Laurent Lavallee**

September 20, 1919 – December 7, 2019

Laurent Lavallee was born at home in Westford on September 20, 1919 the 10th child of Isidore and Ernestine (Duff) Lavallee. He lived in Westford most of his life and was the last surviving child of 13 children.

He graduated from BFA Fairfax in 1939. Soon after turning 21, Laurent was drafted in the Army and served in the infantry for five years. During his service he trained stateside, but his stint also included time in France and Germany. Laurent earned several medals while serving in the US Army during WWII.

On April 12, 1947, he married Doris Mary Perreault at the Holy Rosary Catholic Church in Gardner, Massachusetts. In 1959, they moved to Westford where they bought and worked the family farm where he was born and raised their five daughters – Ann, Janet, Diane, Denise and Lucy.

In June 2014, at the age of 94, Laurent was one of 15 World War II veterans from Vermont who flew to Washington, DC through the North Country Honor Flight program to visit their memorials.

On September 15, 2019 an open house was held at the Brick Meeting House to celebrate Laurent's 100th birthday. Family members and many friends and neighbors joined him to celebrate this milestone!

TREASURER

Fiscal Year 2019 was another busy year for the Treasurer's office. Some of the highlights for the past year included the sale of two town properties, the Spiller Property for the new country store and the Martel Lot.

The Town's General Fund finished FY 2019 with a surplus of \$40,550. The General Fund began the year with a positive fund balance of \$263,444, which was increased to \$303,994.

The Highway Fund finished FY 2019 with a budget surplus of \$124,310. The Highway Fund began the year with a deficit of \$-274,369 which was decreased by the budget surplus to \$-150,059. This reduction was based on revenues beating budget by \$93,634 from State Grants, expenses under budget by \$41,248 and other items totaling \$-10,572.

The table below shows the past several years of history of the General and Highway Funds and the combined total for the other Non-Major Funds (Capital, Common, Playground, Conservation, etc.).

Please feel free to contact me with any questions at 878-4587 or treasurer@westfordvt.us.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Selectboard
Town of Westford, Vermont

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the modified cash basis financial statements of each major fund, and the aggregate remaining fund information of the Town of Westford, Vermont, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements and have issued our report thereon dated December 12, 2019. We expressed an adverse opinion on the Town's financial statements due to not presenting government-wide financial statements.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SELECTBOARD

Westford's small town culture, known for community spirit and chipping in to help neighbors and solve problems, is a point of pride and fuels our accomplishments as a community. Our town staff and volunteers that serve on our Boards and Committees are the cornerstone of our success and strongly contribute to making Westford such a great place to live.

For a small town we have many community assets and a strong sense of volunteerism which enable us to accomplish so much. Thank you to all of you who chip in to create our wonderful town environment.

Town Staff

Road Crew – The vacancy created by the resignation of Scott Bushey in September 2018 was filled by Torrey Webster in February of 2019. Welcome aboard Torrey!

Financial Practices

Independent Professional Audit – Fothergill Segale and Valley audited the FY'19 financial records. Their Auditors Certification can be found in this Town Report, and the full audit report is available on the Town website (<https://westfordvt.us/town-audits/>).

Proposed FY'21 Budget – The Town budget proposal for next fiscal year (July 1, 2020 – June 30, 2021) is detailed in the tables contained in the Town Report.

The proposed budget includes using \$50,000 from the General Fund to reduce the amount to be raised in taxes. The proposed budget is increasing by 4.46% and the tax rate is increasing by 2.071%. For perspective, this tax increase results in approximately \$29.40 in additional taxes for a property assessed at \$200,000 and \$58.80 for property assessed at \$400,000.

The Town expects to pay off the highway deficit at the end of FY'20. As of June 30, 2019, the deficit was \$150,059. This is compared to a deficit of \$271,774 as of June 30, 2018. The deficit was reduced by \$124,310 which were funds not expensed in the FY'19 Highway Budget. The FY'20 Highway Budget includes \$55,000 to further reduce the deficit. This leaves a projected deficit balance of \$95,059 as of June 30, 2020. The General Fund had a surplus of \$303,994 as of June 30, 2019. The Selectboard plans to transfer \$95,059 from the General Fund to eliminate the highway deficit, leaving a surplus of \$208,935. The projected balance of the highway deficit as of June 30, 2020 is zero. The Selectboard thanks John Roberts for the outstanding job he's done managing the Highway Department to pay off the deficit sooner than expected.

The FY'20 highway budget includes funds for a fourth full-time road crew employee. Over the past few years, it has become evident that three road crew members is insufficient. At one point in 2018, due to a resignation and illness, the Town had only one road crew employee available to work for an entire month. Thankfully there were no major events therefore the significantly reduced work force was not an issue.

Road Projects

The Highway Department continues to do projects to bring the town into compliance with the Clean Water Act. The Town received two grants to do work on Rogers Road. Work was done in the fall of 2019 to improve drainage by creating a crown and improving ditches; a culvert will be replaced in the summer of 2020. In May 2019, the Road crew completed a project on Rubaud Road, which was also funded by a grant.

Conveyance of Town Owned Properties

Sale of Spiller Property - The conveyance of the Spiller property occurred in April 2019. The sale of this property involved many steps to resolve title concerns as well as formally laying out Common Road before it could be conveyed. The owner of the property is in the process of building a general store and cafe that is slated to open around the beginning May. The Town is excited for the new commercial establishment, which will play a vital role in revitalization of the town center. The mortgage held by the Westford Historical Society was paid and released. This property will appear on the tax roles for 2020.

14.9 Acre Lot (located off Westford Milton Road) – Conveyance of this lot occurred in February, 2019 and appeared on the 2019 tax role.

Maple Shade Town Forest

In March 2019, the Westford Town Lands Long-Term Management Plan Committee submitted a Management Plan to the Selectboard for the Maple Shade Town Forest and the property that surrounds the school's property. The Plan provides a framework for managing the Town Forest and adjacent Misty Meadows property (the trails behind the school). The Selectboard discussed the Plan at several meetings, in particular hunting in the Maple Shade Town Forest and an access for hunters. In September 2019, the Selectboard voted to approve the Plan. The Selectboard is grateful for the Committee's time and efforts in drafting the Plan.

Town Common

The Town Common received some well-deserved TLC in 2019 in preparation of its 200th anniversary celebration. Benches were repaired and new picnic tables were built. The landscape was spruced up with trimming of trees and bushes as well as mulching some areas. Cracks in the pavilion and several sink holes in the common were repaired. Funds for this project came from the Town Common Fund, which was created in 1994 with proceeds from a generous donation made by the Kruse family. A huge thank you to the Town Common Committee, Lori Johnson, Caroline Brown and Suzanne Kearns, for spearheading this project. Also, thanks to those who helped with this project: Ray Geddens, Dave Fitzgerald, John Fitzgerald, Morgan Emanuelsson, Greg Barrows, Peter Barrows, Melissa Manka, Susan Schmidt, Wendy Doane, the Road Crew (John Roberts, Sean Cushing, Torrey Webster) and the Essex Tech Center.

Ordinances & Policies

Fire Ordinance – The Selectboard adopted an Outdoor Fire Safety Ordinance on March 14, 2019.

Westford voters submitted a petition calling for a Special Town Meeting, which was held on June 3, 2019. At the meeting, voters voted to disapprove the new ordinance. This resulted in the Ordinance to Regulate Open Fires adopted in 1996 to remain in effect.

Taxpayer Waste Reimbursement Policy – The Selectboard adopted a Waste Reimbursement Policy on February 25, 2019 in response to numerous problems with the collection of trash and recycling during inclement weather.

Trash & Recycling Contract

The contract for the collection of trash and recycling services provided by Myers Container Services expires at the end of June 2020. The Selectboard will be going out to bid for these services and exploring all options available.

Westford's Future

In September and October 2019, the VCRD (Vermont Council on Rural Development) held two community forums. The forums were well attended by residents of all ages and generated lots of great discussion. Three task force groups were formed as a result of the meetings: Improve Traffic Safety, Walkability and Bike-ability; Boost Local Business and Economic Development and Improve Broadband and Cell Connectivity; and Advance the Arts, Community Events and Communications. The task force groups were chosen as a part of the process that involved town residents. These groups will work on the action steps identified in the Westford's Future Report and Action Plan. The Plan is available for viewing at the town office and library or at <https://westfordvt.us/wp-content/uploads/2020/01/WestfordsFutureReport.pdf>. The Selectboard thanks all those who participated in the forums and for those who volunteered to serve on the task force groups!

TOWN CLERK

The past year was fairly quiet and nothing unusual arose. In March 2019 I completed my 18th year and was elected to my 7th term. It's amazing how fast time has gone. I want to thank all of you for your continued support.

Elections

There were four elections in Fiscal Year 2019. The State Primary was held in August 2018, the General Election in November 2018, the Annual Town Meeting in March and the Annual Essex Westford School District Meeting in April. There was a Special Town Meeting held in June 2019 (floor vote only).

Vermont Elections Management System

The Vermont Elections Management System (VEMS) is an online program for qualified residents to register to vote or update their voter information.

