**Subject:** Public Records Request \_ Global Foundries

Dear Scott,

This is a request under Vermont's Public Records Act, V.S.A. Title 1, Sec. 317, for copies of all correspondence between the governor's office and Global Foundries \_ letters, emails, texts and any other written records \_ concerning the \$1 million Enterprise Fund grant to that company approved by the Emergency Board on Jan. 8.

Also, I would like any documents internal to the governor's office on the same topic. Please let me know as soon as possible about their availability and any estimated copying costs.

Thanks very much,

Dave Gram, AP
