Jessica, I completely understand the time constraints. Deb Loring was the candidate initially put forward by VHF for the Board who was not selected. I think it would be particularly helpful if she heard from you first before I follow-up with her and notify the group.

Hi Barry,

I have not had time to let applicants know that they weren't selected. There were a few but I lost track – there was one specifically from the Humane Federation. Typically we just let the group announce who was selected. Unfortunately I just don't have time to contact everyone in every situation. If there are specific people, I can do that – but right now I am processing so many appointments.

Thanks!

Jessica,

I was wondering if you had contacted those who were nominated/not nominated to this Board for the animal welfare spots. As you know, a few VHF members were nominated and not all were accepted. I wanted to send an update to our group letting them know who was selected, but I want to make sure all the applicants have heard back from the Governor's office before I do so. Please let me know if these have gone out or when you expect to send them.

Thanks,

Hi Barry,

Thanks for the chat yesterday!
I think we are going to go with Erika Holm from Central VT – her and I spoke yesterday and we think she'd be a good fit.

Jessica,

Thanks for talking with me today about this appointment. Attached you will find my completed application.

I did reach out to a few people involved in the Vermont Humane Federation who would be superb nominees. It is my understanding that Erika Holm, Director of Operations at the Central VT Humane Society, and Annie Guion, Executive Director of the Windham County Humane Society, both sent you their applications today. Heidi Edmunds, Executive Director at Lucy Mackenzie Humane Society, is also interested and may send you her application in the morning. I know all of these individuals well and each has years of experience dealing directly with animal cruelty cases in Vermont. I believe any one of them would do an exceptional job of working in a collaborative way to represent the interests of animal welfare organizations on the Board.

Please let me know if you need any information or if I can be helpful in any way.

All the best,

Hi Barry,

I'm working from home until about 10:30 - so anytime before that! I'll be on the road with the governor after that for the rest of the day.

Talk soon,

JV

Jessica,

Apologize for not getting back to you today. I've been traveling or in meetings all afternoon. I'd be happy to talk with you about this and can give you a call in the morning. Let me know if there is a time that is best for you.

Thanks,

Hi Barry,

We are putting together the new established Animal Cruelty Advisory Board, and your name was recommended by the Governor and a few individuals who were involved with the bill to serve as an appointee. Can you give me a call? 802-343-3164 (cell)

Thanks!
