The appropriations bill goes:

Commission
Tax
DPS
Agriculture
Health

Might make sense to match.

Thanks. Any order particular order for the positions and appropriations. I want to match them, and they are different now.

Hi Michele,

Two quick things I noticed

Section 26. (1) is missing a 0 – only ready 200,00 right now.

We also need to add a position in Agriculture – a Cannabis program specialist. And the chemist should read “Agricultural Chemist”

Hi gang,

Here's what I have for now. I wasn't sure about the DPS breakout for DREs. Let me know if there are additional changes needed before committee at 2:00.

Best,
M
