2021 ANNUAL REPORT Town and School

Annual Report Town of Danville 2021

Winters in West Danville village were harsh with bone chilling winds whipping down the three ponds, creating drifting snow and large snowbanks. These children, bundled up for the cold temperatures, may be thinking about heading into Hastings Store to warm up with a cup of hot cocoa. F.B. Milligan's Store can be seen in the upper left corner of the photo, taken before the road through the village was changed to avoid the sharp left turn to cross the old bridge over Joe's Brook heading west. INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Danville
Danville, Vermont

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Danville, Vermont as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Danville, Vermont, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8, the Schedule of Proportionate Share of the Net Pension Liability on Schedule 1 and the Schedule of Contributions on Schedule 2 on pages 39 through 40 and the Schedule of Revenue, Expenditures and Fund Balance Budget to Actual on page 41 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Danville, Vermont basic financial statements. The combining fund financial statements and budgetary comparison schedule for the General Fund are presented for purpose of additional analysis and are not a required part of the basic financial statements. These schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by "Government Auditing Standards"

In accordance with "Government Auditing Standards," we have also issued our report dated June 21, 2021 on our consideration of the Town of Danville, Vermont's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with "Government Auditing Standards" in considering the Town of Danville, Vermont's internal control over financial reporting and compliance.

Selectboard Report

First and foremost, we extend our sincere appreciation to all of the town employees and volunteers who have continued to provide a high level of service in the most difficult of times this year. It has been unique and challenging, but also rewarding to see the results of their efforts and the recognition and appreciation of their efforts by their fellow townspeople.

The passage of the American Rescue Plan Act (ARPA) by Congress resulted in the Town of Danville being allocated in excess of \$636,000 from the US Treasury. The first half of that amount was received in 2021 and the second half will be received in 2022. We are waiting a final determination as to the permitted uses of these funds. Once permitted uses of these funds is known, the Selectboard intends to solicit input from the residents regarding their ideas as to how best to apply these funds for maximum benefit to the Town.

The Selectboard continue to work with the guidance received from the CDC (Center for Disease Control and Prevention) and VDH (Vermont Department of Health) to help make the most informed decisions possible in an effort to slow the spread of COVID in our community. A mask mandate was temporarily put in place to help reduce the spread and keep residents safe.

The Town received \$39,372.00 Materials Management Infrastructure Grant (MMIG) funding toward infrastructure improvements for the establishment of the Town recycling center at its new location at the Highway Garage. The estimated cost of the project is \$100,000 and was approved by the voters at Town Meeting 2021. The purpose is to improve the safe and efficient collection of mandatory recyclables and food scraps. The concrete flooring has been poured and the Town is hoping for completion of this project in the spring of 2022.

The Train Station committee has been diligently working to find a new fit for the use of the train station once the recycle center moves to its new location. As the building is in need of work, the committee has been applying for infrastructure grants to preserve the historic building. Their plan is to restore the exterior of the building adding back the platform and canopy. In addition to the exterior, plans to install a wayfinding kiosk to the interior of the building is being looked into. Other future plans will be to restore the passenger area with a new bathroom along with restoration of the south side freight doors, refinish the floors, repair plaster walls and ceiling, and develop a parking plan. In addition to all their planning, the committee held a 150th anniversary celebration in August for the construction of the Train Station.

Conservation Commission held a woods walk in the Rodgers Lot Town Forest to showcase the forest management plan for the forest and the management activities which included the timber harvest location by HB Logging.

We wish to thank the following volunteers for their dedication and support for the many hours of service they have given to the Town: Dave Houston, Conservation Commission, 15 years; Troy Cochran, Fire Chief, 12 years; and Jenni Lavoie, Planning Commission, 3 years. We thank you for your volunteerism.

The Selectboard also thank all the volunteers who give countless hours of service to the Town of Danville through their services such as the Fire Department, Development Review Board, Planning Commission, Conservation Commission, Train Station Committee, Fire Warden, Tree Warden and those who monitored the Wood Dump during its open hours and all other appointed unpaid positions.

We have seen an influx of new residents this year and we warmly welcome them to Danville. Anyone needing assistance should contact Town Hall or members of the Selectboard. If any resident is looking to volunteer, they should contact the Selectboard to discuss vacancies on Town committees.

Town Clerk's Report

With the continued challenges 2021 brought, I want to reflect on all of the accomplishments that happened in the Town Clerk's office. There were significant technology changes that brought the town records to the 21st century.

In 2020 we secured a digitization grant, which enables to scan our land records and have them available online. This year we were able to scan and index from December 2004 through current, which represents about 42,000 pages. Sharon Daniell has been spear heading this project, scanning and indexing our older lands records as well as keeping up with current recordings & mylars. It is our goal to have 32 years' worth of land records digitized by the end of 2022. This has been great for the attorneys and researchers, as they are able to view these documents online. This system also offers a consistent revenue stream to the town, completely remotely.

To add to our town records upgrade, we are in the process of scanning all of the Town's survey maps so they will also be available online. Diane Banister has been working on this project, and has been able to scan over 80% of the town's approximate 686 recorded survey maps. This has really simplified how we print our maps, as well as has been more cost effective for the office. As part of the grant we received, we made the scanner available to surrounding smaller towns. The Town of Walden has been able to scan a large percentage of their survey maps, with the Town of Marshfield requesting to do the same.

Once the land records are digitized, it is our goal to continue on with permits. This project has been a massive undertaking for the office, and I want to thank Sharon & Diane for all their hard work and dedication to this project.

This year was a year of trying to get back to normal. The Town Hall is open for normal business. We are still booking appointments for research of the land records, but all day-to-day operations are back to pre-pandemic procedures. All we ask is that you wear a mask when you are in the building. This helps us stay open to serve you.

In closing, I would like to thank the residents of Danville for their continued support and confidence. I would also like to thank all of my co-workers for their support and knowledge. When we work together, we can overcome any challenge and make great things happen. Here's to a brighter and less stressful 2022.

Wendy M. Somers, Town Clerk/Treasurer

Before the days of school buses, students were often transported to school by horse and wagons owned by local farmers. Margaret Fay Speir took this photo of a group of students during her years of teaching at the North Danville School between 1941 – 1945 and titled it “Tampico School Bus.”

Road Foreman's Report

2021 was a pretty successful year for the Highway Department as far as road maintenance. We did not need to replenish as much sand to our pile from the winter, break downs were minimal, we kept to the budget and had no unexpected overages. In fact, we were able to carry over a balance into 2022. The Peacham Road project was completed using borrowed money approved by the voters in 2021. This makes a smooth ride going in and out of Town. Unfortunately, line striping paint was in short supply across the state and the Peacham Road didn't get painted. Hopefully next year supply issues will improve and all towns can get that service in 2022.

Plans for 2022 should continue to smooth your ride as the worst and last section of the Joes Brook Road will be rebuilt. This will be mostly funded through the State of Vermont's Class 2 Paving grant program. This project will rebuild the base of the road along with installation of new drainage and culverts. For our gravel roads, the Better Roads Program funds projects dealing with culverts and ditching and a section of Tampico, which did not get funded in 2021, has been applied for again. With any luck, the funding will come in and that project will get done. Folks need to understand without the grant funded projects, taxes would be higher or work would not get done. Routine maintenance will continue on our gravel roads with concentration on managing storm water, trimming trees and brush, installation of culverts and surface gravel.

At the garage we appreciate the support we get from the community when we are out on the roads. We are often in your way, making noise or causing delays of some sort. Although I'm sure it's aggravating at times, I have a group of guys who all have families to go home to so please SLOW DOWN when approaching our work sites. We do our best to limit delays. We also appreciate the great equipment the Town provides us to do our job. Without the right tools, projects don't get done. As you know, anything mechanical can cause stress when it doesn't function properly, but I feel we are provided with great equipment to do our job.

Keith Gadapee, Road Foreman

Caledonia Home Health Care & Hospice provides home care and hospice services regardless of ability to pay as well as community clinics and screenings, health education, support groups, and private duty nursing. Services include nursing visits, home health aides, therapy visits, social services, homemaking and hospice. Last year **1,329** visits including Home Care, Maternal Child Health, Hospice and Long Term Care were made to homes in Danville. **748-8116**.

Catamount Arts keeps the arts vital and available to all of the residents of the Northeast Kingdom through various offerings, including film series, gallery exhibits and live performances. **748-2600**.

Community Restorative Justice Center is committed to providing a safe environment for neighbors and parties to resolve conflict in our communities, to restore relationships, and to take responsibility to repair harms caused. In the past year, the CRJC heard **2** restorative justice cases involving Danville residents, **2** legal clinic cases, **1** mediation and supported **11** victims of crime. **748-2977**.

