Governor Peter Shumlin

Pavillion Office Buildings

State Street

Montpelier VT 05602

ATTN: Sarah London Counsel to the Governor

Thank you for your response of August 11, 2016 to my query, but it is wrong. As the chief executive officer for the state of Vermont, the highest elected official, the office of the governor of the state of Vermont is in fact the legal custodian of the records I am seeking.

As a citizen I certainly would have expected the courtesy of this letter being forwarded to the Vermont Department of Housing and Community Development, where Ms. Noelle MacKay worked prior to her appointed as Burlington's directory of the community and economic development office (CEDO)

Unlike the states refusal to release the federal query of the EB5 Center, at this time, to the best of my knowledge neither Burlington CEDO nor Ms. MacKay are under federal investigation.

Again I request copies of all emails exchanged between Noelle MacKay, acting as a Vermont State Government official, and the City of Burlington for the past 24 months. I request this under the Vermont Public Right to Know Law. Please provide me with an estimate of any costs involved before you fulfill my request.

Sincerely,

Margaret Murray
