into our community, so say hello to those new faces around town!

This transition of staff provided us with a unique opportunity to rebuild our team and focus on exploring new ways to support students in the area of reading. Most would agree that skills in reading lead to all other learning- which is why it is so important to get it right in elementary schools. Using a portion of the Covid relief federal funds identified to help student learning, we purchased new small group reading materials and direct instruction materials to boost the quality of our instruction in this content area. I am really excited to work with teachers to ensure students have every opportunity available to them.

This year has had many challenges but with the support of the parents, community, and teachers, we are making a difference for children! Thank you for your continued support of your community school.

Sincerely,

Aimee Toth, Principal of Fletcher Elementary School

## FLETCHER SCHOOL BOARD REPORT

Dear Fletcher Taxpayers,

Another unpredictable year has passed us by. As I did last year, I want to start by saying another big THANK YOU to our entire school staff for their flexibility and for their continued efforts to educate the students of Fletcher in the safest manner possible. Many changes and challenges have occurred and will continue to occur in the coming months and we, the Fletcher School Board ('The Board'), THANK YOU for your continued flexibility and resilience while educating the students of Fletcher.

The Board has developed a fiscally responsible budget again this year. We have done our best to keep costs at a minimum while assessing the needs of the school community. For FY22, we are again seeing a slight reduction in secondary education spending due to smaller classes beginning their secondary education and larger classes graduating from the Fletcher School District. These are small shifts and will change again in the coming years as people move in and out of Town and our class sizes adjust. Our current fourth through sixth grades are larger and will be entering their secondary education in a few years; therefore, we will likely see increased spending in secondary education. In addition, our new Principal Aimee Toth reported that there has been an increase in students this fiscal year. The Board has worked with school administration, staff and the FWSU office to prepare this budget.

At Town Meeting in 2020, the Town voted from the floor to authorize the Board to add \$100,000 to our budget for the Capital Improvement Fund for the next five years in accordance with our Capital Improvement Plan. The Board was and continues to be grateful for this support. In FY21, we were able to have the elevator lift repaired and added electricity and water to our outdoor classroom which has been heavily utilized as the pandemic continues. In FY22, we completed the much needed bathroom ADA renovations with additional HVAC that was needed to provide the freshest air possible to the bathrooms and the older half of the building. This project did come in higher than the Board had estimated; this was due to the rising cost of materials and labor that has evolved over the last year. The Board was committed to getting these bathrooms ADA compliant and the HVAC upgraded. The convection oven has been ordered and hopefully it will arrive soon. The Board anticipates that at the end of FY21 we will have underspent our budget with an estimated \$278,000 surplus, which the final audit report should confirm. Previously, the voters had authorized the Board to allocate up to 50% of any surplus to the Capital Improvement Fund. After many discussions, the Board voted to transfer 50% of this surplus to offsetting revenue for the FY23 budget, and 50% to the Capital Improvement Fund to help with the additional funds used for the ADA bathrooms and additional costs associated with the much needed playground upgrade. We are currently looking at an education spending increase of 2.79% as compared to the anticipated statewide average increase of 4.28%."

Additionally, the State continues to re-evaluate some of its funding sources for Vermont schools. Currently, we have adjusted our budget due to the current changes to Act 173, the Special Education funding. The changes to Act 173 are to be implemented effective July 1, 2022. Currently, the Legislature has been discussing whether to postpone the implementation. Should that occur, our budget will likely be overstated. At this time, the Board needs to present the budget based on the information we have received as of today, January 18, 2022. In addition, the State is also reviewing a proposed Pupil Weighting Factors Report that has been performed. When the Board first learned of this report, it was not advantageous to Fletcher Elementary, as of right now the current model being discussed may be favorable for Fletcher Elementary. The Board is watching this closely, but if, when and how this model will be implemented, this will be out of the Board's hands, so we must plan accordingly. As a member of the Vermont School Board Association, I am able to get first-hand knowledge of the impact regarding the different Acts and initiatives being presented in the Legislature and how it will affect the Fletcher Elementary budget. The Board thanks you for supporting this budget and for your continued trust in the Board to make our school a source of pride for Fletcher. Please reach out to the Board if there are any questions you may have. As a reminder, this FY23 budget will be voted on via Australian ballot again this year, so please watch for our Zoom informational meeting which is being held on February 22<sup>nd</sup> at 7pm. If you wish to be contacted with the Zoom information for this meeting, please email [atoth@fwsu.org](mailto:atoth@fwsu.org) or myself at [tsweet@fwsu.org](mailto:tsweet@fwsu.org). Also, please contact the Town Clerk's office for your ballot or vote at the Town office on Town Meeting day.

