Leslie – have you seen anything from these districts yet?

Ken – I think it makes sense for Jen to reach out to them individually and let them know we disagree with the need to delay.

Hi Pepper,

We are just hearing now that the above five school districts are planning to send out a memo today to providers to the effect that they are “delaying Act 166 implementation” until clearances are received and that they will not accept CDD clearances. We don't know what “delaying implementation” means from their perspective and have not seen the communication.

We have drafted the attached memo to superintendents and are working on the language. Let me know if you have any thoughts.

Thanks,  
Leslie