By using the My Voter Page, a registered voter can:

- Check registration status
- View information on upcoming elections
- Access voter specific elections information, including directions to a polling place and polling hours
- View a sample ballot
- Request and track an absentee ballot

The online voter registration page can be found at <http://olvr.sec.state.vt.us> and the My Voter Page login can be found at <http://mvp.sec.state.vt.us>.

Land Records

During FY'19, 607 documents (deeds, surveys, etc.) were recorded in the Westford Land Records. This number translates to 1,976 pages compared to 2,064 pages in FY'18. As time permits, older documents are scanned and added to the data base. The scanner we currently have does not accommodate the larger

books documents are recorded in, therefore, unless we acquire a larger scanner, back scanning will discontinue when we reach documents dated July 19, 1991.

Dog Licenses

In 2019, 436 dog licenses were issued. Dog licenses are due by April 1st each year. A current rabies certificate and fee are required to license your dog.

Vital Records

Vital record statistics in the Town of Westford for January 1, 2019 through December 31, 2019 are as follows: 14 births, 12 deaths, and 4 marriages.

New Vital Records Law (Act 46) and What It Means for You

On July 1, 2019 Act 46, which made significant changes to the laws governing vital records, went into effect. The change that affects residents most is the process for obtaining certified copies of birth and death certificates. The changes are:

- Only family members (as defined in Act 46), legal guardians, certain court-appointed parties or legal representatives of any of these parties can apply to obtain a certified copy of a birth or death certificate. In the case of a death certificate only, the funeral home or crematorium handling disposition may apply for a certified copy.
- An individual must complete an application and show valid identification when applying for a certified copy of a birth or death certificate.
- An individual who refuses to complete the application or cannot provide valid identification will be ineligible and referred to the Vital Records Office.
- Certified copies of birth and death certificates can be ordered from any town, not just where the birth or death occurred or where the person was a resident.
- Certified copies will be issued on anti-fraud paper.

Newsletter & Town Website

There are two resources to keep abreast of current events in town. The Town's website (<https://westfordvt.us/>) is a valuable resource for general information, such as contact information for town officials, a calendar of events (meetings, etc.), and agendas and minutes for meetings of the various boards and commissions. The second resource is the Town Newsletter which is published monthly. The newsletter contains announcements for general town information and events. The newsletter is distributed electronically and is available for viewing on the Town's website (<http://westfordvt.us/documents/newsletters/>). Upon request, the Town will mail the newsletter to residents who do not have access to a computer and/or the Internet.

Holiday Donations

Thank you to all those who donated funds for the holiday gift cards. The generosity of Westford residents continues to amaze me! The Town was able to help 30 families by providing them with a gift card to a grocery store to purchase items to meet their individual needs (prohibiting alcohol and tobacco products). The gift cards are very much appreciated!

BOARD OF CIVIL AUTHORITY & BOARD OF ABATEMENT

The Board of Civil Authority (BCA) is comprised of the Justices of the Peace, Town Clerk and members of the Selectboard. The BCA's primary responsibilities involve reviewing the voter checklist, serving as election officials, and hearing grievance appeals of property assessments.

During FY'19, the BCA met one time to revise the voter checklist, resulting in approving 121 voter registration applications, removing 80 voters and sending notices to 10 voters to confirm residency. In addition to this meeting, BCA members worked the polls at the 2018 State Primary Election, 2018 General Election, 2019 Annual Town Meeting and the 2019 Annual Essex Westford School District Election. There were no grievance appeals filed.

The Board of Abatement consists of the Town Treasurer, Town Clerk, Selectboard members, Listers and the Justices of the Peace. The Board of Abatement hears property tax abatement requests. The Board of Abatement heard and approved two requests for tax abatement.

CEMETERY COMMISSION

The Westford Cemetery Commission oversees the care and maintenance of six town cemeteries (Cookyard, Richardson, Cloverdale, Osgood Hill, Plains and Brookside).

We, with the help of a volunteer, have been able to keep the small previously "neglected" Cookyard clear of brush with the ultimate goal of maintaining its integrity. We also hired two different contractors to maintain/mow our other five town cemeteries during the mowing season.

Flags were placed on all Veterans' graves in observance of Memorial Day. One lot was sold at Brookside Cemetery and two interments occurred during this time in our Town cemeteries.

There continues to be much work to be done to keep our cemeteries a source of historic information as well as aesthetically maintained. The Town Office receives several requests regarding family history research and often this information can only be found on the gravestones themselves. As part of that effort and duty, we are continuing our long-range project of repairing and cleaning gravestones as funds allow.

Funds were allocated in the 2018-19 fiscal year to finish restoring/cleaning gravestones in Brookside Cemetery. This was completed and we budgeted money for further gravestone restoration/cleaning and other projects during fiscal year 2018-2019. The Cemetery Commission considers gravestone restoration/cleaning as part of the annual maintenance program much like the mowing contract since it is an ongoing project. We also repaired a total of five gravestones in Osgood Hill and Plains Cemetery. We have received considerable positive feedback regarding restoration of Brookside Cemetery over the past few years.

We had several diseased and dying trees removed in Richardson and Plains Cemeteries with the cooperation of the adjoining landowners during fiscal year 2018/19. This was to avoid catastrophic and irreparable damage to the gravestones. Our goal is to minimize this problem with preventive maintenance.

Another ongoing project is to record all of the cemetery inscriptions/information for each of the cemeteries into a computerized data base. All of the gravestones are also in the process of being photographed.

The cost of mowing continues to increase, and we need to adjust our yearly budget accordingly.

The use of our cemetery funds in the various savings accounts and certificates of deposit are limited as we can only use the nominal interest earned on the CD accounts and not the principal. This is a problem faced by many communities. Therefore, we rely on the money allocated in the Town of Westford General Fund.

Each town is required to maintain their cemeteries as indicated in the Vermont State Statutes (Title 18, Ch.121). The Westford Cemetery Commission, with the support of the townspeople, the public, and the descendants of people buried in the cemeteries, would like to continue to keep the cemeteries aesthetically pleasing, a source of historic information and a place of respect.

The cemetery funds are all invested in local banks, supervised and audited yearly.

CONSERVATION COMMISSION

The Westford Conservation Commission (WCC) works in partnership with the citizens of Westford to create a vibrant, sustainable environment where land uses, including agriculture, silviculture, recreation and development, coexist in harmony with natural resources. The Westford Conservation Commission continues to work to enhance community understanding of land conservation, expand public trail information, encourage trail use, and stimulate community involvement in conservation efforts.

The Westford Conservation Fund was established by the voters at the 2004 Town Meeting. The fund is to be used to help conserve land in Westford and to promote the town's farms and farm products. The fund does not receive money from the town budget but is completely funded by benefit sales and private donations. Tax deductible donations to the Westford Conservation Fund can be made by contacting the Town Office, 1713 VT Route 128, Westford, VT 05494. Those wishing to apply for money from this fund should contact the Conservation Commission.

The WCC is working on developing additional trails in the newly-acquired Maple Shade Town Forest. This effort consists mainly of clearing old logging roads in areas identified by the Long-term Management Plan as appropriate for trail usage. A large part of Maple Shade Forest will remain completely undeveloped and will be managed forest. Joel Fay and Dale Rodgers, WCC members, continue to improve and maintain these newer trails, as well as the established ones. The WCC aims to develop maps that will let users know of the trail locations and lengths, as well as posting information concerning forest conditions and helpful information. Currently the trails are blazed and maps are located at the kiosk in the school parking lot and at the entrance to the forest.

Joel Fay has been maintaining the school trails (n/k/a "Misty Meadows"), as well as creating new trails, for a number of years, helped at times by Dale Rodgers. Dale has implemented, and maintains, the "Mutt Mitts" at the entrances to the trails at either end of the school parking lot. The WCC also maintains the Schultz Trail that leads from the end of Old #11 Road to Machia Hill Road.

Newly cleared this year is the Goodrich Trail which goes all the way to Underhill. This trail has a trailhead at the end of Machia Hill Road; just keep going on the road as it develops into a logging road and follow the yellow diamond WCC signs. The Underhill side comes out on Repa Road which leads to Route 15.

This year we say goodbye to long-time commission member Marilyn Thomas. Marilyn knew every single person in town, could identify their parcels on a tax map, and knew all the neighbors, too. She is irreplaceable, and both she and Grant will be missed.

The WCC encourages all residents to contact us with any comments or concerns, especially if a trail needs work due to blowdowns or washouts. We are also available if you are interested in helping maintain trails or in setting up a temporary right-of-way for trail usage. The WCC can be reached by emailing westfordcc@googlegroups.com.

DEVELOPMENT REVIEW BOARD

The Development Review Board (DRB) reviews applications for subdivision, commercial development, waivers and variances, and appeals of administrative officer decisions. The Board meets on the 2nd and 4th Monday of each month, as needed, at 7:15 pm downstairs in the Westford Town Office. All meetings are open to the public.