Fairbanks Museum and Planetarium offers exhibits of natural history and collections as well as housing Vermont's only public planetarium. The appropriation provides support for the care of the Museum's historic building and maintenance and exhibitions. The museum offers free general admission to the Museum to Danville residents **748-2372**.

Kingdom Animal Shelter is an all-volunteer, no-kill, non-profit certified 501(c) (3) animal rescue organization that facilitates the placement of area stray and unwanted cats into desirable homes. They operate without federal or state funding, relying on fundraising and donations. **In 2021, 91 cats were taken in and homes were found for 80.** Each cat that comes into the shelter costs roughly **\$300-\$500** for vaccinations, testing, spay/neuter, other medical treatments, food and lodging. **473-3377**.

Northeast Kingdom Council on Aging is a private, non-profit organization providing services to people age 60 and older in their efforts to remain active, healthy, and financially secure and in control of their own lives. **748-5182**.

Northeast Kingdom Human Services provides services related to mental health, developmental disabilities, and alcohol and drug abuse. **748-3181**.

Northeast Kingdom Youth Services is a private, non-profit agency that offers supportive services for at risk youth and their families in Caledonia and Essex counties. There were 18 youth served in Danville. **748-8732**.

Northeastern Vermont Development Association (NVDA) is our regional planning and development commission. **748-5181**.

Rural Community Transportation (RCT) a non-profit corporation providing transportation to the elderly and disabled, Medicaid and general public through a van/bus and volunteer service. Last year, RCT provided **31** Danville residents with **599** rides. **748-8170**.

Umbrella has ensured that communities in the NEK have access to services that make for strong women, supported families and safe homes. Four facets of our programs are Advocacy, Kingdom Child Care connection, The Family Room and Cornucopia. At least **19** households in Danville were served in 2021. **748-1992**.

For more in depth information about any of these agencies, please ask for the complete packet of information from the Town Clerk's Office 684-3352. We will gladly mail you one.

2021 Listers' Report

COMMON LEVEL OF APPRAISAL

Danville's grand list increased from \$2,987,990 in 2020 to \$3,258,292 (after reappraisal) in 2021. Our CLA (common level of appraisal) was 102.91 on 2021 tax bills and will be 100.91 on 2022 tax bills. The CLA factor is a 3 year rolling average of actual property sales compared to appraised values in Danville. The CLA is used to adjust and equalize the state education tax rate for each Vermont town. The goal is to have the CLA at 100% and the COD (coefficient of dispersion) less than 5%.

HS-122 & HI-144 (HOMESTEAD DECLARATION & INCOME SENSITIVITY ADJUSTMENT)

This form continues to be an issue. It must be filed **ANNUALLY** in order to receive the **residential tax rate** and, if you qualify, a **school property tax reduction**. The best thing is to file this form with your Vermont income tax return on or before April 15th. Last year 538 Danville residents received a total of \$769,502.37 in property tax reductions.

REAPPRAISAL

NEMRC (New England Municipal Resource Center) completed the Danville reappraisal of all 1664 parcels in April. We then mailed out "Official Notice of Change of Appraisal" booklets to all property owners. Informal hearings and then formal hearings were all done by telephone. NEMRC handled the hearings and adjustments with our input. In the end we had just one appeal to the Board of Civil Authority. We were very pleased with the outcome of the reappraisal but also happy that it is over. It cost \$150,000 and was a lot of extra work and hours for the Listers. 2021 sales in Danville and the entire State are showing a strong real estate market.

COMPUTER DATA

All of our data is now stored offsite in the cloud. We have two programs, Parcel Maintenance and CAMA that talk to each other. The Parcel Maintenance portion is being taken over by a Vermont statewide program called VTPIE; Vermont Property Information Exchange. We have had a couple of training classes and so far we have been impressed. We also have purchased a Microsoft Tablet for collecting data and taking pictures in the field.

Please contact the Listers Office if you have questions. Our phone number is 802-684-3352 extension 205 and our e-mail is: listers@danvillevermont.org.

Dog Report

Dog licenses are due on or before **April 1**. Licenses are available anytime at the Town Clerk's Office after January 1. Please check to make sure that we have your dog's most recent rabies certificate. If your dog has had a rabies vaccination since you last registered it, chances are we don't have the most current copy. Dogs six months old or older must be licensed on or before April 1. A current rabies certificate is required.

For your convenience, we also have a drop box at the front of the town hall where you may deposit your payment and certificate. We will then mail your license and tags to you.

There were **603** dogs licensed in 2021 with **58** dogs remaining unlicensed.

The cost for a license on or before April 1 is **\$9.00** for a neutered or spayed dog; **\$13.00** for intact dogs. After April 1 is **\$11.00** for a neutered or spayed dog; **\$17.00** for intact dogs.

\$5.00 from the license fee is sent to the State of Vermont, \$2.00 for the Rabies program and \$3.00 for the Spay/Neuter program.

Pet Dealer's License - Dealers selling more than 3 litters in a calendar year are required to obtain this. State of Vermont Sales Tax laws apply. Cost is \$25.00. Act 30 obligations will apply.

Pet Breeder's License - for those who breed dogs for sale. This covers up to 10 dogs under the \$30.00 annual fee (plus \$1.00 rabies program fee). **This license is contingent on the animals being kept in a "proper enclosure" as defined by state law.** There were **3** Breeder licenses issued in 2021.

Vermont Spay Neuter Incentive Program

The VT Spay Neuter Incentive Program aka “VSNIP”, under the oversight of the VT Economic Services Department, is administered by VT Volunteer Services for Animals Humane Society (VVSA). VSNIP helps financially challenged Vermont residents spay/neuter cats and dogs for \$27.00. The balance is paid by fellow Vermonters when dogs are licensed by an added \$4.00 fee, the major funding for this important program. Funds are determined by the number of dogs licensed, which is required by law when a dog is six months of age. A current rabies vaccination is required to register, and a rabies vaccination can be administered after 12 weeks of age for both cats and dogs.

Prostrate and mammary cancer is more likely to occur in unsterilized cats and dogs. It's not pretty and they're likely to die. Animals live longer and happier when they're spayed and neutered, are less likely to fight for territory, and mark what they claim to be “theirs”!

Licensing a dog: 1) helps identify your dog if lost, 2) provides proof your dog is protected from rabies in the event your dog is bitten by a rabid animal, but would still need immediate medical attention, 3) if your dog bites an animal or person – which could result in quarantine or possible euthanasia to test for infection, and 4) helps pay for VSNIP, addressing the population situation in Vermont.

Farms with cats should especially be aware that one rabid cat or dog can affect an entire population of animals on the premise. The answer is neutering through VSNIP which includes a rabies vaccination and the first of the two part distemper series.

Look for Rabies Clinics in March across the state. You can call your veterinarian and ask the cost of a rabies vaccination only, or call your nearest Tractor Supply Store for their Monthly Rabies Clinic schedule. Rabies IS in Vermont and it IS deadly.

To receive a VSNIP Application, send a 9” S.A.S.E to: VSNIP, PO Box 104, Bridgewater, VT 05034. Indicate if it's for a cat, dog or both. For more information, call 802-672-5302.

Please visit our website: www.VVSAHS.org

VVSA will be hosting Rabies Clinics in March. Call for dates and locations.

The animals thank you in advance! *Together We Truly Do Make A Difference!!*

(a)(1) An owner, or a person having the exclusive right to take game upon land or the waters thereon, who desires to protect his or her land or private pond or propagation farm over which he or she has exclusive control, may maintain notices stating that:

(A) the shooting, trapping, or taking of game or wild animals is prohibited or is by permission only;

(B) fishing or the taking of fish is prohibited or is by permission only;

(C) fishing, hunting, trapping, or taking of game is prohibited or is by permission only.

(2) "Permission only signs" authorized under this section shall contain the owner's name and a method by which to contact the property owner or a person authorized to provide permission to hunt, fish, or trap on the property.

(b) Notices prohibiting the taking of game shall be erected upon or near the boundaries of lands to be affected with notices at each corner and not over 400 feet apart along the boundaries thereof. Legible signs must be maintained at all times and shall be dated each year. These signs shall be of a standard size and design as the Commissioner shall specify.

