8. Correspondence – Continued

forwarded to the Board from the Governor's Office. Ms. Stocker has asked to speak with the Governor about where and how the current cosmetology examinations are administered and held. She suggested having the schools administer the exams for licensure rather than having an exam service administer the exams. The Board and Attorney Novins stated that the proposal might be less expensive. However it would not be standard from school to school and state to state as our current examinations. It would also present a conflict of interest for the schools who would be administering the examinations therefore it cannot be allowed. Ms. Stocker will be notified.
