The following applicants had questions regarding supervision:

Kelley, Katherine, MA – She may submit supervision post degree before 7/1/2008. She may submit supervision once she was registered as a trainee, after 4/21/2010. She may not submit any unregistered supervised hours between 7/1/08 and 4/21/10. These hours will not be accepted as she was not registered as a trainee at the time the supervision took place. Approved.

McCuin, Tara, MA – Because she was not registered as a psychology trainee, her submitted post masters degree supervision is not accepted for licensure at the master's level of licensure. Approved.

6. Other:

- a. Jurisprudence exam – This was tabled until the Board's next meeting.
- b. Rosanna Lak will be attending the Board's meeting in November to discuss the participation of the Board in a continuing education activity.
- c. Director Winters will be attending the meeting in November to discuss the budget.
- d. The Board will discuss at its next meeting the possibility of doing a public disclosure audit or possibly putting something on the renewal asking licensees if they have an updated public disclosure.

7. Correspondence:

- a. Adam Grundt emailed the Board asking if he can charge supervisees a percentage of their earnings or must he charge a flat fee for supervision? The Board responded that supervisors are not permitted to have a financial stake in the supervisee's practice. A percentage of the supervisee's earnings is prohibited. It should be noted that while a licensee may supervise an individual who is affiliated with his/her practice, if that relationship gives the supervisor a financial stake in the supervisee's practice, supervision toward licensure would be disqualified, 4.7(c). The psychological trainee should seek supervision by someone who does not have such a financial relationship.

8. Public Comment

9. The Board adjourned at 11:30 a.m.

2013 Scheduled Meetings of the Board: November 8, December 13