We had an average year for DRB activity compared to recent years. Only one lot was created but there were several sketch plan applications which will likely create more lots down the road. We also heard one appeal of an administrator officer decision. The following is a summary of the applications the DRB reviewed for the reporting period:

- Sketch Plan Review- 5
- Preliminary Plat Hearings - 0

- Final Plat Hearings- 1
- Conditional Use Hearings - 2 (1 for WRO crossing, 1 for commercial business)
- Site Plan Hearings – 2
- Waiver Hearings – 1
- Variance Hearings - 0
- Appeal Hearings – 1
- # of New Development Lots Created - 1
- # of New Deferred Development Lots Created 0
- Acres of Open Space Created – 0
- Miles of Pedestrian Path Created – 0

In March of 2016, the DRB began reviewing projects under the new Westford Land Use and Development Regulations that were approved in February of 2016. The Westford Land Use & Development Regulations were amended on July 27, 2017 and May 10, 2018 in order to clarify and correct language. The DRB continues to work hard to appropriately implement these regulations. We appreciate the patience of applicants as we navigate the new regulations. The public is encouraged to attend our hearings to see what the process is like and to give input. Every decision made, every development approved, and every regulation - new or old - affects each of us. We welcome your opinions!

Each year generally sees some turnover on our boards and the Development Review Board is no exception. Sara Devico and Keith Simpson left the board. Andrew Collier and Jesse Labrecque were appointed to fill their positions. Thank you both for your service on the DRB. Andrew and Jesse thank you for stepping up!

FIRE WARDEN

Winter is here and at this time we should be blanketed with snow. As you know, burn permits are not needed when we do have snow on the ground. However, I respectfully request that you continue to take out a permit for your fire. The reason for this is that it helps the town's fire officials determine whether a controlled burn or an actual fire is in progress. I will continue to monitor weather conditions on a daily basis and will open or close the burn system as an advisory.

What is legal to burn does not change. A rule of thumb I like to use is "if it grows on your lawn then it's probably safe to burn." No garbage, treated wood, paper and magazines are permitted. Also, NO accelerants of any kind may be used to start your fire. In addition, it is unlawful to let your fire burn out overnight. You must ensure that your burn is completely out before retiring for the evening. If you have any questions as to what you can or cannot burn, or when it is appropriate to burn, please call me at 879-1231.

At this time, I would like to recognize our Westford Fire Department for the great job they do keeping us safe.

The following is the number of permits issued in the Town of Westford for this fiscal time frame:

- 414 permits were issued electronically
- 4 hard copy permits by the Fire Warden
- 14 hard copy permits by the Town Office
- 2 warning issued for burning without a permit
- 0 fire prevention tickets issued

LISTERS

The Listers will be out collecting our data from outstanding and current building permits. We do leave a note that we were there. Change of Appraisals for building permits or for any properties with acreage changes, will be sent in April/May of 2020.

The Vermont Division of Property Valuation set Westford's 2019 Common Level of Appraisal at 96.04% of fair market value. New CLA's come out in January of each year, arrived at from the previous year's sales analysis. Westford properties are all assessed using the same building cost tables and land schedules that were established for our last reappraisal in 2009.

Assessment records are public and can be viewed during Town Office hours. Listers are available by appointment or by email.

Form HS-122, Vermont Homestead Declaration – Section A: A Homestead Declaration must be filed when you purchase a property, and each year thereafter. For a new homeowner, you need to be living in the dwelling as of April 1st.

Form HS-122, Property Tax Adjustment Claim – Section B: This claim must be filed every year also.

Also **Form HI-144 Household Income** is due April 15th (late filing penalties apply). For more information go to <http://tax.vermont.gov> and search for HS-122 or <http://tax.vermont.gov/sites/tax/files/documents/PropertyTaxAdjustmentFS.pdf>

PLANNING COMMISSION

The Planning Commission is comprised of five Westford residents: Koi Boynton, Gordon Gebauer, Seth Jensen, George Lamphere and Mark Letorney. In May of 2019 Wendy Doane resigned in order to focus her energies on the White Church on the Common. We were sad to see her go, but we are very excited to welcome George Lamphere as Wendy's replacement. The Planning Commission drafts the Town Plan and Westford Land Use and Development Regulations, conducts planning studies, assists other Town committees and performs other planning duties as directed by the Selectboard.

The Westford Planning Commission continues to work on many issues of importance to the Westford community. For 10 years, the Planning Commission has been trying to find solutions to the lack of septic capacity in the village. This issue is particularly urgent due to the compromised septic systems currently serving the Town offices, Library, White Church on the Common, Brick Meeting House and private properties surrounding the Town Common. We know how and where a community septic system can be constructed and how much it will cost to build. The next step for the Town is to 1) compile a Preliminary Engineering report (PER)/Facilities Plan which is required for state and federal grant eligibility and 2) develop funding scenarios which will likely include grants and public-private partnerships. Once we have examined all available funding scenarios, we will be in a better position to determine if the project is economically feasible and what amount the Town will need to contribute to serve our municipal and community buildings in the village. We anticipate completing this next step in late 2020.

In 2019, the Planning Commission reached out to Vermont Council on Rural Development (VCRD) who awarded a Community Visit to the Town. A Community Visit Steering Committee was formed to help organize the event and in September and October of 2019 two community meetings were held at the Westford School. The purpose of the Community Visit was to have the public identify issues, develop solutions, prioritize actions, create actions plans/teams and implement said plans with the assistance of resource teams comprised of federal, state and non-profit experts. The meetings focused around 1) Village Revitalization & Economic Development and 2) Community Communications, Events & Gathering Spaces. Both meetings were very well attended and produced many great ideas.

After many years of lobbying, we were finally successful in convincing the Vermont Department of Transportation to install a crosswalk from the Town Offices to the Town Common. The crosswalk is in a safer location to cross Route 128 than most other sections, and hopefully will act as a traffic calming measure.

In the spring of 2019, we were treated to the weekly appearance of the Wagyu Wagon on the Town Common. This was brought about because the Planning Commission recommended to the Selectboard that the Town pass a mobile food vendor ordinance that would allow food trucks and other food vendors to operate on the Town Common. The Planning Commission drafted the ordinance for the Selectboard's consideration, which agreed and adopted the ordinance in time for vendors to be ready by spring 2019. We hope to see more vendors on the Town Common in 2020.

As a result of the re-writing of the land use and development regulations several years ago, many more uses are now permitted in the Village area without the need for prolonged Development Review Board (DRB) review. At the time of writing this report, construction has not yet started on the new village store. However, the developers of the store received their Town permit very quickly without the need for DRB review. The developer of the new village store was the first commercial applicant to apply for

a permit under the form-based code. It appears that the permit process for this development was quick and efficient. We look forward to the store's opening.

Another result of the re-writing of the land use and development regulations was the town became eligible for Neighborhood Development Area Designation to which the Vermont Downtown Board approved our application in April of 2019. This designation benefits developers within the village by reducing state permitting fees, raising the Act 250 threshold and offering a land gains tax exemption. It should be noted that in September of 2015, the town received Village Center Designation as well which offers a variety of tax credits to individuals restoring and repurposing historic structures for commercial purposes and/or multi-family housing.

The Planning Commission continues to work on the update of the Town Plan and will be seeking approval of the updated Town Plan in early spring, 2020. The Town Plan was last updated in 2015. Once the new update is approved, we will not have to update the plan again until 2028.

Finally, the Planning Commission continues to evaluate the Town land use and development regulations as individual projects go through the permit process. As a result of citizen input, the Planning Commission has completed two rounds of amendments to the regulations. Many of these amendments were brought about because residents and the DRB asked the Planning Commission to reconsider a particular regulation and its potential unintended consequence. The Planning Commission will begin a third set of amendments sometime in the spring of 2020.

Public input is welcomed in the planning process. Planning Commission meetings are open to the public and are held at 6:30 pm on the third Monday of the month at the Town Office. Planning Commission agendas and minutes can be viewed on the Town website, which is a great resource and we encourage residents to explore it at www.westfordvt.us

TREE WARDEN**Emerald Ash Borer (EAB)**

The insect, named the Emerald Ash Borer, has been found in several locations within the State of Vermont. How fast it will spread is uncertain, but it is certain it will kill Ash Trees.

Do not buy or transport wood out of an infested area as this will speed up the spread of new infestations. This does not apply to commercial wood products such as flooring.

Valuable Ash Trees in a landscape setting can be protected from the Emerald Ash Borer with insecticide treatments. More information can be found at <https://vtinvasives.org/>.

Shade Trees and You!

Trees growing within the **Public Right of Way* are protected under Vermont State Statutes Annotated; Tree Wardens and Preservation of Shade Trees, Title 24 Municipal & County Government, chapter 67 sections 2502 - 2511.

**The Public Right of Way* is usually 3 Rods total width (3 Rods = 49 ½ feet), but in some cases the right of way can be wider.

Healthy shade trees and ornamental trees growing within the public right of way (regardless of who or when they were planted) may not be cut or removed without approval from Town Officials (Select Board, Road Foreman and Tree Warden) and in some cases may require a public hearing.

Dead, dying, storm damaged or hazardous trees within the right of way may be removed by the Westford Town Road Crew at their discretion.

Healthy public shade and ornamental trees along roadsides and in public spaces belong to all town residents (they are not individually owned) and their preservation is important to everyone!

If anyone is interested in reading “The Law of Trees” and “The Public Right Away and You” (pamphlets by the VT Institute for Government) they can be obtained at the Westford Town Office.

WESTFORD PUBLIC LIBRARY

“Perhaps no place in any community is so totally democratic as the town library. The only entrance requirement is interest.” Lady Bird Johnson

The Westford Public Library is an integral part of how our residents access information, education and recreation for a variety of needs and in a variety of ways – books, movies, online media, audiobooks, downloadable content, and passes to museums and parks, as well as programming and events. We also support a concert on the Common and partner with the Recreation Department, the Westford School, and Westford Seniors. We are committed to providing a space that is open and inviting to all. We strive to provide the community with diverse opportunities for personal and community development, education, and enjoyment. The Library Trustees continue to support the Library Director in her efforts to identify themes and build on programs that bring the community together (NOFA community dinner, Family Movie Night, Baby Tea, KinderNight, art and travel programs, etc.).

The Library was open for a little over 200 days last year. Here’s a snapshot of how our community enjoyed the Library during that time:

- 120% increase in e-book downloads (The Library has expanded digital subscriptions in response to town demand.)
- 22% increase in material circulation over 2018 (~16,000)
- 36% increase in juvenile / teen / graphic novels circulation
- ~10,000 recorded visits!
- ~2,700 people attended Library programs
- 500 volunteer hours
- Most checked out item: The ECHO Center Pass

Our Library Director Bree Drapa’s successful partnerships with Westford School and other libraries continue to be widely recognized, especially in the area of children’s programming. In 2018, the library offered over forty summer programs with a cumulative attendance of over 800 children. During

National Library Week, Drapa appeared on WCAX's Across the Fence program to offer reading recommendations. The adult book group regularly hosts 12-15 readers.

Our town is blessed with a talented group of volunteers. Each week volunteers help process, shelf, and repair books leaving our librarian more time to develop programs, apply for grants, and maintain the collections and technology integral to a 21st-century library. Their contribution is invaluable. In any year, 30-50 volunteers generously give their time to help our library function smoothly and support a wide array of programs. To each volunteer, the library thanks you deeply for helping make the library the institution it is.

Our small library has an oversized impact on the community as a place for people to meet, interact, and exchange ideas. This impact was emphasized by residents at the September 19, 2019 Community Forum.

This year, the Trustees completed a five-year strategic plan. A pillar of this plan is the commitment to maintaining the library as a community center and increasing the diversity of the library catalog. To maintain a safe and comfortable space, we will be replacing the entrance ramp and steps, looking to improve the library's lighting, and lining and capping the chimney.

With appreciation for the community's support of our public library.

WESTFORD VOLUNTEER FIRE DEPARTMENT

During the fiscal year 2019, the Westford Volunteer Fire Department responded to 33 emergency calls as follows:

- 1 Structure fire
- 12 Motor vehicle accidents
- 1 Car fire
- 1 Brush fire
- 1 Fire alarm investigation
- 2 Carbon monoxide alarms
- 2 False alarms
- 6 EMS rescue assists
- 2 Investigations of suspicious smells/gas in residences
- 1 Good intent call
- 2 Mutual aid calls
- 2 Calls canceled en route

Department highlights of 2018-19

- Our firefighters regularly participate in combined trainings with other area fire departments, which enhances the coordination between departments for mutual aid. One of this year's events was a live fire training with Fairfax, Underhill-Jericho, and Essex Junction Fire Departments. Thank you to our Common Road neighbors for your patience and hospitality. Thank you to Jeff Hutchins for offering this training opportunity.
- Department members participated in National Fire Academy Courses through the Vermont Fire Academy to advance our skills in responding to fires and emergencies.
- During Fire Prevention Week, Department members Tony Pouliot, Steve Willard, and Joe Casilli volunteered their time to give presentations on fire safety to students at Westford School, and to preschoolers at the Westford Library and on the Common.
- On Green Up Day, we held another successful Tag Sale, with proceeds contributing to the Betty Fay Memorial Scholarship. Thank you to all who contributed items for the sale, and to all who attended the sale. We would also like to thank the firefighters, and their families and friends who volunteered their time for the sale.
- In the past year, the Department has responded to several calls for EMS rescue assist. Response is more efficient when residents have 911 house number signs, in which the house number is visible from both directions. For a cost of \$15.00, Fairfax Rescue will make and install the sign. Please call 849-2773 for information. We highly recommend that residents have this signage.

We would like to extend our thanks to the fire and rescue departments from Essex, Fairfax, Underhill-Jericho and Milton, who assist us with emergency responses when needed, and ask only that we do the same in return.

We would like to thank Carol Howrigan for taking on the immense project of organizing the fire station supply room and transforming it into a more usable space.

Congratulations to Mia Guidry for earning the award of the Betty Fay Memorial Scholarship.

Congratulations to our Firefighter of the Year, Joe Casilli. Joe takes initiative and accepts many responsibilities in the Department, has taken part in numerous training opportunities, and is interested in a future in public service.

We would like to thank Grant Thomas for 16 years of service to the department, Tom Dunkley for 6 years of service, and Dave Vierling for 4 years of service. A hearty welcome to new members, Chris King and Garrett Bartlett. Garrett comes to us certified as a Firefighter I, previously working at Essex Junction Fire Department. We are grateful for their service to the Department and our community.

Our roster of active interior certified firefighters currently stands at six. Maintaining volunteer membership continues to be a struggle in Westford. We are always in need of additional members interested in emergency response, or who have other skills to contribute. If interested, please talk with one of our officers, or come to a weekly meeting at the station. The Fire Department meets on Monday evenings at 7 PM.

The Department roster includes the following members at the close of 2019:

Steve Willard	Chief
Bill Fay	Assistant Chief
John Quinn	Captain, Treasurer
Tony Pouliot	Captain
Josh Smith	Firefighter
Dan Gwozdz	Firefighter
Jerry Duchaine	Firefighter
Joe Casilli	Firefighter
Garrett Bartlett	Firefighter
Chris King	Firefighter
Susan Schmidt	Secretary

I would like to thank our Department members and their families for their very generous contribution of time and energy. Our department is 100% volunteer, which results in a cost for emergency protection far below that of surrounding communities.

Thank you to the residents of Westford for your continued support.

Steve Willard, Chief
Westford Volunteer Fire Department

ZONING ADMINISTRATOR

The Zoning Administrator (ZA) administers the Westford Land Use and Development Regulations. No land development of any kind may be started within the Town of Westford without a building permit. Permits are required to amend a prior permit or approval. For instance, if you wish to operate a business at your residential property a permit is necessary to authorize this.

A major update to the Town's regulations went into effect February 18, 2016. **The most recent update of the regulations went into effect June 7, 2018.**

Highlights include:

Rule Change regarding Certificates of Occupancy. A Certificate of Occupancy (C.O.) is now required only for certain zoning projects. Your zoning permit indicates whether or not your project requires a C.O.

Administrative Amendments. Under certain conditions the Zoning Administrator may amend an existing zoning permit, site plan, or subdivision plan. The proposed amendment must conform to the regulations and must not be "a material change". Like all ZA decisions, these permits may be appealed to the Development Review Board (DRB).

Erosion Control and Stormwater Management Standards. Apply to all development that will disturb the soil and is reflected in the Town's revised standards for roads and driveways.

Excavation and landfilling projects involving 50 yards or more require zoning permits. This INCLUDES fill from Town ditching projects.

Expanded opportunities for Accessory Dwelling Units (ADUs) and Two-family Dwellings permitted by-right in ALL zoning districts.

Protection of Water Resources is a high priority in Westford and in the State of Vermont. The Land Use and Development Regulations include a Water Resource Overlay (WRO) to ensure that the quality and character of Westford's important water-related resources, including wetlands, rivers, streams, ponds and wellhead protection areas, are protected. Prior to any landscaping, vegetation removal or construction project please check with the Zoning Administrator to ensure your project complies with the regulations. A number of parcels in town have at least some portion located within the WRO, or contain State Designated Class 2 wetlands.

SELLING OR REFINANCING? Most real estate attorneys and lenders require that sellers provide a Certificate of Zoning Compliance. The Zoning Administrator processes these requests for a \$30 fee. Please allow sufficient time for the part-time ZA to receive and process this paperwork in advance of your closing!

WESTFORD HISTORICAL SOCIETY

Our mission statement: *The Westford Historical Society advocates the preservation of the history, historic artifacts, structures, buildings and sites of Westford, Vermont and seeks to inform the public accordingly.*

In 2019 the Historical Society offered several programs to the town. We had Bill Mares with his Bees Besieged, A History of Beekeeping. Linda Radtke performed her Civil War Songbook. These two programs were part of the Vermont Humanities Council Speaker's Bureau. We also had speaker Laurie DiCesare present her Native & Colonial Medicinal & Edible Plants program.

We received many donations from the Rogers family this past year. From photographs to maps, clocks to furniture and many farm implements.

