

On p. 19 of draft No. 3.2, amend new section 30 V.S.A. § 248(a)(4)(J) to read:

(J) With respect to an application for an electric generation facility with a capacity that is greater than 50 kilowatts and is not located on a new or existing structure, where the primary purpose of such structure is not the generation of electricity, and in addition to any other information required by the Board, the application shall include information that delineates:

And on p. 29 of the same draft, amend the new 30 V.S.A. § 8005(c)(3)(E) to read:

E) With respect to a net metering system exceeding 15 kW in plant capacity and which is not located on a new or existing structure, where the primary purpose of such structure is not the generation of electricity, the rules shall not waive or include provisions that are less stringent than the following, notwithstanding any contrary provision of law:
