Thanks Robin - I'd intended for each request to apply only to the individual to whom it was addressed. So if, for instance, Michael and the governor had an email exchange in which you or Lawrence weren't involved, then I wouldn't expect my request to you to produce that particular exchange. That's why I've filed them separately - I was told by some lawyers that it would be easier for you guys to find the responsive records if all you had to worry about were your own documents/communications.

I think this is the same as what Lawrence just forwarded, but let me know if I'm missing something. You don't need to also send it to Michael, fyi.

Subject: Public Records Request

Dear Robin,

The following is a public records request, pursuant to 1 V.S.A. sec 315 et seq. Vermont Public Radio requests, from Jan. 1 2014 to the present, all documents and communications related to:

- The development of a financing plan for a publicly funded health care system;
- Modeling related to a financing plan for a publicly funded health care system;
- The financial viability of a publicly funded health care system;
- Federal Affordable Care Act waiver funding
- Any alternatives to a publicly funded health care system; and
- Political issues or considerations involving a publicly funded health care system

For the purposes of this request, "communications" means: communication in any form or medium, including oral, telephonic, written, email and electronic communications. "Document" means: any public record or public document, as defined in 1 V.S.A. sec. 317(b), and includes correspondence, letter, paper, record or file kept in any medium, including hard copies, paper copies, all electronic media, and all mail communications.

If any part of these requests is denied, please list the specific criteria you are relying on for the denial.

If you claim that any document or communication is exempt from this request due to an exemption in public records law, or any alleged privilege, please identify which documents you claim are exempt, and

specify the exemption or privilege you think applies.

Thank you for your help, and please don't hesitate to call with any questions.

Peter Hirschfeld
