Attachments: Galloway Production 10-12-16.pdf

Hi Anne, attached please find a partial response to your request for the subjectline and other heading information of Alex MacLean's sent email messages. This production covers the period from mid-July of 2012 back to March 1, 2012, and involves just over 1400 messages. Please note that a name associated with a health condition has been redacted pursuant to 1 VSA 317(c)(7). If you feel that information has been withheld in error, you may appeal to the Governor's Chief of Staff, Darren Springer.

We expect to continue work on this production on a rolling basis. We will also follow up with an invoice, as previously discussed. If you have any concerns, just let me know. Thanks,
Sarah
