

OFFICE OF THE LIEUTENANT GOVERNOR

Vermont State House

115 State Street

Montpelier, VT 05602

February 2, 2021

Sandra Enman
1369 Sherman Hollow Road
Huntington, Vermont 05462

Dear Sandra,

Thank you for taking the time to contact my office. I appreciate you sharing your views on climate change and electric vehicles. I also enjoy skiing at Sleepy Hollow and although I have not yet seen the groomer, I have heard much about it. A big thanks to Eli and the whole crew for a wonderful year of skiing thus far.

I share your vision for investments in electric vehicles and supporting all Vermonters, particularly elected and state officials, in moving to electric vehicles. Unfortunately, purchasing electric vehicles remains costly and prohibitive. On a personal note, I look forward to the day I can make the transition. In the meantime, I look forward to supporting initiatives that allow Vermonters to make a justice and equitable transition to electric vehicles and to renewable energy for our homes and businesses.

I hope you will not hesitate to contact my office again. I look forward to seeing you in Huntington or at Sleepy Hollow soon!

I wish you and the whole Enman clan good health as we work together to ensure Vermont recovers stronger from this pandemic.

Sincerely,

A handwritten signature in black ink that reads "Molly R. Gray". The signature is written in a cursive, flowing style.

Molly R. Gray
Lieutenant Governor of Vermont

802-828-2226

@ltgovgray

Hello Molly, Related to climate change, I would like to know that all politicians are driving electric cars. This would be a very good example and also educate them about these vehicles. Government vehicles should also be electric. Combining solar panels with electric vehicles will result in a better planet. Did you see my son Eli's electric groomer at Sleepy Hollow? He put skis on the front and a tracker on the back of an electric car. Thanks so much, Sandy Enman
