

**Sunset Advisory Commission  
Board and Commission Review of the PreKindergaten Council**

The Commission reviews every State board and commission and takes testimony regarding whether each board or commission should continue to operate or be eliminated and whether the powers and duties of any board or commission should be revised. Each board and commission has the burden of justifying its continued operation.

The Commission also reviews whether members of a board or commission should be entitled to a per diem and, if so, the amount of that per diem.

In testifying before the Commission, you should be able to provide the following information:

**Note: The following draft responses to the Sunset Advisory Commission's questions were prepared by Tom Little, VSAC's General Counsel. In the time available for responding to these questions to date, it has not been possible to survey the membership of the PreKindergaten-16 Council for input on answers to certain of the questions raised by the Sunset Advisory Commission.**

1. In general, how often does the board and commission meet? Provide specific information on how often the board or commission has met in the past two fiscal years. Provide information on where agendas and minutes of meetings can be found.

*The governing statute (16 VSA sec. 2905, at subsection (g)) states that the Council "shall meet at least quarterly." It has been a long time since the Council met quarterly, and it met sporadically in Fiscal Years 2019, 2020, and 2021. The Council's website is here:*

*<https://legislature.vermont.gov/committee/detail/2020/90>. It is a website maintained by the Community College of Vermont – but accessible from the General Assembly's "Committee's webpage. There is little information and documents available on the Council's webpage. For example, it has no information or documents for prior meetings of the Council. The State Archives site was not checked.*

4. Is that purpose still needed? What would happen if the board or commission no longer fulfilled that purpose?

*The Council is the result of 2010 legislative changes to the former Commission on Higher Education Funding (CHEF), established in 1999 by Act 27 (H. 290), which enacted 16 VSA sec. 2886. The 2010 enactment of sec. 2905 include the repeal of sec. 2886. CHEF had focused exclusively on postsecondary education in Vermont. The repeal of CHEF and the enactment of sec. 2905 broadened the scope of the mandate to include Prekindergarten to grade 12 (and changed the name of the body to its current name). That broadened focus seemed to impair the functionality of the body and it slowly but surely became less and less active.*

*Elements of the Council's mandate continue to be important and compelling. Some may have been taken up by other public bodies and studies (e.g., the recently established Select Committee on the Future of Public Education in Vermont), and there are a number of ongoing efforts focused on various aspects of PreK-16 education and workforce development.*

5. How well is the board or commission performing in executing that purpose? What evidence can you provide to substantiate that performance?
6. If the purpose is still needed, can State government be more effective and efficient if the purpose was executed in a different manner?

7. If the purpose is still needed, do any of your board or commission's functions overlap or duplicate those of another State board or commission or federal or State agency? If so, is your board or commission still the best entity to fulfill the purpose?
8. Does the board or commission's enabling law continue to correctly reflect the purpose and activities of the board or commission?
9. Provide a list of the board and commission's last fiscal year expenditures including staffing costs. How are these funded?

*There were no such expenses, to the best of VSAC's knowledge.*

10. Is the board or commission required by law to prepare any reports or studies for the Legislature, the Governor, or any State agency or officer? If so, have those reports or studies been produced? Does the board or commission have ongoing reporting obligations?
11. How would you measure the performance of the board or commission?
