

Dear Ms. Diehl,

Please accept my written testimony against H566, H567, and H568.

H566, H567, and H568 are in direct violation of V.S.A. Title 24 Chapter 061 Section 02295 - more commonly known as the Vermont Sportsmen's Bill of Rights. This statute serves the people of the entire state of Vermont. Therefore, this is not a question of local control or enacting the will of the people. It is a question of protecting a state statute that has come under siege. It is a question of upholding the rule of law.

As a lifelong resident and taxpayer in the state of Vermont, I stand firm in my opposition to any attempt to undermine the Vermont Sportsmen's Bill of Rights and Article 16 of the Vermont Constitution.

In Freedom and Unity,
Joshua J Burlette