We are continuing to photograph the old houses to combine into the State's 1968 documentation.

Our meetings are held on the third Monday of the month, at 6:30pm, at the Brick Meeting House on the Common.

SENIOR LUNCHEON

Between 30 and 40 Westford Seniors gather on the second Monday of each month at the Red Brick Meeting House for food and companionship. (We do not meet in July or August.) Doors open at 11:30 for socialization prior to the delicious and nutritious noon time meal. A basket is passed for a free will offering.

The slate of officers has remained the same for several years with Carol Howrigan as President, Maureen Estus as Vice President, Loreen Teer as Treasurer and Beth Menut as Secretary. Caroline Brown continues to plan and coordinate the menu, e-mailing volunteers who provide the requested items. Dave and Judy Adams have continued their generous donation of chicken and turkey for some of our meals. Cereta Lamphere offers the Blessing and has provided table covers with colorful napkins and seasonal flowers to decorate our tables.

This past year we had a number of speakers. They included the Robotics team from the Westford Elementary School; the Westford 8th graders who brought cake and shared highlights of their Washington, D.C. trip; Representatives from the Visiting Nurse Association who spoke about end of life planning; an AARP member spoke on Identity Theft and fraud as seniors are often the target. We heard from a community outreach worker from the Chittenden County Solid Waste District and from our own Dr. Barry Solomon, a retired dentist, who gave helpful advice as to the prevention of dental disease. All were well received.

Carol Howrigan chaired the food sale at the Fireman's Tag Sale which generates some money for our treasury. And Loreen Teer continues to run a small raffle which also augments our bottom line. Lucky winners often go home with flowers that had decorated the tables.

Although we don't always have speakers, we always have a very brief business meeting and chance for updates from the community. We look forward to another successful year with all Westford Seniors (55 and up) welcome to join this fun and lively gathering.

Beth Menut, Secretary

This vote shall occur before any other business is conducted.

§ 155C-7. Severability

If any provision of this chapter is held invalid, the other provisions of the chapter shall not be affected thereby. If the application of the chapter or any of its provisions to any person or circumstances is held invalid, the application of this chapter and its provision to other persons or circumstances shall not be affected thereby. (Added 2013, No. M-20 (Adj. Sess.), § 3, eff. June 3, 2014.)

History: Article VI added and adopted October 8, 2002, effective December 7, 2002.

WINTER ROAD POLICY

The Westford Highway Department has the responsibility of maintaining 39.4 miles of town roads, of which 36.9 miles are gravel and 2.5 miles are paved. This policy is based on the goal of obtaining safe highway travel surfaces during winter months. It is our goal to achieve this at the earliest practical time and in the most cost efficient manner during and after a storm event. Providing bare, dry travel surfaces during a winter storm event is not practical and therefore not expected.

Each winter storm event is unique. It is impractical to develop specific rules on winter maintenance operations. Therefore, the judgment of the Road Foreman often governs the quantities and type of applications used to control snow and ice.

Snow Plowing

The Town of Westford begins plowing when snow has accumulated 2 to 3 inches. Plowing may begin as early as 4:00 a.m. and stops when the storm has ended or 10:00 p.m., whichever comes sooner.

Sand

Sand will be applied to all gravel roads. With the use of sand in winter maintenance material, some particles may be as large as $\frac{3}{4}$ " in size and may cause windshield damage. Travelers should use caution and avoid following other vehicles or town trucks too closely. The Town will not pay for any vehicle repairs, such as the replacement of windshields. When ice is present under the sand, instant stops are impossible.

Plow Routes

Each plow route takes approximately 4 hours to complete, sometimes longer depending on the storm. This means if plowing started when there was 2 inches of snow on the road, by the time the truck finishes the route there is the potential for up to 6 inches or more of snow on the road again. Therefore, during a heavy snowstorm, at times there will be snow on the roads. There shall be no riders in the town trucks other than the operator of the truck and authorized town officials. All town trucks shall be pulled to the side of the road when the operator is using a cell phone.

Freezing Rain

It is important to note that salt or sand is less effective if applied before the rain stops. There is little the Westford Highway Department can do during a freezing rainstorm. Salt and sand will be applied to the roads sparingly during the event and more aggressively as needed once the storm is over.

Bare Roads

The Town of Westford does not have a bare road policy. Travelers who use Town roads should exercise due care and reasonable caution while driving during the winter months.

Mailboxes

The Town will not repair or replace mailboxes damaged by snow or ice clearing operations. Heavy snow coming off the plow blade will often knock over and damage mailboxes/posts that have not been adequately mounted and maintained or braced, or those mailboxes with doors left open. Also mailboxes/posts may be damaged by private contractors or homeowners during driveway clearing operations.

Trash Placement

Trash and trash receptacles should be placed in a manner that will not interfere with winter road maintenance. The Town will not be responsible for damage to trash receptacles or trash clean up as a result of its obstruction of snow removal.

Parked Vehicles

No vehicle shall be parked on the Town's right-of-way from the start of precipitation until 48 hours after the storm ends. The Town reserves the right to tow parked vehicles at the owner's expense. The Town is not liable for damages incurred to vehicles parked in the Town's right-of-way.

Plowing Across Town Roads

The practice of plowing snow from driveways across Town roads is prohibited. Residual snow creates a dangerous obstruction (piles, ridges, etc.). Snow shoveling into the roadway will cause similar problems. Once frozen, the piles/ridges can cause vehicles to lose control and can also cause damage to vehicles and town trucks and equipment. Generally, the Town will warn the responsible resident for a first occurrence. Subsequent violations may result in further action, which may include but is not limited to fines.

Adopted this 13th day of December, 2012.

CHITTENDEN COUNTY REGIONAL PLANNING COMMISSION

The Chittenden County Regional Planning Commission (CCRPC) is a political subdivision of the State created by the municipalities of Chittenden County in 1966 for the development of policies, plans and programs that address regional issues and opportunities in Chittenden County. Its vision is to be a pre-eminent, integrated regional organization that plans for healthy, vibrant communities, economic development, and efficient transportation of people and goods while improving the region's livability. The CCRPC serves as the region's federally designated metropolitan planning organization (MPO) and is responsible for comprehensive and collaborative transportation planning involving municipalities, state and federal agencies and other key stakeholders in Chittenden County. The CCRPC works to ensure implementation of the regional transportation plan and provides technical and planning assistance to its member municipalities and the Vermont Agency of Transportation (VTrans).

The CCRPC is governed by a 29-member board consisting of one representative from each of the County's 19 municipalities; transportation representatives from VTTrans, Green Mountain Transit (GMT), Federal Highway Administration (FHWA), Federal Transit Administration (FTA), Burlington International Airport (BIA), and a rail industry representative; and, at-large members representing the interests of agriculture, environmental conservation, business, and housing/socio-economic. The legislative body of each Chittenden County municipality selects its own representative and alternate. The full CCRPC selects the at-large representatives.

The CCRPC appreciates the continued opportunity to work with its municipal members to plan appropriately for the region's future to protect and improve the special quality of life that is shared throughout Chittenden County. In FY19, the CCRPC invested more than \$5.7 million in regional land use, transportation, emergency management, energy, natural resources, public engagement, training, and technical assistance. The program leverages more than \$5.2 million in Federal and State investment with \$245,000 in municipal dues and another \$227,000 in local match for specific projects—an 11:1 return on local investment.

Westford representatives to the CCRPC Board and other committees in FY19 were:

- CCRPC representative – Dave Tilton
- CCRPC alternate – Vacant
- Transportation Advisory Committee (TAC) – John Roberts
- Planning Advisory Committee (PAC) – Melissa Manka
- Clean Water Advisory Committee (CWAC) – Marilyn Thomas

Specific activities the CCRPC is engaged in with Westford, as well as CCRPC's regional activities, are discussed in the following sections.

WESTFORD ACTIVITIES

In FY2019, the CCRPC provided direct assistance to Westford on the following projects and initiatives:

- **Emergency Management – LEMP:** CCRPC staff offered assistance with preparation of the annual Local Emergency Management Plan (LEMP), formerly known as the Local Emergency Operations Plan (LEOP), to ensure that Westford is prepared in the event of a disaster.
- **Geographic Information Systems** – CCRPC staff created a map for Westford to help visitors find the seven cemeteries in the municipality, a map depicting the Gun Free Zone around Westford schools and a mapping shapefile of the newly created Neighborhood Development Area. CCRPC staff with input from the town planner proposed revisions to Census statistical boundaries that will be used to tabulate data for the 2020 Census, the American Community Survey, and the economic census.
- **Chittenden County Brownfields Program** – The CCRPC manages this program to help properties that are vacant or underutilized because of potential petroleum or hazardous substance contamination become productive again. Since the fall of 2016, using EPA grants funds, the program has provided \$2,400 to assess potential contamination at 1705 VT Route 128. For more information, visit <https://www.ccrpcvt.org/our-work/economic-development/brownfields/>.
- **Grants-in-Aid** – CCRPC staff assisted in planning and implementing two water quality projects on Manley Road and Huntley Road. These projects totaled \$17,000 which resulted in roadway/stormwater upgrades to meet MRGP compliance. Staff also provided assistance with planning for future grants-in-aid cycles.

- **Technical Assistance** – CCRPC staff provided the following technical assistance to the Town:
 - Investigated Economic Development Administration grant eligibility related to Town's planned wastewater system;
 - Conducted one roadway (AADT – Annual Average Daily Traffic) count.

WESTFORD PROJECTS IN THE TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

The TIP (<http://www.ccrpcvt.org/our-work/our-plans/transportation-improvement-program/>) is a prioritized, multi-year list of transportation projects in Chittenden County. To receive federal transportation funds, each transportation project, program or operation must be authorized through the TIP. Westford projects included in the TIP are listed below. These projects are also identified in the FY2019 Vermont Agency of Transportation Capital Program for design or construction.

VT15 Paving – \$10.95 million for paving from approximately North Underhill Station Road to Cambridge. Paving to begin in 2020.

REGIONAL ACTIVITIES

- **ECOS Plan Implementation:** CCRPC continues to implement its *2018 Chittenden County ECOS Plan* which combines the regional plan, comprehensive economic development strategy, and metropolitan transportation plan, as reflected here in this report. The *2018 ECOS Annual Report* is a summary that highlights a number of regional accomplishments, trends, and high priority actions. (<http://www.ecosproject.com/annual-report/2018-annual-report>) In addition, the ECOS Scorecard hosts the ECOS Partners' shared measurement and indicator system that monitors how well Chittenden County is doing relative to achieving our shared ECOS goals. (<https://app.resultsscorecard.com/Scorecard/Embed/8502>)
- **Legislative Forum** – The CCRPC hosted the 2018 Legislative Breakfast in December as a forum for a short and focused conversation with local legislators and municipal representatives on key issues and topics important to area municipalities for the 2019-2020 legislative session, including: housing, water quality, employment and Act 250. (<http://www.ccrpcvt.org/about-us/commission/policies-positions/>)
- **Building Homes Together** – 2018 was the third year of the Building Homes Together campaign. The campaign was initiated by the CCRPC, Champlain Housing Trust and Housing Vermont in 2016. The campaign's goal is to increase the production of housing in Chittenden County, setting a target of 3,500 new homes created over the next five years, with 700 of them permanently affordable. Three years into the five-year campaign, 2,273 homes have been built and the region is on track to reach 3,500 new homes by 2021. However, we continue to fall short on the affordable housing goal. (<http://www.ecosproject.com/building-homes-together>)
- **Public Health** – The CCRPC supports and serves on the Chittenden County Opioid Alliance (CCOA, <http://www.ccoavt.org>) together with other dedicated stakeholders including local non-profit agencies, state and local government, United Way of Northwest Vermont, UVM Medical Center, Vermont Department of Health, business leaders and community members in Chittenden County. CCRPC also served as the lead agency for the Regional Prevention Partnership (<http://www.healthvermont.gov/alcohol-drug-abuse/programs-services/prevention-programs>). Accomplishments include expansion of drug take-back locations, promoting drug take-back days, fake ID enforcement, and community education about substance use prevention.
- **Emergency Management** – In addition to facilitating Local Emergency Planning Committee meetings (LEPC 1, <http://www.ccrpcvt.org/about-us/committees/local-emergency-planning->

[committee/](#)), the CCRPC participated in a variety of emergency management-related workshops and exercises to enhance resilience to disasters in our region. The CCRPC also served as the local liaison between municipalities and the state to collect damage assessment information after significant storm events, helped with emergency preparedness for hazardous materials incidents, collected information from each municipality on annual implementation of hazard mitigation activities and worked with municipalities to complete Local Emergency Management Plans.

- **Regional Energy Planning** – Following the adoption of the Regional Energy Plan in June 2018 as part of the ECOS Plan (<http://www.ccrpcvt.org/our-work/our-plans/regional-energy-plan/>), the CCRPC continued to conduct outreach with municipal Energy Committees/Planning Commissions, municipal legislative bodies and State agencies to assist with the development of local energy plans and support the State's Comprehensive Energy Plan. CCRPC has provided 5 municipalities with a positive determination of energy compliance in FY18. The CCRPC participated in Drive Electric Vermont meetings, commented on Public Utility Commission proceedings, and provided support to municipalities with the Electric Vehicle Supply Equipment (EVSE) grant program.
- **Education & Training** – The CCRPC participated in and hosted the following trainings: Act 174 Training Assistance, Local Emergency Management Plan training, Chittenden County Road Foreman workshop, Bluetooth Advanced Traffic Management System (ATMS) workshop and Regional Housing Convenings. CCRPC staff maintained the Byway website (www.lakechamplainbyway.com) including this helpful [Interactive Map](http://map.ccrpcvt.org/lcbyway/) (<http://map.ccrpcvt.org/lcbyway/>) and [mobile Story App](https://lcbbyway.oncell.com/en/index.html) (<https://lcbbyway.oncell.com/en/index.html>)
- **Clean Water** – The CCRPC maintains its commitment to clean water initiatives throughout our region so that all residents have access to clean drinking water; to strengthen our region's recreation and tourism industry; and to become more resilient to significant storm events. The CCRPC continued to host the Clean Water Advisory Committee and the MS-4 Sub-Committee (<https://www.ccrpcvt.org/about-us/committees/clean-water-advisory-committee/>), provided guidance for the Vermont Clean Water Fund, assisted municipalities with stormwater master plans, supported education programs such as the Rethink Runoff Stream Team (<http://rethinkrunoff.org/the-stream-team/>), and participated in water quality-focused policy discussions around adequate funding and clean water service providers in 2019.
- **Municipal Roads General Permit (MRGP) Compliance and Water Quality Planning Assistance** – The CCRPC assisted member municipalities by conducting Road Erosion Inventories (REIs) and developing conceptual plans to address road erosion issues to meet MRGP requirements. For an interactive dashboard of the REI progress visit <https://map.ccrpcvt.org/reidashboard/>. CCRPC staff assisted municipalities with **Better Roads** grants and **Grants-in-Aid** projects to address road erosion issues. The CCRPC also provided funding to municipalities for scoping/conceptual plan development for non-MRGP related stormwater issues on local roads.
- **Transportation Demand Management** – In partnership with VTrans, CCRPC staff continued the **Way to Go! Challenge** (www.waytogovt.org) as a school-focused K-12 program to encourage sustainable transportation and demonstrate the environmental and financial benefits of non-single occupant vehicle travel. The CCRPC also continued to collaborate with regional TDM partners to evaluate strategies and policies to encourage sustainable modes of transportation such as walking,

biking, ride-sharing, vanpooling, transit, bike-sharing and car-sharing. TDM partners include: the Chittenden Area Transportation Management Association (CATMA), CarShare VT, Green Mountain Transit (GMT), Local Motion, Greenride Bikeshare, Go! Vermont/VTrans, and United Way.

- **Elderly and Disabled (E&D) Transit Service Review** – The CCRPC, Green Mountain Transit (GMT) and United Way have been working together to evaluate Chittenden County’s E&D Transportation Program. The goal of this initiative is to expand the understanding of the E&D program among stakeholders and identify opportunities for improvement. Recommendations will be completed in the fall of 2019.
- **Neighbor Rides** – Since Spring 2013, the CCRPC has been investing in Neighbor Rides to improve the integration of volunteer drivers into SSTA’s services and increase access to transportation for seniors and persons with disabilities by offering a lower-cost mode of transportation. (<http://www.unitedwaynwvt.org/Neighbor-Rides>)
- **Active Transportation Planning** – The CCRPC completed an analysis of Greenride Bikeshare’s (www.greenridebikeshare.com) first year data and made recommendations for system expansion, and worked with TDM partners and local municipalities to plan Greenride’s expansion and fleet conversion to electric assist bicycles (<https://www.ccrpcvt.org/regional-mobility-analysis-and-recommendations/>). The CCRPC provided walk/bike recommendations on local and state paving plans; assisted municipalities with state bike/ped grant applications; developed model bike parking ordinances for municipalities; planned and hosted (with VTrans) two walk/bike events as the Vermont Chapter of the Association of Pedestrian and Bicycle Professionals; promoted TDM strategies to municipalities and businesses; compiled Complete Streets data for Chittenden County municipalities; and, with Local Motion, conducted bike/ped counts on paths, bike lanes and roadways. (<http://www.ccrpcvt.org/our-work/our-plans/regional-bikeped-plan/>)
- **Chittenden County Transportation Survey** – Since 2000, the CCRPC has regularly assessed the public’s attitudes on transportation related issues. Previous public surveys were undertaken in 2000, 2006 and 2012. In 2018, the CCRPC worked with a consultant to replicate the previous survey versions to note any historical attitudinal shifts. The purpose of the survey is to objectively measure public opinion regarding performance of the region’s transportation system and identify strategies to address existing and future deficiencies. (<https://www.ccrpcvt.org/wp-content/uploads/2018/11/2018-Transportation-Survey-Report.pdf>).
- **Diversity & Equity** – The CCRPC continues to use the **2014 Public Participation Plan (PPP)** to guide our focus on diversity and equity in all projects. A PPP update is planned in FY21 to ensure everyone understands our role and responsibilities to engage the public and encourage participation, with a special emphasis toward reaching traditionally underserved and underrepresented populations in the county, including people/households with limited English proficiency, people of color, people with disabilities, low-income households, new Americans, seniors, and youth. In FY19, the CCRPC participated in the Refugee and Immigrant Service Provider Network, developed Equity Impact Worksheets for transportation projects, participated in public engagement webinars, completed our Title VI Report for VTrans/FHWA, and participated in an implicit bias training. (<http://www.ccrpcvt.org/our-work/our-plans/public-participation-plan/>)
- **Regional Technical Assistance** – This includes, but is not limited to, municipal technical assistance for various transportation issues, GIS mapping, model municipal plans, bylaw and ordinance revisions, Act 250/Section 248 application reviews, grant administration and grant application assistance, build-out analyses, orthoimagery acquisition, and improving the VT Online Bridge and Culvert Inventory Tool (<http://www.vtculverts.org/>).

- **Advanced Traffic Monitoring System (ATMS) using Bluetooth Technology** – The CCRPC and VTrans deployed corridor-level Bluetooth (BT) devices along the following five corridors in Chittenden County: US 2 at Exit 14; VT 289, Susie Wilson Road and VT 15; VT 2A and US 2 north of Exit 12; I-89 Exit 17 area; and I-89 Exit 16 area. This system provides the ability to monitor vehicle travel times and average travel speeds on these corridors to help address congestion issues and improve incident response (crashes, signal failures, etc.), thereby enhancing safety and mobility, and reducing congestion. Ultimately, this data will be utilized by the VTrans Advanced Transportation Management System (ATMS) and Traveler Information System (TIS) for 511.
- **Chittenden County I-89 Study** – The goal of this multi-year study (<http://www.ccrpcvt.org/our-work/transportation/chittenden-county-i-89-2050-study>) is to assess capacity, safety, resiliency and other issues of the I-89 corridor and its existing interchanges within Chittenden County; and to develop a comprehensive, multimodal plan for interstate and interchange investments that accommodates anticipated growth through 2050 and best aligns with the Vision that will be articulated by a broad and diverse group of stakeholders and the public.
- **Regional Dispatch Implementation Study** – The CCRPC continues to support the Chittenden County Public Safety Authority (CCPSA) formed by the following municipalities in 2018 (Burlington, Colchester, Milton, South Burlington, Williston, Winooski) to implement a plan for a consolidated regional dispatch center for police, fire and rescue agencies. CHITTENDEN COUNTY SHERIFF'S REPORT

For the period of July 1, 2018 through June 30, 2019, Chittenden County Sheriff's office patrolled Westford for a total of 328.5 hours.

The Sheriff's patrol for speed enforcement traveled all of the town roads. Patrols were generally scheduled during rush hour times. Speed violations were enforced with Vermont Traffic Citations and Warnings to violators.

For the above-mentioned time, Deputies wrote 112 tickets and 37 warnings for speeding. We also wrote 8 tickets and 18 warnings for non-speed violations. Total fines issued were \$20,747.00

During these patrol hours, the Chittenden County Sheriff's Office made two criminal DLS (driving with license suspended) arrests, handled one animal complaint regarding animal cruelty with livestock and assisted five motorists.

We would like to take this opportunity to thank the Town of Westford for allowing our office to provide the town with speed enforcement services again this year. We have enjoyed working with the town agents, employees and property owners. We look forward to our continued relationship.

Respectfully submitted,
Kevin McLaughlin, Sheriff

CHITTENDEN SOLID WASTE DISTRICT

Who We Are

We are a municipality created in 1987 to oversee and manage solid waste in Chittenden County. We are governed by a Board of Commissioners. Each of the communities in Chittenden County appoints a representative to the Board

Our mission is to reduce and manage the solid waste generated within Chittenden County in an environmentally sound, efficient, effective and economical manner.

Board of Commissioners (as of July 1, 2018):

Bolton – Duncan Galbraith (Rep); Burlington – Rob Green (Rep), Jennifer Green (Alt); Charlotte – Abby Foulk (Rep), Rachel Stein (Alt); Colchester – Tim Moran (Rep), Jeffrey Bartley (Alt); Essex – Alan Nye (Rep), Max Levy (Alt), Essex Junction – Alan Nye (Rep), George Tyler (Alt); Hinesburg – Lynn Gardner (Rep), Doug Taff (Alt); Huntington – Roman Livak (Rep), Landel Cochran (Alt); Jericho – Leslie Nulty (Rep); Bert Lindholm (Alt); Milton – Ken Nolan (Rep); Richmond – Adam Sherman (Rep), Logan Hegg (Alt); St. George – Maggie Kerrin (Rep); Shelburne – Timothy Loucks (Rep), Lee Krohn (Alt); South Burlington – Paul Stabler (Rep); Underhill – Dan Steinbauer (Rep), Paul Ruess (Alt); Westford – Michelle DaVia (Rep); Williston – Craig Abrahams (Rep), Caylin McCamp (Alt); Winooski – Bryn Oakleaf (Rep), Candice Holbrook (Alt).

How We're Funded

Our revenue comes from three primary sources:

User Fees on materials we manage at our facilities; *Solid Waste Management Fees* (SWMF), a per-ton fee on material sent to the landfill; *Sales* of materials and products that we collect, sort, or process at our facilities. We do not receive any state or local tax funding.

Administration & Finance

The FY19 General Fund expenditures were \$11.5 million and the revenues were \$12.4 million, representing a \$200,000 increase in expenditures (2%) and a \$700,000 increase in revenues (6%) compared with FY18. *(Figures are unaudited.)*

Increases in expenditures were largely due to higher fees for sludge and trash disposal and normal increases in salaries, wages and benefits. The continued decline in revenue from the sale of recyclables was offset by higher user fees and increased Solid Waste Management Fee income generated from more tonnage going to landfill vs. FY18.

Facilities & Operations

Drop-Off Centers (DOCS): Owned and operated by CSWD. Convenient, one-stop facilities for household quantities of blue-bin and special recycling, food scraps, trash and more. Blue-bin recycling collect at Drop-Off Centers dropped 2.2% to 2,900 tons, and household trash increased 8.3% to 6,612 tons over FY18.

Environmental Depot: Owned and operated by CSWD. Safe drop-off for almost all types of household hazardous waste. 11,037 households and 720 businesses brought in 784,929 lbs. of hazardous waste for

processing in FY19, a 3% increase from FY18. This included 7,803 gallons of latex paint re-blended and sold in Vermont as *Local Color*.

Green Mountain Compost: Owned and operated by CSWD. We turn community food scraps, leaves and yard debris into high quality compost products to improve soil in lawns and gardens. We composted 14,488 tons of material in FY19, including 5,763 tons of food scraps, a decrease of 2% over FY18.

Materials Recovery Facility (MRF): Owned by CSWD; operated by Casella. The MRF sorts and prepares large loads of blue-bin recyclables – paper, cardboard, and clean containers – for sale to processors. The MRF received 45,365 tons of material in FY19, a 4% increase from FY18. Roughly 7% was landfilled as contaminated or otherwise nonrecyclable material. The weighted average sale price was \$52 per ton in FY19, a 40% decrease over the FY18 average.

Outreach & Communications

Community Outreach included 23 backyard composting workshops, 25 tours of CSWD facilities and 33 presentations to a total of 909 people in addition to on-site assistance at multi-residential sites.

Business Outreach directed 2 waste audits, conducted 23 workplace presentations and led 25 facility tours for local businesses and institutions. Staff provided direct assistance to more than 220 other businesses and distributed over 250 deskside recycling bins and 75 food scrap buckets to business and non-profit work places at no charge.

Event Outreach engaged 81 events through on-site support/training, bin loans, and direct technical assistance. Waste Warrior volunteers spent 444 hours educating guests at 28 events. Thirty-seven events borrowed 118 containers to keep 5.7 tons of recyclables and 6.8 tons of compostables out of the landfill.

School and Youth Outreach programs reached more than 5,900 students and staff via 157 presentations, 6 waste audits and 71 facility tours. Staff had direct contact at 38 of the District's 75 public and private K-12 schools.

Other Programs

Research & Development: CSWD research and development efforts targeted recycling markets for hard-to-recycle products and packaging, MSW disposal trends, and consolidated collection of food scraps, recyclables, and trash.

Compliance: CSWD licensed 61 haulers (394 vehicles), 14 processing facilities, and three transfer stations. Staff completed 36 load check events (400 vehicle checks at three facilities) and assessed Banned Materials Fees on 43 loads. We conducted 31 construction site visits to provide educational outreach and investigated two complaints of combined trash and recycling collection by haulers, and eight incidents involving management of food residuals and recyclables.

Biosolids: CSWD brokered 14,984 wet tons of sewage sludge for our member communities in FY19, which is 2.4% less material than FY18. CSWD staff is continually investigating options for local treatment plants. CSWD is in the first year of a 5-year sewage sludge disposal contract with Casella Organics.

