

To all who will hear,

I am writing to voice my opposition to the VT 57 Abortion Bill. I do not argue that a woman has a right to decide what happens to her body but the baby she carries is not of her body. That baby has its own DNA, its own finger prints, its own heartbeat, etc.. The baby that she carries is a human being made in the image of his or her creator. That baby has every right to live that his or her mother has. This bill if passed allows one human being to decide whether another human being lives or dies. If we were talking about anything other than an unborn baby, our laws say it is illegal for one human to decide if another human lives or dies. If this bill becomes law, the question is: Where does it stop? Please do not pass VT 57.

Sincerely,

Andy Ickes, DMin.
Poultney, VT
