Subject: Please Watch The Video at the Statehouse on April 18th 2019

Dear Senators.

Please take the time to watch the video of the meeting which took place on Thursday, April 18th, at the statehouse, which was sponsored by EMF Safety for Vermont. There are two links below, both showing the video.

Your constituents who have researched and know what 5G will involve are very disturbed and rightfully so.

Please do not support H 513. It is a very deceptive bill and needs to be delayed for further study.

New Hampshire has created a committee to study 5G before allowing it to go through. Vermonters need the same consideration.

Thank you.

Judith Persin
