

Hello,

Unfortunately, I cannot attend today's hearing but would like to register my opposition to H57.

Every abortion stops a beating heart and ends a life before it has a chance to grow and thrive. As a Christian, I am called to defend the defenseless and nothing is more defenseless than these babies. The gift of life is just that, a gift, and such a valued gift should be given the protection needed to go forth into this world. Preserving that life so he or she has an chance to demonstrate love and bring love into this community should be celebrated.

I oppose this bill so that the most vulnerable in our community can always have a voice and defender for their rights.
