Dear Don:

Congratulations on your well-deserved retirement. Too often, the behind-the-scenes work and talent of dedicated people like yourself isn't properly recognized until after the fact, because the very nature of your work means making things run smoothly for others. However, with your calm, level-headed presence you've empowered Vermonters of all stripes to debate in a (usually) civil manner, set an example of service for your children and grandchildren, and witnessed some of the most historic legislative decisions in Vermont history.

In so many ways, you've made an incredible difference. So from one Barre boy to another:
Thank you for your service.

Sincerely,

Phil Scott
