Subject: GPS response to Toensing PRA

Dear Mr. Toensing,

Attached please find records in response to your public records act request dated November 18, 2013. I have redacted personal contact information pursuant to 1 V.S.A. § 317(c)(7).

The Governor has one cell phone, which is not a state-issued device. Pursuant to 1 V.S.A. § 317(c)(1) and (c)(4), I have withheld as executive privileged communications text messages containing policy advice between and among the Governor and members of his senior staff (i.e., the Governor's Chief of Staff, his Secretary of Administration, and his Secretary of Civil and Military Affairs). On the same basis, I have withheld two emails to the Governor containing policy advice from members of the Governor's senior staff, one from Tuesday, October 22, 2013, and one from Monday, November 4, 2013.

If you feel that any records have been wrongfully withheld, you may appeal to the Governor's Chief of Staff, Elizabeth Miller, at Elizabeth.Miller@state.vt.us.

Thank you,

Sarah London

HD,

Based on your feedback, I submitted my resignation today.

Seriously, though, I think you are misinformed about the role of the board and what is going on in Vermont. We are working to implement alternatives to fee for service, we are working with the ACOs, the ACOs will be part of the Exchange starting on January 1 (not as insurers — federal law prohibits that — but as networks taking risk). We are not setting provider rates. You need to get some better staffing on this issue, or call me....