(c) The owner or person posting the lands shall record this posting annually in the town clerk's office of the town in which the land is located. The recording form shall be furnished by the Commissioner and shall be filled out in triplicate, one copy to be retained by the town clerk, one copy to the Commissioner, and one copy to be retained by the person having the right to post the lands. The forms shall contain the information as to the approximate number of acres posted, location in town, date of posting, and signature of person so posting the lands. The town clerk shall file the record and it shall be open to public inspection. The town clerk shall retain a fee of \$5.00 for this recording.

(d) Land posted as provided in subsection (b) of this section shall be enclosed land for the purposes herein. (Added 1961, No. 119, § 1, eff. May 9, 1961; amended 1967, No. 302 (Adj. Posted Properties must be filed with the Town Clerk to be enforceable.

Zoning Administrator

Despite year two of the pandemic, the zoning office was much busier in 2021 than it was in 2020. This may be due to several things: the lag of permits in 2020, volume and velocity of money flowing through the economy, favorable interest rates and an unusually brisk housing market.

In 2021, there were 89 zoning permits applications. A substantial majority of the applications were for permitted uses, 9 subdivisions, 10 conditional uses, 1 variance and 3 waivers. Most of the permits were for sheds or garages but there were 12 homes permitted despite the high cost and availability of building materials. Two of those homes were so-called “tiny” homes.

Mid-year, the zoning duties were assumed by a new zoning officer as Audrey DeProspero fulfilled her interim zoning responsibilities with distinction and focused her efforts working with the Selectboard.

The DRB was fortunate to gain three new members in 2021. Terry Hoffer joined the board in February, filling an unexpired term. Larry Rossi became a member with a full term in March. Jenni Lavoie, the chair of the Planning Commission, participated in several meetings in April and joined the board as an alternate in June. The board lost a great asset when she resigned in December. Rob Balivet’s term will be expiring in 2022.

The DRB currently has six members for 2022 and is actively recruiting new members to fill expiring terms. If anyone has interest in present or future DRB openings, please contact the zoning office or the Selectboard for consideration.

Current applications and pertinent zoning information can be found at:

Planning Commission Report

The Planning Commission is established by Section 302 of the Zoning Bylaw. It consists of three to seven members with three main tasks: maintaining the Zoning Bylaw (current version May 6, 2021), maintaining the Town Plan (current version 2017, with 2018 Amendment), and performing or supporting other town planning related tasks. The commission meets regularly on the fourth Thursday of the month, January through October, and the second Thursdays of November and December - members of the public are always welcome.

In 2021, the Planning Commission worked on two main projects: updating the Zoning Bylaw, twice, and requesting state designation of North Danville as a Village Center.

- After several years drafting revisions to the Zoning Bylaw, interrupted by the COVID-19 pandemic, the Planning Commission proposed and the Selectboard adopted a major amendment that went into effect on May 6. The two main goals of the update were to try to reorganize the entire bylaw to make it easier to use, and to correct or improve sections that have created problems in the permitting and review process. It has been generally well received, but making the bylaw more understandable also exposed some issues, inconsistencies, and ambiguities. The commission discussed these in the latter half of 2021 and expects to propose a new amendment in spring 2022 to address concerns including an update to permitted and conditional uses across all districts.

- The Agency of Commerce and Community Development (ACCD) Village Center program supports local revitalization efforts by providing technical assistance for planning efforts, tax credits for business improvements and upgrades, and priority consideration for grants and state building projects. The Planning Commission applied for Village Center Designation for North Danville in late spring and the state Downtown Board approved it on June 28. The town now has three designated Village Centers: the main village, West Danville, and North Danville.

Over the course of 2021 the Planning Commission also oversaw the activities of the Train Station committee, reviewed the impact of cannabis retail on zoning, and began coordination with the informal town Energy Committee to incorporate a robust Energy Plan that will satisfy Vermont Public Service Department requirements into the Town Plan.

Planning Commission Members: Glenn Herrin (vice chair), Kate Whitehead (secretary), Jeff Paquet, Vincent Foy, Michael Hogue, Mark Nicholson (Jenni Lavoie, resigned in December)

Danville Historical Society

Danville Historical Society is looking to 2022 with hope and good intentions. Our world, and the way we once functioned in it, has been changed. But what has not changed is our goal of keeping interesting, and accurate accounts of Danville history, and making that information easily available to those seeking it. This was made obvious by the completion of the book **West Danville, Then and Now**. Not only has it provided a collective account of West Danville and surrounding areas, but we now have a beautiful keepsake for future generations. Thanks to a dedicated team of talented writers, researchers, and historians the long awaited story of so many has come to life. Thank you Patty Conly, Jane Brown, Jane Larrabee, and Dot Larrabee. We are forever indebted.

Some considerations for 2022 include keeping an active role in the restoration of the railroad station, collaborative work with local schools, increased activity of our website and Facebook page, safely returning to activities such as the Greenbanks Hollow burn, bean hole supper, the famous Ducky Race, guest speakers and presentations, and general activity at the Choate-Sias House. Check our web site for upcoming events!

One thing that remains unchanged is the support of our community, both near and far. We are more than grateful for your support, whether by monetary donations, donations to our collections, participation in our activities, volunteering your time and expertise, or purchasing our book. It is all acknowledged and greatly appreciated.

We remain open on Tuesdays and Thursdays from 10am-5pm or by appointment. Our new book is available for purchase at "the house" as well as Hastings Store, St. Johnsbury History & Heritage, and Corner Stop N Shop in Walden.

Dianne Langmaid, President

Diamond Hill Cabins- Cabins were all the rage in the 1930s as a more affordable alternative for overnight accommodations for folks who were now taking more automobile trips. It was during this time period that Ernest Moore opened the Diamond Hill cabins on Dole Hill to cater to summer tourists. *From the Danville Historical Society collection*

Danville Volunteer Fire Department

We'd like to start out by thanking our supportive community members and our active volunteers! Our very own Junior Firefighter, Logan Goodwin, organized a spaghetti dinner and silent action that not only raised \$5700 for the fire department but also brought the community together for a night!

This year our call volume was up significantly compared to last year. With the growing call volume, we are looking to grow our volunteer roster as well. No experience necessary, training will be provided. Applications are available on the town website.

Chief Troy Cochran passed the torch as January 1, 2022 to Jonathan Austin-Shortt. Troy is now the Assistant Chief and we thank him for his 34 years (12 years as chief) of dedicated service to the department and the town, and hopefully many more to come. Chief Shortt has been in emergency services since 2003 and joined Danville Fire Dept. in 2012 and we look forward to being on this new venture with him.

West Danville Community Club

The primary responsibility of the West Danville Community Club (WDCC) continues to be to supervise the maintenance of Joe's Pond Beach and the Park & Ride. The grass is mowed regularly, trash/litter removed daily, with ongoing upgrades to picnic tables and beach structures.

We are fortunate to have the Lamoille Valley Rail Trail in the center of West Danville, but its popularity has increased our expenses every season and we anticipate increased usage with the completion of the LVRT in 2022. The WDCC has made every effort to sustain this maintenance so it can be enjoyed by tourists and locals alike.

We appreciate your support and are asking the same amount we have requested each year: \$1,000.00 towards the maintenance of Joes Pond Beach and the main west entrance to the Town of Danville.

North Danville School Association Report for 2021

(Liz Sargent, Secretary for the North Danville School Association, Community Club, and Library)

Special Notes: **Lee Langmaid Beattie** continues to devote many volunteer hours to this building, its maintenance, schedule, and beyond. Also, twins **Judy Heath Parker & Joan Heath Legendre** continue with the task of cleaning the building in a COVID-safe way, which is volunteer time, therefore, saving money! **Marie Langmaid** tends to the supplies and keeping the kitchen tidy. *These ladies deserve our thanks!*

Another year of COVID – we did not expect this!! We remained closed for most of the year. A lot of people including the volunteers missed our gatherings and fellowship.

North Danville Community Club: Board members were in constant contact staying current and making decisions. Normally meetings are held on the first Monday of each month at 7:30 PM in the meeting room and a Selectboard member meets with us at least four times a year for North Danville School Association business.

We did host weekly croquet games this past summer which was very popular and lots of fun! We also hosted a Trunk or Treat at Halloween as it could be held outside. We also had the annual Memory Tree Lighting Ceremony in December.

We have started a fund to raise monies for the much used playground since the insurance company said our equipment was no longer safe. Don't know how all us "oldsters" survived on this equipment, but we loved it and thoroughly enjoyed it. Donations to "Jane's Playground" are much appreciated. We are amazed at how much new equipment costs! Should you choose to donate, make checks out to the North Danville Community Club and clearly state the money is to go to the playground. They can be mailed to 4215 Bruce Badger Memorial Highway, Danville, VT 05828. Thank you!

