7. Discussion:

Colin Benjamin, Director of OPR. Mr. Benjamin spoke with the Board regarding the Naturopathic Physicians new prescribing rules regarding prescription drugs. The Naturopathic physician formulary is going to be sunseting July 2016 and all Naturopaths who wish to prescribe legend drugs will be required to pass a pharmacology specific examination to obtain the prescriptive authority endorsement. Legislature has also mandated that Naturopaths will be required to have their prescriptions reviewed by a medical physician or Osteopathic Physician for a minimum of the first 100 prescriptions, written outside the current formulary, or a minimum of one year. Mr. Benjamin wanted to inform the Board that members of the Osteopathic community may receive requests from Naturopathic physicians to review for them. Dr. Perrapato suggested that OPR form a 2-3 member review panel that would meet every three months to review the prescriptions from Naturopaths who have obtained this endorsement. He felt this would provide consistency for the Naturopaths.

Mr. Novins discussed the Office changes regarding an administrative law officer who will now be hearing Board matters. The Board supports review and selection by the case manager of cases which should be heard by the Board. Dr. Peterson made a motion that all unprofessional Conduct cases that do not involve practice issues, scope of practice issues, determination of what the standards of practice are or should be, or the role of Osteopathic Physicians may be heard by an Administrative Law Officer. The Board authorizes utilization of title 3V.S.A. § 129(f) for those cases. Dr. Perrapato seconded the motion. Motion passed.

8. Other Business Introduced by the Board:

Dr. Peterson informed the Board that he received correspondence from Pat King with the University of Vermont Medical Center regarding a speaker that was coming to the University to present a lecture on graduate practices as they interface with the Federation of State Medical Boards. Dr. Peterson will forward the information on the lecture to all of the Board members in case they wish to attend.