Member Grants: CSWD provided \$7,083 in grant funding to member towns via the Community Cleanup Fund and \$11,267 in waived Green Up Day disposal fees and financial support to Green Up Vermont. We awarded matching grants of \$5,523.69 to 13 businesses, institutions, and municipalities for recycling bins and food scrap collection containers.

CHITTENDEN UNIT FOR SPECIAL INVESTIGATIONS

The Chittenden Unit for Special Investigations (CUSI) is a multi-agency task force dedicated to providing criminal response to reports of sexual assaults, serious child abuse and child fatalities. For over 24 years, the primary focus has been to protect and support all children, adults and families. CUSI defined what is now known as a true multidisciplinary team (MDT) approach to investigating crimes of this nature. The MDT is the heart of CUSI and is composed of seven police detectives, a unit director, a victim advocate, an in-house investigator with the Department for Children and Families (DCF), and a dedicated prosecutor from the Chittenden County State's Attorney's Office. We work jointly with mental health providers, medical providers, Adult Protective Services and Department of Corrections. In addition, CUSI houses and supports the Chittenden Children's Advocacy Center (CCAC). CUSI epitomizes community oriented policing. In the year 2019, we have continued to strengthen and expand our contacts with community partners. The success of CUSI is reflected by the statewide recognition that these multidisciplinary styles units do work.

The CCAC, working together with CUSI, is a 501(c) (3) nonprofit entity offering a range of services to children and families affected by these crimes. The primary goal of the CCAC is to ensure that children are not further traumatized by the intervention system intended to protect them. This program has many benefits, with an approach that allows for faster follow-up to child abuse reports, more efficient medical and mental health referrals, fewer child interviews, more successful prosecutions, and consistent support for child victims and their families. It is our goal to support them and meet their emotional needs.

CUSI and the CCAC investigate these crimes in Chittenden County which consists of a population of approximately 161,501 residents. On average, CUSI investigates over 300 cases a year, over 60% of those cases involve child victims. In recent years we have noticed an increase in the complexity of cases given the substantial increase in computer usage and other mobile devices.

Case types include: Sexual assaults, lewd and lascivious conduct, serious child abuse, child fatalities, human trafficking, sex offender registry and violations, child pornography

July 1, 2018 through June 30, 2019 we have seen 349 cases, which include 245 children and 104 adults.

During the 2018-2019 year, CUSI has continued to have a high amount of case referrals from both DCF as well as local law enforcement agencies. These cases continue to get more and more complex with new technology components being created on a fairly frequent basis. The investigations require the detectives to spend significant amounts of time gathering information from corporations like Facebook, google, Yahoo, Snapchat, Plenty-o-fish, Instagram, cell phone wireless carriers, etc. The amount of data that is gathered then requires the investigator to spend a significant amount of time reviewing the documents and gathering evidence. In order for detectives to have access to this information, it often requires the issuance of multiple subpoenas and the application of search warrants from a judge before

we can even gather the documents that we need from these companies. The cases that we investigate are considered the most heinous crimes to investigate other than murder. The negative effects of these crimes stay with a victim for their entire life and, therefore, we do the best job we can to build the strongest case against the defendants that we investigate.

ESSEX RESCUE

To the residents of the Westford community,

With tremendous pride, Essex Rescue responds to requests for emergency medical services in the Westford community (south of Westford Village). In addition to Westford, Essex Rescue provides emergency medical transport services to the towns of Essex Junction, Essex Town, Underhill and Jericho. During all times of the day and regardless of weather conditions, our volunteer and paid EMT and paramedic members and employees respond quickly to the sick and injured to deliver basic and advanced life support services.

Between July 1, 2018, and June 30, 2019, Essex Rescue received 26 requests for emergency medical services in the Town of Westford. Of the 26 requests, 17 resulted in the community member being transported to the hospital. Three community members received a medical evaluation and choose not to be transported by the ambulance to the hospital. The 6 remaining requests for service were a combination of fire department standby, paramedic intercept service and the ambulance being cancelled prior to arriving on scene.

Readiness is a top priority for our organization. With the support of our board of directors, three significant investments were made to bolster our capacity to respond to community requests for emergency medical services during the last year. First, we added an additional full-time employee to support staffing a second ambulance during day, during the week, when we are most likely to experience a greater number of requests for emergency medical services. Second, we invested in Rescue Task Force education, training and equipment. This specialized service allows our EMT and paramedic providers, with law enforcement officers, to quickly enter a scene where an active threat exists or following a terrorist attack. The goal is to bring lifesaving interventions, such as bleeding control, directly to the patient as quickly as possible, often before the threat has been neutralized. Lastly, we doubled our annual budget for EMS education classes. The cost of an EMT class is more than \$600.00. The cost of an advanced-EMT class is \$1,000.00. We are fortunate to have volunteers and employees who are ready and eager to pursue their initial EMS education or to take their education further by becoming and advanced EMT or paramedic.

Essex Rescue relies upon multiple funding sources to support our organization. Billing private insurance, Medicare and Medicaid for patient transport decreases the need for municipal subsidies. Essex Rescue also administers a subscription program which on an annual basis experiences a high level of public participation. Subscribers to the program pay a \$50 annual fee directly to Essex Rescue and then pay nothing else out of pocket for deductible or co-pay expenses relating to emergency ambulance transport. The program fee entitles everyone living within the same household to the annual benefit. Our subscription drive starts during the month of November; more information can be found by visiting our website www.essexrescue.org, or by calling our station at 802-878-4859. It is important to note that if a patient is transported to the hospital by an ambulance service other than Essex Rescue, the

subscription program benefit does not apply. Lastly, Essex Rescue accepts donations. We are grateful for the ongoing generosity demonstrated by the community.

Essex Rescue is always looking for new volunteers. Previous experience in EMS is not a requirement. If you are interested in joining a team motivated and committed to provide high quality pre-hospital emergency medical care, we would like to speak with you. If you would like to learn more, visit our website: www.essexrescue.org, or by calling our station at 802-878-4859, and speak with Deputy Executive Director Colleen Nesto.

Thank you,
William M. Moran
Executive Director & Paramedic

FAIRFAX RESCUE

To the Town of Westford,

We are honored to present you with our report for 2019. Fairfax Rescue is a private not for profit Paramedic level ambulance service. We provide Advanced Life Support coverage to the towns of Fairfax, Fletcher, and the northern area of Westford. In addition, we provide mutual aid to the towns of Cambridge, Georgia, Milton, St. Albans and East Fairfield. We also provide standby coverage for community events such as the Westford Turkey Trot and school sporting events.

Fairfax Rescue responded to 72 active 911 calls in the town of Westford between July 1, 2018 and June 30, 2019. This is up from 59 calls last year.

In addition to providing emergency services we are dedicated to educating the communities that we serve. We offer CPR and First Aid, Stop the Bleed, Emergency Vehicle Driver Training, EMR, EMT and Advanced EMT classes on an ongoing basis. We have four certified CPR instructors and offer CPR and First Aid Training to our community members including daycare providers, school teachers and coaches, fire fighters, and community members interested in learning life saving skills. Our goal is to help the communities that we serve become HeartSmart Communities. We provide CPR training to the Westford Fire Department fire fighters annually. We currently are hosting an EMR/EMT class and will be offering an Advanced EMT class in February.

Our members love participating in community events! We participate in the annual 4th of July parades in Fairfax and Westford, we host a Halloween party each year, the Big Truck Day event that is hosted by Success by Six each, Trunk or Treat, the Egg Run in Fairfax, the Turkey Trot in Westford, and sporting events at the schools. We also make and install 911 address signs for the residents of our coverage area at the cost of the materials.

Fairfax Rescue is primarily a volunteer service that provides Advanced Life Support at the paramedic level. We have some of the most highly trained professionals in EMS. We currently have five paramedics on our roster including two critical care paramedics. We also have an Advanced EMT who is finishing up the paramedic program currently. Our members provide quality advanced life support coverage 24 hour a day, seven days a week. Our dedicated volunteers provide approximately 81% of our coverage and donated over 20,000 hours of their time in 2019. We are honored to have such a dedicated and highly trained membership.

Providing this level of care is both challenging and expensive. Technology continues to make incredible life-saving advancements and we strive to provide the best care possible. We recently purchased the Lucas 3 Chest Compression device. The Lucas enables us to provide high quality CPR and has been shown to improve patient outcomes.

As the cost of providing care rises we have been looking for new ways to remain efficient. This year we will be focusing our efforts on obtaining grant funds from several new sources. Our Director of Operations recently completed a grant writing course and has been applying for several new grants that will make it possible for us to continue to obtain and maintain the equipment needed to provided the highest level of care possible. We continue to focus on volunteer recruitment in order to remain cost effective. In addition to obtaining grant funds and recruiting for volunteers, we continue to offer our popular annual subscription plan in an effort to off-set the costs that insurance billing does not cover and greatly appreciate the generous tax deductible donations that we receive throughout the year. Below is a summarized copy of our projected income for 2020. We have also included our summarized projected budget information for this year.