We have an antiquated heating system which we are researching for upgrades as well as some ground work/drainage that needs to be done. The gym/basketball court is very popular and we want to hear running feet and excited players down there again!

North Danville Brainerd Memorial Library: Again open hours and meetings were put on hold.

Hours are covered completely by volunteers are:

- Tuesdays: 10 AM – 3 PM
- Wednesdays: 6 – 8 PM
- Thursdays: 10 AM – 3 PM
- Saturdays 10 AM – noon

How we have missed the busy-ness of Storytime for Children on Saturday mornings, coffee and fellowship, our fundraisers, etc. We continue to be associated with the State of Vermont Department of Libraries.

North Danville Historical Room: When we can re-open, we welcome visitors, and hope, if you have artifacts connected to North Danville, you will consider sharing them. They will be properly cataloged with the Danville Historical Society and housed in the North Danville Historical Room. The same goes for photographs and/or the opportunity to scan them for historical records and history.

We are most thankful for this Community Center which is used by many both locally and from away. Your support is gratefully appreciated. We invite you to visit and learn just how much this historical building is used, available, and loved. Have you ever noticed the large display of trophies from the youth of the past? It makes you realize how important this sweet corner of North Danville is!!

Danville Senior Meal Site

As with 2020, the Danville Senior Meal Site experienced another difficult year. With the continuation of COVID-19 the need for support for our clients continued at a higher level. Without the support of so many organizations and volunteers, the mission to serve so many would have failed. Serving three communities, Danville, Walden and Peacham, the meal site was able to serve even more meals than previous years. In person dining is still closed. The Meals on Wheels program has been expanded and numerous individuals are picking up meals at the meal site.

Chef Robert Walleye and the staff of volunteers were amazing to watch this past year, ensuring that the needs of our clients were met. The dedication displayed by the Meal site manager and staff of volunteers ensured that all federal, state and local requirements were followed. Their support and dedication are appreciated.

In addition the Meal site provided meals to go on Thanksgiving and Christmas. They also provided a wonderful BBQ for the volunteers during the summer. For more information on receiving services or volunteering to assist the meal site call 802-684-3389.

The Danville Senior Meal Site requests the same appropriation as last year, from the town of Danville, \$5,000. Thank you for your support in the past and looking forward to a brighter future.

Danville Senior Citizens Housing, Inc.

Danville Senior Citizens Housing, Inc. has been providing comfortable and affordable apartments here since opening the first of its ten apartments in the summer of 1967, a culmination of Danville residents organizing to satisfy a community need. As a volunteer-run organization, we have benefited from community support in the form of donations, some relief with property taxes, and volunteer work by citizens young and older. We recently completed a major project to replace our heating system and improve weatherization, which has lowered our energy costs. However, we need to repair our parking area, which will be expensive. Since we do not qualify for grants, we have approached Rural Edge, which is the main developer of affordable homes in the North East Kingdom and does have access to financial assistance. We are weighing a partnership arrangement with them, which will likely take several years to pan out. We expect this will lead to improvements in our appearance and function over the long term, as well as preventing escalation of rental charges. There is also the possibility of increasing the number of apartments.

Pope Memorial Library

The Pope Memorial Library was again able to provide patrons and the community with continued service during the continued impact of the pandemic. Our services during isolation and quarantines made it possible for daycares to continue to receive materials, patrons to receive books, videos, magazines, articles and Wi-Fi services without having to enter the building. In addition, our website offers free access to downloadable books, Consumer Reports, Universal Class, and academic and career-related learning solutions through Ebsco Learning Express. For the 2500 people that did visit us, we continued to provide computer usage, instruction and a beautiful and safe space to enjoy, while reading the newspaper, studying, reading and attending small meetings and discussion groups such as the *Murder and Mayhem* book club and toddler story time.

Without the support of the Danville Community through the annual appropriation and our many fundraising events, none of this would be possible. We are here to serve the community and we are grateful that we are able to do so due to the generous and long standing support of Danville residents.

The programs we provide: Wednesday morning story times for preschoolers. Marilyn, our Youth Resource Librarian, conducts a wonderful theme-based story time, complete with crafts, songs and snacks. Due to restricted attendance, she designed story time bags to be picked up and used at home.

The Summer Reading Program with activities that include Story Board Walks, programs and performers that were conducted outside or under a tent.

Community Center: The Community Center space is used weekly by at least three groups and monthly by other organizations, such as art classes, organizational meetings, the Red Cross Blood Draw, health awareness support groups and musicians. There is a kitchen and a wide open space for a variety of events.

Fundraisers: We are hoping to once again have our noted *Spirits of Vermont* event. This is a wine, spirits and beer tasting event with food from local restaurants, enjoyed by everyone!

The Memorial Day Plant, Book and Bake Sale presents you with the opportunity to give as well as to receive. We also plan to have a food booth during the Danville Fair and another book sale during Autumn on the Green.

We hope to repeat the very successful Valentine Raffle in 2023. Try for a chance to provide your sweetheart with a very special Valentine dinner on the Pope!

Danville Chamber of Commerce

After a full year of off, we were finally able to begin hosting events again in 2021. Although planning and hosting our events was more complicated than it had been in the past as we tried to prevent the spread of COVID, we had a successful year. We are hopeful we can return to a full schedule of events in 2022!

Danville Fair was well attended. Although we were not able to provide amusement rides and a horse and pony pull, we were able to add a few new activities to entertain attendees. One of the more popular additions was the Cornhole tournament held on the east green. As usual, the children's games were a hit and volunteers stayed an extra two hours to accommodate the steady flow of children (and adults) enjoying some playful competition.

Autumn on the Green was also quite well attended despite the wet beginning to the day. Vendors reported high sales and are eager to return in 2022. Additional steps were taken this year to reduce the number of vendors as a COVID precaution. Our hope is to be back at full capacity in the coming year.

We continue to work on our business database which will allow us to help provide better publicity to our member businesses. This is an extensive project we continue to make steps toward completing with our small group of volunteers

With all our changes and fresh ideas to raise money to support our community organizations we, as always, encourage you to join our meetings, bring ideas and support, and of course offer help where you can. We always appreciate any help we can get to support our community. Increasing our volunteer base allows us to raise additional funds. The Danville Chamber of Commerce distributes funds to community organizations to help in their missions to serve others.

Danville Village Improvement Society

DVIS has a small but active group working to decorate the Green and environs for the seasons. We would to send a thank you to everyone who contributes to the Chamber's Annual Fund drive. That money is what we use to support our work. The flowers barrels in the lane dividers at the stop light were beautiful all summer and into the fall. People seemed to really enjoy them which makes the effort worthwhile. Then it was wonderful to have the Autumn on the Green wagon back with mums and pumpkins surrounding it and the bandstand. Again we have Brian at Snapdragon Flowers in North Danville to thank for all the wonderful summer and fall flowers and thanks to MacDonald's Farmstand for the fall decorative veggies! The bandstand was decorated with a tree and swag plus new decorative balls hanging from the trees. Thank you to the Danville Girl Scouts for doing the decorating. We appreciate your help. Besides these activities, we supported the landscaping for the Pope Memorial Library and flowers at the LVRT train station. In 2022 we hope to resume an annual meeting and invite new participants to join us. Also thank you to Tony Garges, who is our new treasurer.

Danville Train Station Committee

Toward the end of 2020, the Select Board asked the Planning Commission to form a committee to develop a use, restoration plan and financing for the Danville Train Station when the recycle center moves to its new location. The goal: to leverage the completion of the 93 mile Lamoille Valley Rail Trail (LVRT) in the Fall of 2022 to maximize the economic and cultural impact for Danville. The Planning Commission formed the DTSC to build off the 2018-2019 ‘Village to Village’ Master Plan’s vision of the station as a transportation and recreation hub:

This is a large project with many stakeholders such as VTrans, VAST, Department of Historic Preservation, Vermont Housing & Conservation Board, Preservation Trust of Vermont, Northeastern Vermont Development Association and others. Your team accomplished a great deal in one year! The following partial list of milestones has been met through a combination of the committee efforts at its monthly meetings, and the team’s work between meetings:

Partial List of Milestones Achieved to Date:

- Awarded a Sincerbeaux \$250 grant to complete a structural assessment
- Train Station is added to the State Register of Historic Places and deemed eligible for the National Register
- Vermont Housing & Conservation Board awards \$75,000 for stabilization of the building
- Green Mountain Power lends its support to the revitalization effort and makes a contribution
- Celebration of the Station’s 150th birthday brings over 100 people to the station
- Department of Historic Preservation grant award of \$20,000 for preservation of historic architectural elements
- A \$22,000 Municipal Planning Grant was awarded to support architectural and engineering work

Next Actions:

- By the end of February, hire an architectural and engineering firm to draw up plans that will be used to hire a building contractor and set the funding level needed. Given the lack of availability of building contractors, tradesman and the cost of materials, restoration of the station may not commence until 2023.
- Continue targeting appropriate grant resources
- By the end of Spring, determine the best use for the freight area that supports the trail and recreational activity
- By the end of Fall, have a plan to deal with parking

Finally a special thanks to all of you who pitched in during the year and made the 150th Anniversary such a success; a video of the presentation to Archie is still on UTube via KATV.