Hope to see you next year (fingers crossed) at an in-person School District Meeting.

Respectfully,

Tara Sweet  
Fletcher School Board Chair

## SUPERINTENDENT'S REPORT

Dear Fletcher Community Members,

It has been my distinct pleasure to serve as the Interim Superintendent for Franklin West since July 1st. Having worked in FWSU for the past 29 years, I knew this district was a great place to teach and learn. However, through my new role and the resulting interactions with students, staff, and community members in all three schools, I have come to fully understand what an amazing school system we have. Our teachers are dedicated to serving the needs of our students and our students show a strong desire to learn. Teachers have welcomed me into their classrooms and students are always willing to show me what they are learning. Our community supports our work while sharing their concerns through thoughtful and respectful discussion.

As we began the school year, it became clear that we would not be returning to the post-COVID environment that we had anticipated when summer vacation began in June. With the prevalence of the delta variant, we reopened schools following the Agency of Education's guidance that included masks, contact tracing, and quarantine. These mitigation strategies were implemented to keep students and staff safe and in school five days a week. Throughout the year, our staff has adjusted and adapted to changing conditions and guidelines. Their flexibility and resilience have been instrumental in keeping our schools open so students have the best opportunity to make academic progress. In November, we were able to change our protocol from quarantine to "Test to Stay". Through daily testing of close contacts, we were able to keep hundreds of students in school after a possible exposure. Our success in contact tracing and testing would not have been possible without the tireless efforts of our school nurses. In addition to their regular daily duties, they staffed testing sites starting at 6:45 in the morning and contacted families into the evening and over the weekend! Throughout it all, they have maintained a focus on doing the right thing for our students. As I write this letter, we are awaiting new guidance from the AOE that will help shift our focus and resources away from health operations and back to academic progress.

Along with the challenges of COVID came opportunities for all of our schools in the form of ESSER funds. As a supervisory union, we received \$222,867 through ESSER 1, \$971,345 from ESSER 2, and \$2,175,544 from ARP-ESSER 3. All ESSER funding must be used to prepare, prevent or respond to COVID-19. We have used the funds from ESSER 1 to support immediate needs within our schools including PPE, support for additional hours for our nurses, meal delivery, and increased technology needs. ESSER 2 funds have been used for summer programming for students, math and literacy resources for students, outdoor equipment, mental health support, and staffing to enhance data literacy and support services. We have begun to formulate a plan for the ARP-ESSER funds. Part of the requirements for accessing these funds is called "meaningful consultation". To accomplish this, in February, we will share a survey with our community stakeholders to gather feedback and ideas regarding our intended use of these funds. Our focus is on improving instructional practices as well as some construction projects at each of the schools. We want to use our remaining ESSER funds in a way that has a long lasting impact on our students and does not add a financial burden to our communities when the funding is gone. Further details about ESSER can be found on our website, [www.fwsu.org](http://www.fwsu.org).

FWSU continues to be guided by the Vision and Action Plan of our former Superintendent Ned Kirsch. Our "*belief in what is possible*" is supported by and supports our goals for Proficiency Based Personalized Learning, Leadership, Flexible Learning Environments, and Engaged Community Partners. We strive for innovation, engagement, and equity in all of our work which is highlighted in the FWSU story published three times per week. Please check it out or subscribe if you have not already done so.

