Citation with notice of rights and contact information for screener given to defendant

Monitor receives arrest email notification, determines eligibility. Calls/texts defendant if defendant has not contacted monitor.

Monitor conducts Risk Assessment & Needs Screening. Monitor provides: feedback; brief intervention and referral to treatment /other resources

Monitor provides summary reports to Prosecutor who uses discretion to offer Precharge Plan. Precharge plan includes compliance monitoring, criminogenic need interventions. If no Precharge, then .....

SA files charges together with the screening results

If no risk assessment /needs screening occurred pre-arraignment then a voluntary may be arranged at any point.

If defendant was given the option to screen but declined, court may proceed directly to arraignment.

Court issues Conditions of Release which may include: Clinical Mental Health and Substance Use Assessment; following recommendations; and pretrial monitoring.

If monitoring is ordered as a COR , Monitor will report non-compliance to court.

Monitor's reports can influence VCR charges and/or sentencing