Caledonia Essex Area Ambulance Service Inc. **2021 CALEX Responses** **235**

Compassionate professionals delivering the highest quality emergency medicine, specialty care, and training to our providers and communities.

2021 continues to be very busy, after our 2020 decrease in responses related to the pandemic lockdown, 2021 has proven to bounce back and be very busy. Our team of Emergency Medical Service providers have been crucial frontline healthcare providers continuing to provide pandemic support during this difficult time on top of our day-to-day EMS operations.

Our agency continues to step up in a big way, not only to meet the medical needs of the community with regard to medical response and inter-facility transport in the face a pandemic, but our agency also continues to work alongside the Vermont Department of Health providing COVID pop up testing clinics, community at-home testing, and community homebound vaccine both first, second and booster doses. Our COVID response team has traveled thousands of miles and delivered thousands of vaccines to the residents of Caledonia-Essex Counties and beyond. I can't express the gratitude I have with our staff stepping up additionally to meet these needs and offer this support to our communities. Our agency has played a tremendous role in providing pandemic support through this challenging time to keep everyone as healthy as possible.

Our 911 responses and inter-facility transfer requests have been higher than normal this year. Our service and providers have transported patients to hospitals that we have never been to within the state and many out of state that we have never experience due to regional bed/staffing availability. We have transported patients this year to VT, NH, Maine, MA and CT, some of these transports by ground over 3-3.5 hours in duration one-way.

The workforce remains a top priority for all of us in Public Safety and beyond. Our staffing has stepped up in a big way to meet the needs to fill the current openings. We have teamed up locally to partner with St. Johnsbury Academy Adult Education program to offer our very first EMT course out of the newly renovated space on Eastern Ave. We hope this local adult education program with bring some new interest in the career of EMS. Our staff has been here 24/7/365 meeting the medical needs of our communities and a big "thank you" should be given to all the frontline medical staff and responders as well as all the other essentials workers who have been here assuring everyone is safe. If you see a healthcare provider/medical responder, please thank them!

CALEX continues to provide the highest quality of pre hospital care to all the towns we serve providing 911 coverage at the Paramedic level 24/7/365. Serving 9 towns – Saint Johnsbury, Waterford, Barnet, Concord, Kirby, Victory, Danville, Walden and Peacham. Our volumes were down this year due to the pandemic. CALEX responded to 2,327 911 responses and 593 being Interfacility Transfers and Medical transports. Our average response time to the scene for our entire service area 8 minutes 32 secs. Overall, our agency responded to 2,920 requests for service. These interfacility transports are a critical part of our service, reducing any delays of getting our patients to definitive care whether it be trauma services, cardiac care or other specialty services at a higher-level care facility such as DHMC or UVMHC and other hospitals across the New England. CALEX also continues to provide Paramedic intercept services to Lyndon Rescue and other services that may be transporting critical ill patients into NVRH. Our Paramedics respond rapidly with our intercept vehicle to meet on scene or enroute to the hospital to provide the highest level of care. Our crews experienced many life-saving emergencies and very successful stories with great outcomes again this year. We provided numerous training opportunities with both internal and external training as well as various simulation opportunities to focus on high quality training for our staff.

In 2021, we remounted our 2011 Dodge Ambulance, and replaced with a 2021 Ford F-450. This remount process which is completed by Osage Ambulance, Linn MO – removes the old box from the chassis, installs new LED lightning, new flooring, reinspects all the electrical systems, and completely sandblast the box and repaint/letter. This remount process has been successful for us while saving thousands versus purchasing new for a minimum of two remounts. This year we ended our relationship with NH, to focus on our growing needs locally. We reduced our fleet of 5 Ambulances to 4 Ambulances, one Paramedic intercept vehicle, one off-road UTV.

As we end 2021, I look forward to safe and successful year of providing the very best of pre hospital care to our communities. We are fortunate to have such a dedicated and experienced team providing care for when it is needed to anyone who may need our service in the communities we serve. We hope you will continue to support us and approve our funding requests so we can continue providing the very best Emergency Medical Care to the region.

In closing, I would like to thank all of our staff, their families, and the CALEX Board of Directors and our dedicated dispatchers for their continued support and dedication to the Agency's mission.

The Danville Green Cemetery is a private cemetery located at 500 Brainerd Street, Danville VT. The officers and trustees of the Danville Green Cemetery Association are responsible for the operation and management of the property.

The Sexton of the cemetery, hired by the trustees, is Kristen Weaver. She is responsible for daily operations and management of all activities at the cemetery. Little Acres Landscaping is hired each year to provide mowing services and ground maintenance as needed.

We saw an increase in 2021 of people looking to secure a lot and purchase perpetual care which is done through the Sexton. Anyone interested in knowing more about how they go about purchasing the perpetual care fee that goes along with each lot, based on size can reach out to the Sexton on any Board member for more information.

In 2022 we will continue to manage tree removal, straightening of gravestones and roadway repairs for the safety of all that visit.

The public is always welcome. If you have not had a chance to visit the grounds, please come and see our beautiful cemetery.

Caledonia County Sheriff

Good bye 2021, it looked a lot like 2020. We completed another audit for our office in 2021 and it resulted in no findings or problems of any kind. We have kept our rates for service the same for the past few years and have a slight increase with construction and traffic. This increase is due to the fuel prices.

We continue to add vehicles to our fleet, 3 new cars coming in the spring, replacing cars that have served us well. We have 6 marked cars, a 2014 van for prisoner transports, one unmarked car being used for civil process service. The radar cart is working well and in many towns. That purchase was with the use of Governors Highway Safety Grant funds. We have a large enclosed trailer that we use as an office at the fair and other security details. This trailer may be utilized as a command post at a mass casualty incident as well. We have an ATV and two golf carts.

With project (ROAD), Responsible Operators Against Distractions, we want to continue to educate operators about phone use and texting while driving. We continue to do town patrols and we feel that the towns that we patrol are a safer place to live and drive in because of our presence. The patrols are community based. Which means each town is different, so the patrols may be different.

We will again do snowmobile patrols throughout the county. Doing our best to keep the trails as safe as possible, and we will again answer snowmobile related complaints.

The Sheriff's Department has 11 Law Enforcement Officers to start the new year, with hopes to send a couple new hires to the academy in the spring. Our goal is to have 20 to 25 deputies to cover all details. We have become more active with local schools to ensure the safety of students and staff. We have been involved with drills and evacuation plans and will continue to assist as needed. We continue to look at 24 hour dispatching for the county, but are unable to do that right now.

If anyone has questions or concerns, please call me or stop by the office. My door is always open. Please check out our facebook page.

Executive Committee Report

The NEKWMD finished 2021 by processing slightly more recycling compared to 2020 – 2,952 tons in 2021 compared to 2,882 tons in 2020. Significant increases in organics, cardboard, and scrap metal offset decreases in mixed paper. Most other material tonnages were at or slightly above 2020 amounts. Recycling markets were very strong for nearly all of 2021.

The District ended 2021 with a surplus of \$74,405.44. Revenues in 2021 were 22% above projections, while expenses were 13% above projections. The COVID19 pandemic did not disrupt our work schedule to any large degree in 2021. In fact, the main impact of the pandemic on District operations was to drive commodity prices to near record levels. Revenues for the sale of recyclables, the surcharge, grants, and recycling pick-up fees were the primary drivers for above average revenues in 2021. Fees used to generate revenues will remain mostly unchanged or decrease in 2022. The per capita assessment will decrease from \$0.94/person to \$0.84/person, the surcharge will remain the same at \$24.99, and hauling fees will remain unchanged at \$49 and \$33/stop for facilities and schools, respectively.

There were no additions or subtractions to the District membership in 2021. We continue to serve the largest geographical area and largest number of towns (49) in the State. Our population served is 3rd in the state behind only Chittenden Solid Waste District and the Central Vermont Solid Waste Management District.

