

FEMA

December 23, 2011

Jeb Spaulding
Governor's Authorized Representative
Pavilion Office Building
109 State Street
Montpelier, Vermont 05609-0201

Dear Mr. Spaulding:

This is in response to your December 15, 2011, request for a time extension to the deadline for submission of an appeal to the November 23, 2011, denial of a cost share adjustment to FEMA-4022-DR and FEMA-3338-EM from 75 percent federal and 25 percent non-federal to 100 percent federal for work associated with Public Assistance Categories A and B. You specifically requested that the deadline be extended to 60 days.

The basis for your request is that the extension is necessary as additional impacts and damage assessments continue to be gathered, fully interpreted, and understood.

In light of these extenuating circumstances, your request for an extension is approved until January 23, 2012. Should you have any questions or concerns regarding your deadline, please contact Don R. Boyce, Regional Administrator, FEMA Region I at (617) 956-7500.

Sincerely,

A handwritten signature in black ink, reading "Elizabeth A. Zimmerman", followed by a horizontal line.

Elizabeth A. Zimmerman
Deputy Associate Administrator
Office of Response and Recovery
