- a. ARELLO Annual Meeting

Commissioners Murray and Raphael are attending the annual meeting in Washington, DC, in September.

- b. Inspectors and sign/advertising violations

Following the full Commission meeting, the inspectors will be discussing process.

- c. 2015 Calendar, Initiatives, and Priorities

- 1 - Agency and the Mandatory Consumer Information Disclosure

The draft Administrative Rules are through ICAR and the public hearing has been set to follow the Commission's August 27th meeting. A notice will be sent to licensees and the format will include both an in-person meeting at OPR as well as the on-line GoTo Meeting. The Commission asked for follow up with Gabe Gilman and his agreement to revisit the mandatory disclosure. Discussion concluded that it is critical that the new disclosure be ready at the time the draft Administrative Rules go into effect. Time at the August 27th meeting will be dedicated to working on this.

- 2 - Education Process - completing policy and moving to a contracted position for review

The Commission was notified that their provision for the \$100 education course approval fee was moved out of the Fee Bill and into Act 57. The on-line forms have been modified and the fee will be charged for any course submissions going forward. The Commission discussed next steps to move forward with the contracted position for course review and approval.

3 - Inspection Program - focus on "notice of violation" process

There was no new information to report on this.

d. OPR Fee Bill

The content affecting the Commission was moved into Act 57 and is currently in place.

e. Link on Commission's website for active property inspectors

The Commission reported that there is now a link on the Commission's website for obtaining an active list of property inspectors. It was noted that the list is still small, encouraging licensees to talk to property inspectors and remind them that licensing is now required.

## **7. New Business:**

Commissioner Raphael reported that staff has made changes to licensing forms to require a supervising broker's signature when a late or lapsed license requests to be renewed, insuring that the brokerage firm still accepts the licensee under their firm.
