

Celebrating 37 years of Continuing Medical Education Excellence

February 5, 2019

Representative Ann Pugh, Chair
House Human Services Committee
Montpelier, VT 05601

Dear Representative Pugh:

The Physician Assistant Academy of Vermont (PAAV) supports efforts to protect women's reproductive rights and access to comprehensive reproductive care.

Healthcare providers must be able to provide evidence-based, high quality care that aligns with a patient's goals. Therefore, the PAAV supports H. 57.

Please contact us if you have any further questions.

Sincerely,

Christine O'Neill, MMSc, PA-C

President, Board of Directors
PA Academy of Vermont
