Dear Debbie and Gordy:

Congratulations on the beautiful new addition to your family. It appears from her picture that Anna already has such personality – and a loving big brother to watch out for her.

As the father of daughters, there's nothing quite like having a little girl. Mine have brought me such joy (and a fair number of challenges, as any child does) and I love being a part of their lives every day. Trust me, before you know it she'll be heading off to college and you won't know where the time has gone, so cherish every day, and Gordon, practice playing dress up and memorize the names of all the Disney princesses ASAP!

Again, my sincere congratulations on the new lady in your lives. May you have a lifetime of joy with each other.

All my best,

Phil Scott
