---

Paul, here's answers to your follow-up questions. You have asked for more information about when the Governor's Office requested use of the state plane but did not use the plane, and have asked for flight request forms with potential security-related information redacted – that information is attached and below. You have asked for more information about the non-state event the Governor attended on July 30th 2014. It was for a VFW fundraiser, as reported in some local press, and campaign-related event in Grand Isle, Vermont.

You have also asked whether there were state expenses involved in the Governor's trip to New York for the Adirondack Challenge. Other than potential security expenses, which we don't specify on a trip-by-trip basis pursuant to 1 VSA 317(c)(25), there were no state expenses for that trip.

Attached are all flight request forms with all passenger information redacted pursuant to 1 VSA 317(c)(25). The following requested trips did not occur due to maintenance of the state plane: 11/9/13, 11/13/13. The following requested trips did not occur due to weather: 6/3/14, 6/11/14, 7/7/14, 7/9/14, 7/28/14. Information about each of these requests is contained in the attached forms. These are the only flight requests filed by the Governor's Office for use of the state plane. We don't keep track of times the Governor's scheduler makes a preliminary inquiry into the availability of pilots or plane for purposes of putting together his schedule.

Hope the above is helpful to you. If you feel any information related to your follow-up requests has been withheld in error, you may appeal to the Governor's Chief of Staff at [elizabeth.miller@state.vt.us](mailto:elizabeth.miller@state.vt.us). In addition, Sue offered to follow up if you have any further questions.

Sincerely,

Sarah
