**Subject:** advance request for emails to be released

Hi Scott,

I've seen it reported that Gov. Shumlin's administration will be releasing those old emails of his top aides, perhaps by the end of the week.

Can I put in a request with you now, by this email, to have those records sent to me (electronically, if at all possible) as soon as they're available? If there are different steps to take, please just let me know.

For the record, if the request would incur a fee, please hold off and let me know what the charges would be, and what they would be for.

Thanks,

Hilary
