**Subject:** Conversion of Military Technicians  
**Attachments:** 160107 Letter CoG CoChairs to SASC HASC - RE Military Technicians FOR DE....pdf

Darren,

Attached is a letter from the Council of Governor's Co-Chairs to SASC and HASC. As you can see the CoG is opposed with language in NDAA 16 that mandates the conversion of 20% of our title 32 military technicians to title 5 technicians. In short this conversion would seriously degrade our military cohesion and ability to command in control during a state emergency. As the military advisor to the Governor I support the efforts of the CoG and I do not support this conversion. I am available to discuss more details as required.

v/r,

Steve

Washington, DC 20515

The Honorable Adam Smith  
Ranking Member  
Committee on Armed Services  
U.S. House of Representatives  
Washington, DC 20515

Dear Chairman McCain, Senator Reed, Chairman Thornberry and Representative Smith:

The Council of Governors (Council) strongly opposes Section 1053 of the fiscal year (FY) 2016 National Defense Authorization Act (NDAA) that requires conversion of certain Title 32 National Guard military technicians into Title 5 federal civilian employees beginning in calendar year 2017. As co-chairs of the Council, we write to urge you to repeal this provision in the FY 2017 NDAA.

Governors take our constitutional duty to protect our citizens and lead our National Guard very seriously. We are responsible for the safety and welfare of our citizens and are in the best position to manage our full-time military technicians.

The changes required by Section 1053 represent a serious shift in authority from governors, as commanders-in-chief of the National Guard in our states, to the federal government. The long-term effects of the provision would include reduced National Guard readiness and military cohesion, as well as increased federal and state costs. The provision undermines state management of a critically important part of our National Guard forces and reduces the number of personnel available to states during times of emergency.

Further, we are deeply concerned this provision was drafted without consultation or input from governors or their adjutants general. The Council was created to assist Congress and the Administration with exactly these types of issues. We look forward to working with you early in 2016 to correct this error and assist in the development of the FY 2017 NDAA.

Sincerely,

Governor Terry E. Branstad  
Co-chair

Governor Dannel P. Malloy  
Co-chair