In closing, I want to thank our building administrators and school board members for their dedication to all of our students and staff. Our principals have creatively solved problems to overcome staffing challenges and a lack of substitutes. They have provided support and encouragement to their staff to help meet the needs of our students. Your school board members have provided resources, had difficult conversations, and remained focused on our goal to keep our students in school. Together, the administration and boards have developed budgets that meet the needs of our students and reduce the tax burden on our community. All of our work is done in service to our students and as I've always believed and stated, "**we have the best students anywhere**". Thank you for your continued support of our schools and students.

Respectfully submitted,

John T. Tague  
Interim Superintendent

## FRIENDS OF FLETCHER ELEMENTARY (FOFE)

In 2021 FOFE celebrated our teachers and school staff. Educators and school administrators are true heroes! Fletcher Elementary is full of caring, talented staff who work every day to make sure the children of Fletcher are safe and healthy and create a school environment for our children to learn and grow. In the past year FOFE focused on making sure our teachers and school staff felt acknowledged and appreciated with themed monthly gestures of gratitude throughout the 2020-2021 school year.

A huge success for us this past year was the amazing end of the school year event. There were games, face painting and a bouncy house for fun outdoor play. A concert by Rockin' Ron the Friendly Pirate, a Ben and Jerry's ice cream truck came to hand out special treats and to top it all off A PARADE went past the school! It was a real day of celebration for children who have demonstrated such adaptability and resilience through the pandemic.

Although community events and gatherings have continued to be postponed, FOFE was able to provide tasty treats to students and families at the outdoor welcome back breakfast for the first day of school in 2021. Embracing the shift to outdoor events FOFE hosted our first ever Trunk or Treat in the school parking lot and fields. The event was a huge success with over 100 people attending. This event was so well received that we hope to make it an annual event in the future. Our annual Thanksgiving meal food drive was another great success with meals delivered to 6 Fletcher families. And a big thanks to our community for your amazing generosity with our annual holiday gift drive. 125 mittens were sponsored and we supported 6 families with gifts and food for a happy holiday.

Fundraising continues to be a challenge as we learn to adapt and explore new strategies. This year, inspired by our success with many years and multiple fundraisers with Claussen's, we have been researching and learning about other Vermont companies that offer school fundraising options. We were very happy with our recent Cookie Love fundraiser and are in the process of setting up fundraisers with the Vermont Nut Free Chocolates and a local pizza restaurant so keep your eyes out for more information from our president Kayla Wright who posts event and fundraising information on Facebook @ Friends of Fletcher Elementary.

FOFE would like to extend a big thank you to our community for your ongoing support!

**Picture from 1st annual Trunk or Treat hosted by FOFE**

Currently FOFE is meeting via ZOOM on the first Monday of each month. We welcome all community members to participate. For more information and a link to join the meeting, please email us at [FOFEVT@gmail.com](mailto:FOFEVT@gmail.com) or visit us on Facebook: "Friends of Fletcher Elementary/FOFE". FOFE's mission: to create opportunities for the students of Fletcher Elementary through enrichment programs and socially-responsible activities, while encouraging closer relationships between the school, home, and the greater school community.

<p>- Following current statute, the Tax Commissioner recommended a property yield of \$13,846 for every \$1.00 of homestead tax per \$100 of equalized property value, an income yield of \$16,706 for a base income percent of 2.0%, and a non-residential tax rate of \$1.385. <b>THESE FIGURES USE THE ESTIMATED \$90,000,000 SURPLUS FROM THE EDUCATION FUND. I DO NOT EXPECT THAT SURPLUS WILL BE USED TO INCREASE THE YIELDS.</b> I would suggest using the figures provided without the surplus: \$12,937 for the property yield, \$15,484 for the income yield, and \$1.482 for the non-homestead tax rate.</p> <p>- Final figures will be set by the Legislature during the legislative session and approved by the Governor.</p>
