Subject: Proposed language from DMH for H. 315

Please see below for some suggested language that was just requested in committee from DMH. We would like to see the following added to two of the sections. Thank you so much for your consideration.

Section 4: Housing Supports: *The Department will partner with the Secretary's Office and the Department of Disabilities, Aging and Independent Living on ways to include SSAs outside of the DMH system. In addition, the Department, in consultation with the Department of Disabilities, Aging & Independent Living and designated agencies, specialized service agencies, and peer organizations.*

Section 5: *The Department will partner with the Department of Disabilities, Aging and Independent Living on ways to fund priority case management needs to SSAs outside of the DMH system.*

Don't hesitate to reach out if there are more questions,
Cheryle
