Darren and Pepper,

Jeb mentioned it might be helpful if he had a few minutes with the Governor to bring him up to date on this proposal. The board, of which the Gov is a member, will vote on September 29th. We'd like his support for the initiative going forward, as well.

I've kept you up to date in general terms, but given the importance of this change to the VSC and to VT, it might be helpful for the Governor to hear directly from Jeb about it.

Let me know what you think, and if we should schedule something.

Thanks –

Tricia
