Dear Legislators,

I reviewed your list of unexpended funds contained in your letter of February 13, 2019. All funds in the attached document are either encumbered under active contracts or otherwise committed to approved projects.

The only confirmed surplus that we feel is eligible for reallocation is the \$10,806.43 remaining from the completed Barre Courthouse study.

Please let me know if you have any additional questions.

Sincerely,

Christopher Cole  
Commissioner
