Subject: RE: EB-5 PRA

Paul, I write regarding your public record act requests dated July 20, 2015. You have made requests for:

- “any records produced within the past year by the Executive Office of the Governor, ACCD or DFR in response to Public Records Act requests filed by VTDigger.org and its reporters relating to the EB-5 program and/or any aspect of the Northeast Kingdom Economic Development Initiative”
- all records “reflecting communications to, from or between the Securities and Exchange Commission (or its representatives) and the Executive Office of the Governor (or its representatives) regarding the EB-5 program and/or any aspect of the Northeast Kingdom Economic Development Initiative;”
- all records reflecting communications between ACCD employees concerning pending or potential Securities and Exchange Commission investigations, and
- “[a]ll records requests made by the SEC or its representatives — and any responsive material provided.”

The Governor’s Office has not produced EB-5 related records to VT Digger in the last year, and does not have communications between ACCD employees that are responsive to this request. In addition, no one in the Governor’s Office has had any contact with the SEC.

As a result, the Governor’s Office has no records responsive to these requests.

Thank you, and have a nice weekend.

Sarah
