Governor Phil Scott will deliver remarks and present awards to students at the 2016 Vermont Entrepreneurship Week Student Awards Ceremony on Thursday, February 4, capping off a day of entrepreneurship-related activities. Students have worked hard to craft unique and meaningful messages that celebrate Vermont entrepreneurship.

This event marks the sixth annual Entrepreneurship Education Visual Media Competition, and is an important part of encouraging Vermont's youth to become excited about entrepreneurship. This competition plays an important role in developing the skills necessary for Vermont's next generation of producers, creators and innovators.
