Subject: H566, H567, H568

Dear Representative Sweaney,

Mayor Miro Weinberger, Chief of Police Brandon del Pozo, and Kelly Dougherty, Executive Director of Women Helping Battered Women, as well as others that testified, have stated very compelling reasons for the passage of H566, H567, and H568. These are three gun safety laws that the people of Burlington believe are necessary for our safety. If you do not positively vote them out of committee, you are showing that the votes of 11 people have more impact on the laws that govern the City of Burlington than the 4,600+ city voters.

Thank you for your consideration of these bills.
