7. **Discussion Items:**

Mr. Klein informed the Board about attending the American Association of Veterinary State Boards meeting in September. He said it was a well-attended and informative meeting.

Continuing Education database updates – The Board held a discussion regarding their current CVME list that is posted on the website. The Board decided that they would only list approved providers and not the individual courses as they are quickly outdated. Dr. Wheeler requested the Board consider adding the Allied Organizations to the approved provider list as they were previously included in the Administrative Rules, but inadvertently omitted in the rules change. Ms. York made a motion to accept the list of Constituent Allied Organizations as Board approved Continuing Veterinary Medical Education providers. Dr. Boardman seconded the motion. Motion passed. Ms. Morrison will update the list accordingly and post to the website. In reviewing the education approval policy previously created by the Board, and posted to the website Ms. Morrison noted the administrative rule reference was no longer correct. Mr. Novins agreed it was acceptable to remove this policy from the Board's website as with the new Rules changes the policy was now incorrect and outdated. Ms. Morrison will update the website accordingly.

Proposed Amendment to Continuing Education Rule – Letters from Mark Cushing. The Board reviewed Mr. Cushing's request to add four organizations to the approved provider list. Dr. Boardman made a motion to add the four organizations requested to the approved provider list. Ms. York seconded the motion. Motion passed. Ms. Morrison will update the list accordingly.

Dr. Boardman addressed the Board regarding a notice he had received for changes in New Hampshire's controlled substance policy. The policy states that all Veterinarians who dispense schedule 2-5 drugs to New Hampshire residents must report to the New Hampshire prescription monitoring program. Mr. Klein recommended issuing a prescription for the client to fill instead of dispensing directly to the patient. The Veterinarian would then not have to report the New Hampshire prescription Monitoring System

Dr. Wheeler requested Mr. Klein include information regarding the federal Veterinarian Mobility Act that was signed into law August 1, 2014 in the newsletter. The new law makes it legal for mobile Veterinarians to carry controlled substances in their transport vehicles.

8. **Election of Officers**

Dr. Boardman made a motion to re-elect the current slate of officers, Dr. Wheeler – chair, Dr. Yankauskas – vice-chair and Dr. Canales – secretary, for the next year. Ms. York seconded the motion. Motion passed.

9. The next meeting is scheduled for **Thursday, December 11, 2014** at 9:00 am. Ms. Morrison also provided the Board with the 2015 meeting dates so they can review and adjust at the December meeting if necessary.
10. Ms. York made a motion to adjourn, seconded by Dr. Boardman. Motion passed. The meeting adjourned at 12:06 pm.
