This document sets out the data for appeals from the Agency of Natural Resources (ANR) for the most recent five-year period available from the documents posted at <https://www.vermontjudiciary.org/JC/CourtStatistics.aspx>, the court statistics web page of the Vermont Judiciary. That page does not have complete statistics for FY 14 and 15 for the Environmental Division. However, a document on that page does state that 12 new appeals from ANR were filed with the Division in FY 14.

\*In addition to ANR appeals, the Environmental Division statistics for FY 2009 report one separately classified “air permit appeal” from ANR during that year, which was settled by consent order or assurance of discontinuance. The Division statistics for FY 2010 through 2013 report zero air permit appeals.
