Thanks Patti, a CD or thumbdrive will go out in the mail to you today. Will circle back on other – assume Senators Sears and esp. Benning are on your list too. Sen. MacDonald was also very involved in actual fee amounts. I got to know Linda W-S and to a lesser extent Michelle Fay largely through this work, enjoyed working with them both. Will keep in touch on this. Hope all is well,
Sarah

Hi Sarah,

My address is P.O. Box 513, Dorset 05251. Thank you. On another topic...

I know you were part of the discussions last session regarding the fee bill and the gun dealer fee to hold guns for people who had relief from abuse orders served. This passed the House but the Senate watered down this section of the bill. I'd like to try to resurrect what we passed in the House. Does the Administration have interest in this? I think its horrible that a violent person can just turn his weapons over to a friend who only needs to sign an affidavit. That can't give the potential victim a lot of peace of mind.

I'll be reaching out to others on this issue as well, but I know you were involved last go'round.

Thanks,

Patti

Hi Representative Komline,
Due to the volume of records responsive to your request related to Jonathan Gruber, we will need to paper-mail you an electronic copy (unless you prefer to pick up a CD or thumb-drive here later this week). Do you have a preferred mailing address? Just let me know your preference. Thanks very much,
Sarah
