Subject: FW: Windsor Solar project

I'm not sure I knew this yet. Any info I should give to John or specific person I should refer him to?

Subject: Windsor Solar project

Hi, Scott,

We're told GMP is putting its proposed Windsor solar project on hold until there is more clarity over land management plan for the hundreds of acres there and what state agency will have jurisdiction, DBGS or Fish and Wildlife.

What can you tell us, or who is the point person for the state?

Thanks, story coming today.