The NEKWMD is entering 2022 with a proposed budget of \$846,615.50 – an increase of 4.6% compared to 2021.

The NEKWMD was staffed by nine full-time and three part-time employees in 2021. Each of the member Towns is entitled to representation by at least one Supervisor. The Board of Supervisors is the principal authority over the NEKWMD and the primary means of contact with the member towns. The Board of Supervisors meets monthly with the District's Executive Director to set the direction of NEKWMD policy.

Since the surcharge on trash is based on the amount of waste produced, members have a clear opportunity to control their waste management costs. Costs can decrease as waste generation rates decrease and recycling rates increase.

We would like to express our appreciation to our able staff for their continuing commitment to our mission. The 47,600 residents of 49 Towns throughout the Northeast Kingdom can be assured that the NEKWMD will continue to address their waste management concerns in a timely and environmentally sound fashion.

Please limit HHW disposal at listed events to 30 gallons.

If you have more than 30 gallons, or if you need to dispose of HHW generated at a business, please call our office to schedule an appointment at our Lyndonville facility, May 3 – Oct. 4, 2022.

Not going to be able to make any of these dates? NOT A PROBLEM! The NEKWMD will be accepting these materials **by appointment at our Lyndonville facility from May 3, 2022 to October 4, 2022.** *Due to regulatory handling requirements, hazardous wastes will not be accepted without an appointment.* Scheduling ahead ensures that a qualified individual will be on-site ready to accept your hazardous waste.

What are *Household Hazardous Products*? They are consumer products that contain ingredients that **may be:**

Toxic- poisonous if eaten, breathed, or absorbed through the skin

Corrosive- can burn or destroy living tissue if spilled on skin

Reactive- creates fumes, heat, or explosion hazards if mixed with certain materials such as water

Explosive- can explode with exposure to heat or pressure

Flammable/Ignitable- can easily be set on fire

To determine if a product in your home is hazardous, check the label for the following words:

Danger indicates that the substance is extremely flammable, corrosive, or toxic.

Poison means that the substance is highly toxic.

Caution/Warning is put on all other hazardous substances that are a somewhat lesser hazard, but are still dangerous if the directions are not followed closely.

Conditionally Exempt Generator businesses can also use the Lyndonville collections for the actual cost of the disposal of their materials. Please call ahead for pricing and an appointment.

To the Voters of Danville:

The Northeastern Vermont Development Association (NVDA) has long been a regional advocate for stronger communities and vibrant local economies. As the state's only combined regional planning and economic development organization, we are uniquely suited to effectively serve the municipalities and businesses of the Northeast Kingdom.

This year, we are once more requesting dues from our member communities. These funds are critical as they allow our team of professionals to provide direct technical assistance to the 50+ municipalities and the many businesses in our region. Municipal contributions also allow us to leverage other state and federal funds for our region.

While local governance becomes more complex, our talented team staff is there to assist our member communities. Throughout 2021, we remained focused on the challenges presented by COVID while seeking opportunities to aid in regional recovery. We quickly mobilized to help all local governments secure ARPA funding and connected businesses and communities to other state and federal recovery resources. Our regular services continued as well, including:

- Land use planning & regulation – town plans and bylaws, and technical assistance for local officials;
- Transportation studies, Infrastructure inventories, and Project planning;
- Digital mapping and GIS services;
- Grant writing and administration for community and regional projects;
- Direct business support, referral services, and lending to employers in our region;
- Energy planning and water quality planning to help communities meet evolving statutory requirements;
- Local emergency planning and hazard mitigation planning;
- Brownfield assessments and planning;
- Economic development activities to grow and strengthen businesses in our region;
- Municipal education and training opportunities for local officials.

How have we served your community? In 2021, NVDA staff served on the Danville Historic Train Station Committee and assisted with grant applications for the restoration of the train station. Assisted with local hazard mitigation planning, emergency planning and preparation. We provided COVID 19 information to local official, and our transportation planning staff provided technical assistance on the Grants in Aid program to promote the use of erosion control in road maintenance.

NVDA's municipal dues have remained level *since 2016* at \$0.75 per capita rate, with a maximum of \$3,500 and a minimum of \$500. We take great pride in providing professional services to the communities and businesses of the NEK, but next year an increase is expected so we may continue providing a high level of service. We take pride in keeping communities aware of new opportunities through our e-newsletter and social media. Contact us at tgonyaw@nvda.net to receive our e-newsletter and like us on Facebook.

Sincerely,
David Snedeker

Principals' Report

As we reflect upon where the past year has taken us, we take specific note of the continued resilience and endurance of our community. It has been a tough year all around, and while we are all weary from the continued effects of the COVID-19 pandemic, the support provided to the school has been steadfast, and we remain continually grateful.

We also continue to join our community in acknowledging the loss of students Brennan Stillson and Max Skorstad. Both of these individuals will forever be valued members of this community, made significant contributions to our school, inspired those around them, and are missed tremendously.

Through it all, the school improvement values below, now in their fourth year of guiding our professional practice, became more important than ever, and we are happy to report on the many successes and accomplishments of Danville School.

Educators create great schools. Skilled teachers and strong leaders matter far more than funding levels, programs or facilities.

Every school can improve. Learning is a lifelong process—for students and educators. The highest performing schools are continually learning, improving, and seeking out what works.

Schools do not exist in a bubble – community matters. Any great school needs to have the support of and partnership with the surrounding community, and must be open and welcoming. Certainly, Danville School enjoys the support of a committed and dedicated town. In return, our goal is to deliver a high quality educational experience for your youth, earning the school its continued place at the center of the community.

With these beliefs in mind, here are some of this year's highlights:

Accomplishments:

- Recognizing that we have an increasing number of students who need immersive, hands-on learning experiences, we launched the Danville: Connect program, which gets students out learning in the real world. For next year, the lessons we've learned from this program, as well as from our previous hands-on programs, have guided the development of a career, technical and experiential learning program, operating as a subset of our secondary school.
- This fall we brought our woodchip heating plant back to life. Utilizing grant funds through Efficiency VT and our school's reserve funds, we were able to start and complete this project. After many years of this system sitting idle and the school being forced to heat exclusively with our backup oil system, we are finally back up and running. As of the end of December 2021, the system is operational and fully heating the building. We have already begun to see a small yet significant fuel cost savings, and project the repairs will pay for themselves within 4 years of reduced fuel costs

- After not having a season in 2020, our softball team entered their 2021 season ready to prove they were ready to compete. Through teamwork, dedication and tenacity, they demonstrated that they embodied the persona of a champion. Congratulations to the 2021 Softball Championship Team!
- Despite numerous challenges, we were able to finish out the 2020-21 school year with the opportunity for our K-8 students to be back in the building each day for in-person learning. Remote learning was tough for all, and we worked as hard as we could to eliminate the need for regular remote days at the younger grades.
- In September, we were able to bring all of our students back into the building for full school days. This included the return of many students who had opted to home school last year due to Covid. It has been wonderful to have everyone back in the building at the same time.
- The K-6 elementary school teachers and the Middle School language arts teacher have partnered with a local consultant to bring a continuity of approach to our writing program. The focus is “Teaching Writers: A Writer’s Workshop” in order to establish stronger expectations between the grade levels, end-of-year benchmarks and consistency in our teaching approach, including the development of common language. This is the first of several intentional teacher professional development opportunities to ensure we are providing our students with a strong education.

Challenges Ahead:

- Our campus facility needs continue to be an issue. We have maintained our contract with the architecture firm Truex Cullins, and are continuing to work with them to develop a plan that not only provides adequate instructional space for our current and future programming, but also allows us to have a modernized facility compliant with current safety and building codes. As the year moves forward, we anticipate having more information to present at board meetings regarding this process.

Thank you for your continued support of education in Danville, and for the pride, support and dedication this community shows toward making sure a small school, functioning as a large family, continues to occupy the heart of this town.

Danville School Board of Directors Report

During 2021-2022 your School Board remained busy as we continued to work with the Administration, dealing with the challenges of COVID 19. We met remotely from March 2020 until July 27, 2021, when we were able to have in-person meetings while still allowing those who wished to participate in our School Board Meetings- to do so remotely. We have had many other issues that School Boards are tasked with and have worked in the best interests of our children, their parents, the staff and community.

