Good morning chiefs,

Thanks to a tip from Colchester PD I have learned that VT Courts Online is transitioning to a new system. I am the current administrator for the municipal police department's account for the, soon to be old, Courts Online. At this point I have no information regarding how the new system will work and how municipal police agencies can gain access. I sent a request this morning and was told they are backed up due to the change. I will share any information as soon as I receive it.

With thanks,
Trevor
