Wilson,

We have received your Public Records Act request. The video you have requested was not "produced or acquired in the course of agency business" and is therefore not a public record under Vermont law. 1 VSA 317(b). Additionally, we have security concerns with releasing a video depicting features of the Governor's private residence. If you would like more information about the Governor's bear encounter, however, please feel free to follow up with Sue Allen. Please note that, as provided by 1 VSA 318, you have the right to appeal this determination to the Governor's Chief of Staff, Bill Lofy. Thanks very much,

Sarah

Hi Sue,

Thanks for getting the governor to talk about his encounter with the bears.

I would like to formalize our request for the video. Attached please find a request for that video under the terms of Vermont's Freedom of Information Act.