In October, 2020 the School initiated a process to review the Danville School symbol and invited public input on this process. The Board solicited, received and reviewed over one-hundred pieces of written testimony from individuals and groups on this subject, and held two forums which lasted over two hours, where oral testimony was heard, transcribed and made publicly available on the Board website. Each forum ended only when there were no longer requests from the public to speak. On March 23, 2021 the Board adopted a policy on school symbols which resulted in the Board directing the Principals to work with the community, staff, and students to form a committee seeking a new mascot/nickname for the Danville School. During the June 1, 2021 School Board meeting, in response to a petition from community members and others to “reverse” policy (DB0001) on school symbols adopted on March 23rd, the board considered the contents of the petition, remarks from 15 people during a nearly two-hour-long Public Comments session at the meeting, and twenty-nine letters of correspondence (since April 29th) regarding the petition in reviewing its March 23rd action. The Board reaffirmed the policy, and a new name was approved at the December 9, 2021 School Board Meeting, the “Danville Bears”.

The Board and Administration continued to work with TruexCullins exploring the overall condition of the school’s physical infrastructure with the possibility of an expansion. The School Board would like to thank Danville resident Rob Balivet once again publicly, as he has continued to volunteer his time and experience working with TruexCullins and the Administration on this project. A sketch of a plan for new construction and renovation was presented at the July 27, 2021 School Board meeting. The extensive plan includes the addition of a new 40,000 square-foot elementary wing, including a new gymnasium, over the existing playground, ball field and tennis courts, which would be relocated if this proposal moves forward. There were also recommendations on some renovations to the existing building. The School Board will be looking for input from community members and is recommending a Building Committee be formed once more details are released as well as an estimated cost of for this project.

The School Board authorized funds to repair and modify the wood chip burner/boiler and it is now fully operational after rarely being operational or efficient these past few years. The School Board also entered into a Solar Net Metering Credit Agreement with Norwich Solar Technologies for some solar panels to be put on town land to the West of the School. Having the wood chip burner/ boiler being fully operational and the addition of solar to help operate the building, will reduce operational costs for the building.

The Danville Board would once again like to recognize and thank the Administration, Teachers, and Staff for the diligence, bravery, and flexibility they have shown during this pandemic. Our school’s diligence with safety protocols and clear communication has enabled it to stay open, even as other schools in the region have struggled during this time. Our school has kept our students safe and proven again to be the center of a strong community. We commend each member of our school staff for their diligence.

The Danville School Board recognizes the challenges facing our community and certainly took into serious consideration the possibility of rising property taxes as we worked on the FY23 Budget. Your School Board asks for your support of the FY23 budget of \$6,723,233. This budget request is an increase of \$377,142 from the FY22 Budget however due to an increase in the Education Tax Yield by the Legislature, this proposal will decrease the local homestead tax rate from the FY22 \$1.46 budget proposal to \$1.42 for FY23, a decrease of \$0.04. There are two figures the Board cannot control; the Common Level of Appraisal, which measures if area homes sold above or below listing price, and the Education Tax Yield, which is set by the Legislature.

Respectfully Submitted,

Bruce Melendy, Chair, David Towle, Vice-Chair, Robert Edgar, Clerk, Clayton Cargill , Tim Sanborn

Danville Community Ski Tow on Webster's Hill- Webster Hill was a highlight for winter sports activity from about 1956 until 1964. The community ski tow was the result of a project by the American Legion Post of Danville and Gilman Long, who organized a group of his friends to develop a place to ski in the wide pasture above the dairy farm owned by the Vernon Webster family. The continuous loop rope tow, which ran 600 feet up the hill, operated on weekends, school vacations and Wednesday and Saturday nights. The cost of a lift ticket was 25 cents for a day but later increased to 35 cents. After the rope tow closed, the Danville School held their winter carnival activities on the hill. The Smith boys, Ron on the left and Doug on the right, pause from skiing for a photo with little sister Dianne Smith Langmaid in the center. *Photo from the Reg Smith collection at the Danville Historical Society.*

Caledonia Central Supervisory Union

Mark Tucker – Superintendent

We were so full of hope when the school year ended last June, believing that we had seen the worst of the pandemic and anxiously looking forward to having all of our students return to in-person instruction in the fall. We went through the entire 2020-21 school year with our students scattered in various learning configurations – some in-person, some fully-remote, the rest in hybrid learning with certain days at school and the rest at home. I don't know a soul who thinks we were able to fully meet the needs of our students and their families last year, but I am incredibly proud of how well we managed in this fractured environment.

Only some of our wishes came true this fall. We have all of our students back for in-person, but the pandemic caught its breath over the summer and came back at us with force. For the first three months of the school year, we saw about 100 cases of Covid across the seven schools, and many dozens of students in quarantine at home because of close contact. Right after Thanksgiving, we implemented a new testing program that has dramatically lowered the number of missed student days by those who have contact with Covid cases at school. Through all of this, we have yet to confirm a single case of in-school transmission.

But let me be clear – we are still doing school. Overall, our students are doing well, though we do see some signs of the effect from last year's fragmented school year. We have redoubled our work on the emotional learning needs of our students, and leveraged generous federal grants to acquire a wide range of programming and professional development for our students. We are using federal grant money for our summer programs and we have extended afterschool programming to families at no cost. Our plans right now call for continuing free summer and afterschool programming for the next two school years after this one, or at least until the federal grant money is used up. We will be seeking other grant sources to continue this programming well into the future.

The bright spot through all of this is the dedication and care provided to our students by the teachers and support staff you pay to do this work. Working in these conditions is incredibly stressful, because our staff worry both about your children *and* their own. We have had staff miss work because their children who attend a school in another community had to quarantine because of a Covid case in their school. These absences are understandable; what I want you to appreciate is how flexible the remaining staff have to be to cover for these absences. I know that many of you have reached out to thank your child's teacher(s) and others in the school. If you haven't, please do.

What I learned this summer is that we cannot predict where the next turn is in the pandemic road. As I write this on the morning before the holiday break, I am wishing for safe and happy times ahead. I hope you and yours are safe and healthy.

Sabrina Brown – Student Service Director

The Caledonia Central Supervisory Union, Barnet School, Cabot School, Danville School, Peacham School, Twinfield School, Walden School, and Waterford School staff are committed to meeting the needs of all students. Our special educators and related service providers work collaboratively with families, general educators and outside agencies to ensure that our student's needs are met through a variety of service delivery models. We are committed to fostering academic, social, and emotional growth in a physically and emotionally safe learning environment with a nurturing sense of belonging for all.

Special education is at no cost to the student's families to meet the unique needs of a child with a disability. A child's right to a Free and Appropriate Public Education, FAPE and Individuals with Disabilities Education Act, IDEA requires equitable education to students with disabilities. Special education is a mandated federal and state program that provides services to eligible students with an identified disability between the ages of 3 and 21 and who qualify for an Individualized Education Plan, IEP. As of December 2021, we had a total of 290 students on an IEP across our Supervisory Union.

In addition to students on an IEP, we have over 90 students across our Supervisory Union on a 504 plan. Section 504 is a civil rights act mandated by federal law and guarantees students with a disability a FAPE. Students on a 504 are also entitled to equitable education and accommodations as deemed necessary in order for the student to access their education.

Funding for students on a 504 plan has always been the responsibility of the local schools. The majority of special education costs have been funded through both state and federal funding formulas. Vermont's Agency of Education, AOE, has been reviewing a different funding approach for the last several years which will impact the way the state reimburses us for part of our special education costs. Currently, we have a reimbursement model where the state reimburses the Supervisory Union approximately 56% of the total special education expenditures and in rare cases where the extraordinary cost threshold is met, we receive 95%. The AOE is moving to a block grant as part of Act 173 that takes effect on July 1, 2022. As we continue to better understand the direct financial impact on our Supervisory Union, we will share the impact.

In addition to the Act 173 financial impact, there are seven new special education rule changes that go into effect July 1, 2022. As a SU we will be learning more about these rule changes and how they will impact our schools over the next few months.

I am grateful for the opportunity to work in a district with staff who are collaborative and dedicated to improving the delivery of instruction to all students.

Curriculum and Professional Development

Jessica Monahan, Co-Curriculum Director

Monica Morrissey, Co-Curriculum Director

The Caledonia Central Supervisory Union teachers and paraprofessionals continue to build upon their academic and instructional practices to enhance student learning and support social-emotional needs. Through dedication, determination, and enthusiasm staff work to provide all students with opportunities to strengthen their knowledge and skills.

Inclusive Education and Equity training has strengthened across CCSU. All staff participated in an inclusive education training during August Inservice and will continue to build upon their knowledge and practices throughout the year. This work is done in conjunction with the MTSS (Multi-tiered Systems of Support) initiative started in previous years.

Literacy Instruction is a focus across all seven schools. There are 53 classroom teachers, special educators, interventionists and administrators participating in the *Lead to Read* program-literacy professional development through the Stern Center that focuses on literacy instruction supported by brain science. The program is designed to strengthen knowledge in reading skills, comprehension, and fluency.

Equity in Math Instruction is an important focus for CCSU. Many Middle School teams were inspired with the new program, *Open Up Resources*, while several elementary grades are piloting the newly released *Illustrative Mathematics* program. Teachers participated in professional development to learn the program and resources before implementation. CCSU looks forward to more grade levels joining this work in the Spring of 2022 and next school year.

Social Emotional Wellness is part of the CCSU Social, Emotional, and Opportunities Plan to support students through their academic career. CCSU provided opportunities for elementary and middle school teachers to attend training sessions that focused on classroom management, routines, and ways to support students with a focus on restorative practices: *Responsive Classroom* (elementary) and *Developmental Design* (middle school). Mindfulness has also been integrated into some schools.

Assessments monitor student growth and progress. Adjustments to the 2021-2022 Assessment Calendar were made after the CCSU Leadership team evaluated the “purpose of assessments” across the supervisory union. Schools who are participating in the new literacy program, *Lead to Read*, have implemented the new literacy assessments that align with the program.

Consolidated Federal Program

The Big Picture

What is a Title I School?

Being a Title I, Part A school means the school receives federal funding (Title I, Part A dollars) to supplement the school's existing programs.

Title I: Improving the Academic Achievement of the Disadvantaged The purpose of this program is to provide all children a significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps. To qualify for Title IA funds, a school must have at least 35% of their population who qualify for the free and reduced lunch program. To qualify for a School Wide Program, 40% of the population must qualify for free/reduced lunch.

- Identifying students experiencing academic difficulties and providing timely assistance to help these students meet the State's most challenging content standards.
- Purchasing supplemental: staff, programs, materials, and supplies.
- Conducting parent and family engagement meetings, trainings and activities.

Title I sponsored educational opportunities

- Math and/or Literacy Interventionist
- Literacy, Math or Social-emotional learning Professional development
- Family Engagement
- A portion of the Grant Manager salary
- Support for students experiencing Homelessness

Title IIA: Supporting Effective Instruction The purpose of this program is to provide grants to state educational agencies, local educational agencies (LEA), state agencies for higher education and eligible partnerships to:

- Increase student achievement consistent with the challenging State academic standards
- Improve the quality and effectiveness of teachers, principals and other school leaders
- Increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement
- Provide low-income and minority students greater access to effective teachers, principals and other school leaders.

Title IVA: Student Support and Academic Enrichment

The purpose of this program is to improve students' academic achievement by increasing the capacity of States, local educational agencies, schools, and local communities to:

- provide all students with access to a well-rounded education;
- improve school conditions for student learning; and
- improve the use of technology in order to improve the academic achievement and digital literacy of all students.

Title I, IIA & IVA follows Supplemental guidelines. All investments should not be supplanting.

Vanessa Koch – Human Resource Director

We came into the new school year with a positive outlook. We thought the hardest year was behind us. We did not anticipate the continuation of the previous year’s challenges would still be present as well as increase. We have experienced much turnover like many other employers as well as employee burnout. To counter this, we have created some new positions such as LNAs, Interventionist, After School Positions, and Tutors. This has opened up opportunities for employees to embrace career growth as well. Many employees have retired during 2021. We have filled 104 positions so far this school year. Our communities have experienced increased student enrollment and new faces from diverse backgrounds which in turn has created hires new to the region.

We are focused on mental health and wellness for our employees through Employee Assistance Program, VEHI Employee Wellness Program, half-days and Covid paid time off. Our employees are dedicated to their schools, their communities and everyone’s wellbeing. We have great employees that are doing the best they can under the circumstances and deserve a standing ovation. They are making a difference every day. Be sure to thank them when you see them around town.

Caledonia Central Supervisory Union Preschool

Bethany Hale – Director of Early Education

CCSU Preschool classrooms are thriving! Our seven schools provide early education experiences in nine classroom environments and in outdoor learning spaces that have developed and expanded over the course of the last year. For the 21/22 school year, we were able to open up classrooms back to full capacity for children serving approximately 126 3–5-year-old children in our schools. Most schools offer preschool programming five, full days a week for the entirety of the school day.

CCSU has been fortunate to have maintained overall staff retention enabling our classroom teams to become stronger as they work together longer, in turn, providing more consistency in expectations, schedules and routines for children. Consistency is critical to young children and CCSU has done its best during the pandemic to provide this to our youngest learners. With frequent, extended absences due to COVID-19 exposures, the preschool population has been significantly impacted. With an ongoing focus of social-emotional learning and supports, children are able to reintegrate into their classrooms after absences without difficulty.

We also want to recognize our Act 166, Universal Prekindergarten, partners. CCSU has partnered with 11 private childcare providers to support families in quality early childhood education experiences in our communities. This has allowed 25 more children to enroll in preschool. We also partner with other school districts and supervisory unions to ensure children are accessing this education.

Our classrooms have benefited from Child Care Stabilization Grants. Two grant opportunities presented themselves during this calendar year through federal COVID Relief funds through Vermont's Child Development Division. Coronavirus Response and Relief Supplemental Appropriations (CRRSA) were awarded to each preschool via their child care license. With the individual program awards totaling for the SU was \$59,496.01, these funds were made available in April and were required to be spent by the end of the year. Use of these funds were approved to supply PPE, replenish materials from remote learning experiences and to provide professional development to preschool staff. Most recently, CCSU had the opportunity to apply for American Recovery Plan Act (ARPA) funding, also through Vermont's Child Development Division, the use of these funds is similar to the CRRSA funds. Distribution began in November and will continue through October 2022.

Many of us have probably heard "It takes a village to raise a child." Our preschool "village" has always been sizable. The COVID-19 pandemic has not diminished this. We need everyone to pitch in to support our youngest learners. Whether you were a parent or grandparent, sibling, child care provider, or a member of our larger school communities, YOU were an integral part in supporting children's learning for the last 21 months. As educators, we want to send our appreciation for your willingness to step up to this challenge. It has not been easy. We look forward to continuing to cultivate these relationships with you long past this pandemic.

Food Service Program

Tanika Stewart – CCSU Food Service Director

Over the last year, the Food Service Program has seen significant changes, challenges and collaborative growth. In July, our Food Service Director, Ken Cyr, retired after five years of commitment to CCSU's child nutrition program. As Director, Ken helped build the foundation for a Food Service Program that is not only comprehensive, compliant and fiscally responsible, but also creative, community-centric and individualized. It is from this foundation that our Food Service Program will continue to evolve.

Food Service in the midst of Covid has presented its fair share of challenges, the most prevalent being ongoing staff shortages and widespread supply chain issues. But with these unique challenges have also come some unique opportunities. In the height of our staff shortage, numerous parents, grandparents and community members stepped forward—with aprons on—to help in the kitchen. Their magnanimity made it possible to continue providing quality food to our students and to hire capable long-term staff. Currently, we have filled most of our openings with several new cooks that bring their skill, creativity and dynamic perspectives to our Food Service team.

An unexpected silver lining to our Covid-related staffing challenges this year came recently when we utilized available ESSER grant funds to create a floater Head Cook position. Not only does this position meet our current staff shortage needs by making one person available to float between school kitchens as needed, but it also opens up potential future opportunities for the position to play a role in our Farm to School initiative by helping unify a school nutrition program that integrates community, cafeteria, and curriculum--the three Cs--into our schools.

Despite this year's challenges, we have seen a lot of progress in our Farm to School initiative. As we were confronted with nationwide supply chain shortages, we were able to access fresh produce and other foods by accessing local farms and vendors in our community more extensively. Not only has this experience helped advance our local procurement goals, but it has actualized the importance of sustaining a meal pattern program that celebrates local and seasonal products moving forward.

This year, two of our schools--Danville and Peacham--were both accepted to participate in Vermont Feed's Farm to School Institute, a year-long program that helps schools develop and put into action individualized plans to develop and implement a values-based, school-wide farm to school action plan. The Food Service Program continues to work closely with each school to help reach these shared goals and will continue to pursue other Farm to School grants that provide such future opportunities.

This 2021-22 SY is the second year that students are being offered school meals at no charge. So far this school year, we have seen a steady increase in meals served across most our schools. Under the Seamless Summer Option (SSO) Program, free meals to students will be available through June 30, 2022. As CCSU's new Food Service Director, I look forward to help develop our food program in a positive way that embodies the values and meets the changing needs of our students, our schools and our community.
